Indian Anglophone authors of his generation his individual works have been widely reviewed yet his work has rarely been approached as a whole and remains surprisingly understudied Perhaps the chief reason for the paucity of critical response to the full compass of Seth's work is his disregard for intellectual fashion Indeed Seth is at once very popular and deliberately unfashionable His literary affiliations are conservative seemingly uninterested in any revisionary narrative he is equally unconcerned by the interpenetration of cultures in our globalized world representing assimilation rather than cultural difference He defies the expectations of both postcolonial and world literature therefore to discuss his critical neglect is to shed light on the limitations of these labels As the most thorough attempt to map a general poetics in Seth's work this study the first of its kind on this writer develops a new critical methodology to capture the nuances of Seth's literary strategies It provides scholars and students insight into the key features of Seth's work and uncovers a consistent authorial strategy running through his seemingly disconnected body of work namely a systematic use of intertextual practices
