Decorating with buttercream flowers A complete step-by-step guide to placing flowers on cake icing and taking the art of cake decorating to new heights. ,2024-06-03 Introduction This book is like our cake journey If you have read our first book The Contemporary Buttercream Bible you will remember our first ever buttercream encounter we piped a sunflower using a Ziploc bag as an improvised piping bag The results were not great But then we put clear tape around the end of the bag and cut a V shape for an instant nozzle and a few moments after Queen of Hearts Couture Cakes was founded From that first beautiful sunflower cupcake we instantly became obsessed with piping We learned how to pipe two more flowers then five then eight and now 100 Our love of colour has made us treasure beautiful flowers as inspirations for planning our cake designs A few years ago we started our Flowers To Do List as a prompt to try to learn how to pipe as many flowers as we could but we never really thought that the day would come when we would reach our target of 100 flowers and fulfil our ambition to put them in a book The flowers here are all inspired by real flowers Despite the fact that there are specific nozzles to use for so many different effects there have still been some limitations in achieving anatomically correct flowers This though does not affect the beauty of all the edible masterpieces in this book Three years ago we were scared to work on anything bigger than a cupcake because we thought a full sized cake would be too complicated but as we practised we gained confidence and became brave enough to decorate a small cake and now we re happy to tackle multi tiered cakes So we thought in this book we would also start small by decorating cupcakes and by the end of it we hope that you too will find yourselves decorating towering cakes We have also included five full sized cake projects in this book to show you how to apply your newly found piping skills on a bigger scale Furthermore we have showed how to pipe the flowers in clusters because this is a technique in itself To pipe a single flower is easy but to group them can be challenging so we ve got this covered for you Creative Cake Decorating Giovanna Torrico,2020-11-03 Simple instructions for gorgeous cakes cupcakes and cookies decorate them with fillings frostings piping sugarpaste and more Whether you are a beginner or an experienced baker this book is designed to provide you with all the baking and decorating techniques you ll need to become a confident and creative cake cupcake and cookie maker With easy to follow recipes and advice about essential tools experienced cake decorator Giovanna Torrico guides you through the planning and preparation stages including baking and icing tips and how to layer and stack a cake Using stylish designs and handcrafted edible flowers and animals you can create personalized masterpieces for all occasions including Chocolate truffle cake Red velvet cake Ganache variations Italian meringue And so much more Achieve stunning results every time with Creative Cake Decorating **Creature Cookies** Autumn
