Suicide Or Surrender:

Suicide . . . Or Surrender? Debra J. Surgeoner, 1993-01-01 **Conflict in Ancient Greece and Rome** Sara Elise Phang, Iain Spence Ph.D., Douglas Kelly Ph.D., Peter Londey Ph.D., 2016-06-27 The complex role warfare played in ancient Greek and Roman civilizations is examined through coverage of key wars and battles important leaders armies organizations and weapons and other noteworthy aspects of conflict *Conflict in Ancient Greece and Rome* The Definitive Political Social and Military Encyclopedia is an outstandingly comprehensive reference work on its subject Covering wars battles places individuals and themes this thoroughly cross referenced three volume set provides essential support to any student or general reader investigating ancient Greek history and conflicts as well as the social and political institutions of the Roman Republic and Empire The set covers ancient Greek history from archaic times to the Roman conquest and ancient Roman history from early Rome to the fall of the Western Roman Empire in 476 CE It features a general foreword prefaces to both sections on Greek history and Roman history and maps and chronologies of events that precede each entry section Each section contains alphabetically ordered articles including ones addressing topics not traditionally considered part of military history such as noncombatants and war and gender followed by cross references to related articles and suggested further reading Also included are glossaries of Greek and Latin terms topically organized bibliographies and selected primary documents in translation **The Harvard Advocate** , 1887 **The Weekly Underwriter** , 1912 [Mass Suicides on Saipan and Tinian, 1944](#) Alexander Astroth, 2019-03-28 When the Americans invaded the Japanese controlled islands of Saipan and Tinian in 1944 civilians and combatants committed mass suicide to avoid being captured Though these mass suicides have been mentioned in documentary films they have received scant scholarly attention This book draws on United States National Archives documents and photographs as well as veteran and survivor testimonies to provide readers with a better understanding of what happened on the two islands and why The author details the experiences of the people of the islands from prehistoric times to the present with an emphasis on the Japanese Okinawan Korean Chamorro and Carolinian civilians during invasion and occupation *The Long Civil War* John David Smith, Raymond Arsenault, 2021-07-20 Expands the range of what we consider the Civil War temporally geographically conceptually It features exceptional high quality essays Patrick A Lewis author of *For Slavery and Union* In this wide ranging volume eminent historians John David Smith and Raymond Arsenault assemble a distinguished group of scholars to build on the growing body of work on the Long Civil War and break new ground They cover a variety of related subjects including antebellum missionary activity and colonialism in Africa the home front the experiences of disabled veterans in the US Army Veteran Reserve Corps and Dwight D Eisenhower s personal struggles with the war s legacy amid the growing civil rights movement The contributors offer fresh interpretations and challenging analyses of topics such as ritualistic suicide among former Confederates after the war and whitewashing in Walt Disney Studios historical Cold War era movies Featuring many leading figures in the field *The Long*

Civil War meaningfully expands the focus of mid nineteenth century history as it was understood by previous generations of historians An excellent collection of original well researched lucidly written and forceful essays representing cutting edge scholarship that stretches the traditional boundaries of the American Civil War era Individually the essays stand on their own as some of the very best work by talented scholars Taken together the essays confirm the merit of approaching and interpreting the Civil War era in the most expansive ways possible Michael Parrish Linden G Bowers Professor of American History at Baylor University

Imprisoning the Enemy Nikolaos Theotokis, 2024-11-30 Offers a vivid examination of Axis prisoners of war during World War II detailing their experiences circumstances and the complexities of their captivity in various theatres from 1940 to 1945 Prisoners of war POWs are an important part in the history of the Second World War Nikolaos Theotokis in this vividly written book examines the subject taking a closer look at the hundreds of thousands of Axis military personnel including women mostly German who were held in POW camps POW cages prisons or forced labor camps after being captured by or surrendering to Allied forces between 1940 and 1945 in the North African European and Pacific theaters of operations Hundreds of cases of officers of the Wehrmacht and the SS as well as of the Royal Italian and the Imperial Japanese Armies have been grouped by the author in two main categories those who were taken prisoner by Allied forces and those who surrendered to them This is not a book about military might but about people many of whom were proven innocent victims of circumstance Officers who committed suicide to avoid capture and others who were charged and punished as war criminals are separately presented along with a great number of foreign volunteers who were captured by or surrendered to Allied forces during the war after joining units of the German or the Japanese Armies Members of the military and secretarial staff of Adolf Hitler who were imprisoned after the German capitulation are also highlighted in the book along with cases of high ranking officers in co belligerent Romania who were harshly punished by their country s post war communist authorities for being anti communists and for having fought against the Red Army Another category also examined by the author are the German prisoners who were handed over to Joseph Stalin by the western Allies in May 1945 as a gesture of friendship although the Soviet Union had not signed the Geneva Convention This book is a concise authoritative account of the Axis POWs being also an unrivaled source of information on the subject

The Bankers', Insurance Managers', and Agents' Magazine, 1926

Bridging the Atomic Divide Harry J. Wray, Seishiro Sugihara, 2018-11-29 Harry Wray and Seishiro Sugihara transcend the one sided Tokyo Trial view of the war in an effort to conduct a balanced exchange on historical perception This will be of interest equally to both those inside and outside Japan who are perplexed by Japan s victimization consciousness Through this impassioned and heartfelt dialogue Wray challenges theories embraced by some Japanese who believe that the US simply used the atomic bombings to make the Soviet Union manageable in the Cold War as alleged by the Hiroshima Peace Museum and in Japanese school history textbooks They ask why it is the Japanese people don t recognize how the atomic bombings not only spared the further sacrifice of American and

Japanese lives by accelerating the end of the war but also prevented a wide scale Soviet invasion of the Japanese mainland had the war continued into the latter half of 1945 While early censorship of writings about Hiroshima and Nagasaki both outright and self imposed continued through the Occupation Sugihara proposes that long after the Americans had packed up and gone home the Foreign Ministry established and nurtured a postwar paradigm which rendered open and critical discussion of war related issues such as Pearl Harbor and the atomic bombings impossible for the Japanese public It is no wonder then that Japanese attitudes towards the atomic bombings remain mired in victimization myths Uniquely Wray and Sugihara attempt to persuade the Japanese to reexamine their attitudes to Hiroshima and Nagasaki to show that the atomic bombings perversely brought a swift end to the war and helped Japan escape the act of partition which afflicted postwar Germany and remains an intractable problem in a divided Korea

[Truth Works \(English\)](#) Sankarsana Dasa Adhikari,2018-01-01 Truth Works is a collection of questions and answers from Sankarshan Das Adhikari s online Ultimate Self Realization Course from the years 2003 through 2007 He offers insights based on Vedic wisdom on a wide variety of subjects reincarnation demigods gurus spiritual food and how to lead a spiritual lifestyle in the material world

The Insurance Year Book... ,1903

Blood and Ruins Richard Overy,2022-04-05 Monumental A vast and detailed study that is surely the finest single volume history of World War II Richard Overy has given us a powerful reminder of the horror of war and the threat posed by dictators with dreams of empire The Wall Street Journal A thought provoking and original reassessment of World War II from Britain s leading military historian A New York Times bestseller Richard Overy sets out in Blood and Ruins to recast the way in which we view the Second World War and its origins and aftermath As one of Britain s most decorated and respected World War II historians he argues that this was the last imperial war with almost a century long lead up of global imperial expansion which reached its peak in the territorial ambitions of Italy Germany and Japan in the 1930s and early 1940s before descending into the largest and costliest war in human history and the end after 1945 of all territorial empires Overy also argues for a more global perspective on the war one that looks broader than the typical focus on military conflict between the Allied and Axis states Above all Overy explains the bitter cost for those involved in fighting and the exceptional level of crime and atrocity that marked the war and its protracted aftermath which extended far beyond 1945 Blood and Ruins is a masterpiece a new and definitive look at the ultimate struggle over the future of the global order which will compel us to view the war in novel and unfamiliar ways Thought provoking original and challenging Blood and Ruins sets out to understand the war anew

Care of the Suicidal Person John R. Cutcliffe,Chris Stevenson,2007-01-01 This title is directed primarily towards health care professionals outside of the United States This book is based on a three year qualitative study a study that was funded by the United Kingdom Department of Health that investigated how psychiatric nurses provided care for suicidal people Drawing on service user data this book contains and explains an evidence based empirically induced theory of how to care for suicidal people Far from being an esoteric theory with no clinical applicability

the findings captured in this book are grounded in the reality of day to day practice Furthermore in addition to tracing the role of nurses in caring for suicidal people the authors use their findings to launch into formal level issues regarding future research education and policy as well as focusing on the ethical issues involved in care of the suicidal person The authors close by shifting the focus on suicide survivors and with the help of contributing authors As the eminent suicidology scholars who have generously provided their Forewords note this is a must read book for anyone involved in the care of the suicidal person

1945- DAY BY DAY CHRONOLOGY Ruben Ygua, 2025-08-19 Traditional methods of studying the past have always given greater importance to nationalist religious and moral interests which subordinated the historical fact to the System point of view That s how we have been educated The time has come to simplify and show respect for our ancestors striving to know what really happened in the past and not just what they want to inform us about After so many years of studying History I came to the conclusion that the best study system is through an impartial objective Chronology that just put each event in its exact place in time revealing History without manipulation This Chronology contains not only purely political facts such as the foundation of cities the birth of kingdoms and empires scientific and geographical discoveries natural disasters and epidemics it also includes information on the most different fields of human activity chemistry astronomy geography mathematics and so on In parallel the chronology is complemented by data that do not belong to a specific date but to an entire epoch they are each society generalities curiosities customs the religion of each civilization inventions or discoveries that cannot be placed in an exact date etc The result of all this set is one of the most complete chronologies within its reach periodically updated with the latest archaeological and scientific discoveries and that transforms the reader into an eyewitness of the past understanding the relation of geographically distant facts to each other but closely connected in time and influencing unexpected consequences This is something that traditional history has generally ignored when it was not usable A work of this magnitude could not be published in a single book so I have divided it into several collections and the Spanish originals are being translated into French English Italian and Portuguese The chronology goes from prehistory to the present day year by year as far as possible For those who prefer a deeper and more detailed study I have prepared a second chronology day by day this for now covers from 1789 to 1946 divided into five collections

Autobiography and the Psychological Study of Religious Lives, 2008-01-01 This volume positions itself on the cutting edge of two fields in psychology that enjoy rapidly increasing attention both the study of human lives and some core domains of such lives as religion and spirituality are high on the agenda of current research and teaching Biographies and autobiographies are being approached in new ways and have become central to the study of human lives as an object of research and a preferred method for obtaining unique data about subjective human experiences Ever since the beginning of the psychology of religion autobiographies have also been pointed out as an important source of information about psychic processes involved in religiosity In this volume a number of leading theoreticians and researchers from Europe and the USA

try to bring them back to this field by drawing on new insights and latest developments in psychological theory

Psychological Aspects of Crisis Negotiation Thomas Strentz, 2012-05-17 While there are many books on crisis negotiation most of the current literature focuses on the history and mechanics of this dynamic process leaving out critical elements that are required for a successful encounter with a hostage taker or other malefactor **Psychological Aspects of Crisis Negotiation** Second Edition explores the methods and strategies for confronting the nine types of subjects typically encountered in hostage suicide sieges by correctional staff and law enforcement crisis negotiators Drawn from articles published by Thomas Strentz while serving at the FBI Academy along with written versions of lectures developed and delivered since his retirement the book highlights psychological dynamics of negotiations as they apply to the negotiator the hostage and the subject It discusses the predictors of surrender versus the need for a tactical intervention and examines the phases of a hostage crisis and the changing focus as the crisis develops Referencing historical events such as The Bay of Pigs invasion and the Challenger and Columbia incidents the book demonstrates how faulty group decision making can spell tragedy Enhanced with case studies to put the material into context this second edition also includes new chapters on the first responder hostage survival and the Islamic belief system and culture Steeped in sage advice from a national expert this volume arms those tasked with confronting dangerous offenders with the knowledge and tools they need to subvert disaster and ensure the preservation of human life Articles were reviewed by the Academy Editorial Review Board and approved by the Bureau for publication *Insurance and Financial Gazette* ,1901 Reports of cases heard and determined in the Appellate Division of the Supreme Court of the State of New York ,1928 *Reports of Cases Heard and Determined in the Appellate Division of the Supreme Court of the State of New York* New York (State). Supreme Court. Appellate Division,1928
 Digest of Insurance Cases ,1911
