Empress of the East Leslie Peirce, 2017-09-19 The fascinating lively story of the Russian slave girl Roxelana who rose from concubine to become the only queen of the Ottoman empire New York Times In *Empress of the East* historian Leslie Peirce tells the remarkable story of a Christian slave girl Roxelana who was abducted by slave traders from her Ruthenian homeland and brought to the harem of Sultan Suleyman the Magnificent in Istanbul Suleyman became besotted with her and foreswore all other concubines Then in an unprecedented step he freed her and married her The bold and canny Roxelana soon became a shrewd diplomat and philanthropist who helped Suleyman keep pace with a changing world in which women from Isabella of Hungary to Catherine de Medici increasingly held the reins of power Until now Roxelana has been seen as a seductress who brought ruin to the empire but in *Empress of the East* Peirce reveals the true history of an elusive figure who transformed the Ottoman harem into an institution of imperial rule **An Underground Education** Richard

Zacks, 2010-10-06 The best kind of knowledge is uncommon knowledge Okay so maybe you know all the stuff you re supposed to know that there are teenier things than atoms that Remembrance of Things Past has something to do with a perfumed cookie that the Monroe Doctrine means we get to take over small South American countries when we feel like it But really is this kind of knowledge going to make you the hit of the cocktail party or the loser spending forty five minutes examining the host s bookshelves Wouldn t you rather learn things like how the invention of the bicycle affected the evolution of underwear Or that the 1949 Nobel Prize for Medicine was awarded to a doctor who performed lobotomies with a household ice pick Or how Catherine the Great really died Or that heroin was sold over the counter not too long ago For the truly well rounded intellectual nothing fascinates so much as the subversive the contrarian the suppressed and the bizarre Richard Zacks auto didact extraordinaire has unloosed his admittedly strange mind and astonishing research abilities upon the entire spectrum of human knowledge ferreting out endlessly fascinating facts stories photos and images guaranteed to make you laugh gasp in wonder and occasionally shudder at the depths of human depravity The result of his labors is this fantastically illustrated quasi encyclopedia that provides alternative takes on art business crime science medicine sex lots of that and many other facets of human experience Immensely entertaining and arguably enlightening *An Underground Education* is the only book that explains the birth of motion pictures using photos of naked baseball players Richard Zacks is the author of *History Laid Bare* *Love Sex and Perversity* from the Ancient Etruscans to Warren G Harding which was excerpted in classy magazines like *Harper s* and earned the attention of the even classier *New York Times* which noted that Zacks specializes in the raunchy and perverse The Georgia State Legislature voted on whether to ban the book from public libraries He has studied Arabic Greek Latin French Italian and Hebrew and received the Phillips Classical Greek Award at the University of Michigan He has also

told his publisher that he made a living in Cairo cheating royalty from a certain Arab country at games of chance although the claim remains unverified His writing has appeared in the New York Times The Atlantic Monthly Time Life Sports Illustrated The Village Voice TV Guide and similarly diverse publications Zacks is married and busy warping the minds of his two children Georgia and Ziegfield He resides in New York City and can be reached via e mail at rzacks echonyc com

Queens Around the World, 1520-1620 Dror Ze'evi,2024-12-05 This textbook explores the histories of royal women in Europe the Middle East and parts of Asia in the sixteenth and early seventeenth centuries It argues that by dint of an unprecedented conjunction of historical shifts and powerful personalities it was these women and not men who sat at the helm of global politics moreover it was they who in truth steered our world s transition from the Middle Ages to modernity Organized into chapters devoted to each of the era s great states the book sets out to challenge several historical premises First it shows that women were the actual if not always formally crowned sovereigns of these states or at least played a decisive role in shaping their policies Second the book dissolves the conventional dichotomy between East and West showing that in both Christian Europe and Islamdom women achieved their high status by means of similar strategies and at similar periods in history Third by demonstrating that there was a precedent for female authority long before the first harbingers of the women s movement in the eighteenth century the book calls into question received ideas about historical progress and the evolution of women s liberation

Slaves of the Shah Sussan Babaie,Kathryn Babayan,Ina Baghdiantz-MacCabe,Mussumeh Farhad,2004-07-23 The Savafid dynasty represented in political cultural and economic terms the pinnacle of Iran s power and influence in its early modern history The evidence for this the creation of a nation state military expansion and success economic dynamism and the exquisite art and architecture of the period is well known What is less understood is the extent to which the Safavid success depended on and was a product of a class of elite originating from outside Iran the slaves of Caucasian descent and the Armenian merchants of New Julfa in the city of Isfahan It was these groups bolstered by Shah Abbas the Great 1589 1629 and his successors who became the pillars of Safavid political economic and cultural life This book describes how these elites following their conversion to Islam helped to form a new language of Savafid absolutism It documents their contributions

financed by the Armenian trade in Safavid silk to the transformation of Isfahan's urban artistic and social landscape. The insights provided here into the multi-faceted roles of the Safavid royal household offer an original and comprehensive study of slave elites in imperial systems common to the political economies of the Mamluk Ottoman and Safavid courts as well as contributing to the earlier Abbasid Ghaznavid and Saljuq eras. As such, this book makes an original and important contribution to our understanding of the history of the Islamic world from the 16th to the 18th centuries and will prove invaluable for students and scholars of the period.

New and improved ser, 1839 *Monthly Review; Or, New Literary Journal* Ralph Griffiths, George Edward Griffiths, 1839 Constantinople Edmondo De Amicis, 2018-01-01 A remarkable nineteenth century account of Istanbul which begins with a dazzling description of the city gradually appearing through the fog as the author's ship approaches the harbour. Constantinople expertly combines personal anecdote, breathtaking visual observation and entertaining historical information. An invaluable record of the metropolis as it used to be, a fascinating crossroads between Eastern and Western civilization and one of the most cosmopolitan cities of its time as well as a vivid example of a European tourist's reaction to it, part delight, part incomprehension. This book will provide an enriching read for lovers of history or those planning to visit Istanbul themselves.

The Imperial Harem Leslie P. Peirce, 1993 The unprecedented political power of the Ottoman imperial harem in the sixteenth and seventeenth centuries is widely viewed as illegitimate and corrupting. This book examines the sources of royal women's power and assesses the reactions of contemporaries which ranged from loyal devotion to armed opposition. By examining political action in the context of household networks, Leslie Peirce demonstrates that female power was a logical, indeed an intended, consequence of political structures. Royal women were custodians of sovereign power, training their sons in its use and exercising it directly as regents when necessary. Furthermore, they played central roles in the public culture of sovereignty, royal ceremonial, monumental building and patronage of artistic production. *The Imperial Harem* argues that the exercise of political power was tied to definitions of sexuality. Within the dynasty, the hierarchy of female power, like the hierarchy of male power, reflected the broader society's control for social control of the sexually active. **Oriental**
