**Supplements**, 2000      **Quick Access Patient Information on Conditions, Herbs & Smoking** Paul Slovic, 2001-05-23 This important book reveals why the young start smoking and why as adults they regret having started It is a great contribution to helping end a national epidemic CHERYL HEALTON President CEO American Legacy Foundation This book is a must for everyone concerned about how to address the problem of tobacco use among young people Virtually all new smokers are children Many of them are in their early teens and one out of every three children who begin to smoke will die prematurely because of their use of tobacco This book includes the most objective thorough and authoritative research to date on the critical question about whether young people fully understand the consequences of their decision to smoke at the time they start and whether they are able to make rational decisions about this vitally important decision It leaves the reader with no doubt about the value of efforts to better educate our young people and to empower them to resist the lure of tobacco marketing MATTHEW MYERS President Campaign for Tobacco Free Kids Do individuals really know and understand the risks entailed by their smoking decisions The question is particularly important in the case of young persons because most smokers start during childhood and adolescence After years of intense publicity about the damages of smoking it is generally believed that every teenager and adult in the U S knows that smoking is dangerous to health thus decisions to smoke are informed choices This book presents a counter view based on a survey of several thousand young persons and adults probing attitudes beliefs feelings and perceptions of risk associated with smoking The authors agree that young smokers give little or no thought to health risks or the problems of addiction The survey data contradicts the model of informed rational choice and underscores the need for aggressive policies to counter tobacco firms marketing and promotional efforts and to restrict youth access to tobacco      **Smoking Prevention and Cessation** Mirjana Rajer, 2018-12-05 Smoking was and remains one of the most important public healthcare issues It is estimated that every year six million people die as a result of tobacco consumption Several diseases are caused or worsened by smoking different cancer types heart disease stroke lung diseases and others In this book we describe the different toxic effects of smoke on the human body in active and in passive smokers It is also well known that many people who smoke wish to quit but they rarely succeed Smoking prevention and cessation are of utmost importance thus we also describe different strategies and aspects of these issues We hope that this book will help readers to understand better the effects of smoking and learn about new ideas on how to effectively help other people to stop smoking      **How to Quit Smoking in Simple Steps! The best easy ways to stop smoking(quit smoking tips, quit smoking naturally, benefits of quitting smoking)** Richard Foreman, 2015-04-10 Take note that it will be almost impossible for you to tackle this issue alone You definitely need to enlist the help of your family and your loved ones so you can finally claim victory for this battle against smoking There are numerous benefits that you can derive just by reading and understanding the contents of this book For one thing your raised awareness will help you appreciate the mechanisms of how smoking adversely affects your system This awareness can help

you have reinforced resolve to continue with your plan to quit smoking Also the book offers benefits that you can have from quitting this habit In the long run this can serve as your motivation to continue with your struggle to quit smoking for good As for the treatment regimens that you can see in this book it will be easier for you to openly discuss the topic with your physician because you know what your possible choices for intervention are Also this can help you play a proactive role in your treatment of your nicotine addiction Expressing your intent to quit smoking and proceeding to do so won't be easy especially if you have been smoking for a very long time However you can overcome this habit if you are fully equipped with the right knowledge and discipline What you need to do now is use the strategies in the book to create your action plan Pick your quit date and start making the necessary preparations to succeed I'm telling you this is so possible I know it sounds impossible in your mind I felt exactly the same way when I tried to quit Your mental fortitude will surprise you and when you start to feel the results you will question why you ever started smoking in the first place Save your life Quit Smoking Now Here Is A Preview Of What You'll Learn Inside The Real Cost of Smoking Benefits of Quitting How to Avoid Smoking Tips on Quitting Smoking Managing Weight Gain after Quitting and the Essential Quitters Diet Much much more What are you waiting for Take Action Right Away and Start to Breathe Better Live Better Download your copy today for cheap price
