energy and excitement of the city itself while celebrating New York as both a place and an idea      *The Life & Letters of Peter Ilich Tchaikovsky* Modeste Tchaikovsky, 2020-09-28 IN offering to English and American readers this abridged edition of *The Life and Letters of Peter Ilich Tchaikovsky* my introduction must of necessity take the form of some justification of my curtailments and excisions The motives which led to this undertaking and the reasons for my mode of procedure may be stated in a few words In 1900 I published a volume dealing with Tchaikovsky which was I believe the first attempt to embody in book form all the literature scattered through the byways of Russian journalism concerning the composer of the Pathetic Symphony In the course of a year or two the book having sold out in England and America a proposal was made to me to prepare a new edition Meanwhile however the authorised *Life and Letters* compiled and edited by the composer's brother Modeste Ilich Tchaikovsky was being issued in twenty five parts by P I Jurgenson of Moscow This original Russian edition was followed almost immediately by a German translation published in Leipzig by the same firm In November 1901 the late P I Jurgenson approached me on the subject of a translation but his negotiations with an American firm eventually fell through He then requested me to find if possible an English publisher willing to take up the book Both in England and America the public interest in Tchaikovsky seemed to be steadily increasing Frequent calls for copies of my small book by this time out of print testified that this was actually the case An alternative course now lay before me to revise my own book with the help of the material furnished by the authorised *Life and Letters* or to take in hand an English translation of the latter The first would have been the less arduous and exacting task on the other hand there was no doubt in my mind as to the greater value and importance of Modeste Tchaikovsky's work The simplest and in many ways most satisfactory course seemed at first to be the translation of the Russian edition in its entirety Closer examination however revealed the fact that out of the 3 000 letters included in this book a large proportion were addressed to persons quite unknown to the English and American publics while at the same time it contained a mass of minute and almost local particulars which could have very little significance for readers unversed in every detail of Russian musical life      Tschaikovsky His Life and Works ,      **Tchaikovsky** Rosa

Newmarch, 2002-12 Originally published in 1899 and revised in 1908 this is a complete classic account of works copious analyses of important works analytical and other indices also supplement dealing with *The Relation of Tchaikovsky to Art Questions of the Day* by Edwin Evans The work also includes extracts from his writings and the diary of his tour abroad in 1888 Rosa Newmarch was a well known of English music writer and annotator and a President of the Royal College of Music This title is cited and recommended by Books for College Libraries and Catalogue of the Lamont Library Harvard College

**The Life & Letters of Peter Ilich Tchaikovsky** , 2021      **Networking the Russian Diaspora** Hon-Lun Helan Yang, Simo Mikkonen, John Winzenburg, 2020-09-30 *Networking the Russian Diaspora* is a fascinating and timely study of interwar Shanghai Aside from the vacated Orthodox Church in the former French Concession where most Russian migrants resided Shanghai today displays few signs of the bustling settlement of those years Russian musicians established the first

opera company in China as well as choirs bands and ensembles to play for their own and other communities Russian musicians were the core of Shanghai's lauded Municipal Orchestra and taught at China's first conservatory Two Russian migr composers in particular Alexander Tcherepnin and Aaron Avshalomov experimented with incorporating Chinese elements into their compositions as harbingers of intercultural music that has become a well recognized trend in composition since the late twentieth century The Russian musical scene in Shanghai was the embodiment of musical cosmopolitanism anticipating the hybrid nature of twenty first century music arising from cultural contacts through migration globalization and technological advancement As a pioneering study of the Russian community Networking the Russian Diaspora examines its musical activities and influence in Shanghai While the focus of the book is on music it also gives insight into the social dynamics between Russians and other Europeans on the one hand and with the Chinese on the other The volume coauthored by Chinese music specialists makes a significant contribution to studies of diaspora cultural identity and migration by casting light on a little studied area of Sino Russian cultural relations and Russian influence in modern China The discoveries stretch the boundaries of music studies by addressing the relational aspects of Western music how it has articulated national and cultural identities but also served to connect people of different origins and cultural backgrounds
