Langmead, Aliya Whiteley, 2025-04-29 A vibrant and emotional science fantasy about cousins trapped in mirrored worlds the resplendent and verdant summer city and the ice carved wastes of the winter city For fans of Every Heart a Doorway and This is How You Lose the Time War A beautifully strange and unique fable The Guardian's Best SF of 2024 on Aliya Whiteley A unique and memorable work The Guardian's Best SF of 2024 on Oliver K Langmead An elegantly told meditation on how we can't leave ourselves behind Esquire's 30 best SF Books of 2024 on Oliver K Langmead Welcome to Jamie Pike's Fairharbour a city stuck in perpetual winter its windows and doorways bricked shut to keep out the freezing cold its residents striving to survive in the arctic conditions Welcome to Esther Pike's Fairharbour a city stuck in constant summer its walls crumbling in the heat its oppressive sunlight a relentless presence Winter and Summer alike have both fallen under the yoke of oppressive powers that have taken control after the cataclysm But both Fairharbours were once a single united city And in certain places at certain times one side can catch a glimpse of the other As Jamie and Esther find a way to communicate across the divide they set out to solve the mystery of what split their city in two and what if anything might repair their fractured worlds **Hearings** United States. Congress. House. Committee on Banking and

Currency, 1965 *Culture and the City* Deborah Stevenson, Amie Matthews, 2013-09-13 This edited collection will examine the way in which cities are imagined experienced and shaped by those who reside within them those who manage or govern them and those who as visitor tourist or traveller pass through them Attention will be paid to the influence that these various inhabitants have on city life and living and the dialectic that exists between their sometimes collective and sometimes divergent perceptions and uses of city space In conjunction with this the collection will explore the ways in which local culture and cultural policy are used by public and private interests as the framework for changing the image and amenity of the city in order to raise its profile and attract tourists The book contributes to discussions of the increasingly high profile place that cultural programs have in urban regeneration initiatives and explore the tensions conflicts and negotiations that emerge in urban spaces as a result of policy and culture coming together Papers will be sought from researchers around the world with a view to examining the nexus between tourism leisure and cultural programming from a number of perspectives and with reference to a range of international case studies This book was published as a special issue of the Journal of Policy Research in Tourism Leisure and Events *Ground-up City* Liane Lefaivre, 2007 With Ground Up City author Liane Lefaivre has developed a theoretical model for tackling playgrounds as an urban strategy She starts with a historical overview of play and the ludic in art architecture and urban design focusing particularly on postwar playgrounds realized in Amsterdam as joint ventures between Aldo van Eyck Cornelis van Eesteren and Jakoba Mulder The architecture firm D IJ Atelier voor Bouwkunst explored the possibility of applying the model in two urban redevelopment areas in Rotterdam Oude Westen in the inner city and Meeuwenplaat in Hoogvliet an outlying postwar district refining it into a practical design strategy The

second part of the book provides a refreshing new look at play in a picture essay with reference images illustrating play as an urban phenomenon Ground Up Cityplaces the playground high on the agenda as an urban design challenge It also shows how specifying a generic academic model for a particular situation can lead to a practically applicable design resource

Introducing Public Administration Jay M. Shafritz, E. W. Russell, Christopher P. Borick, Albert C. Hyde, 2022-07-19 Now in an extensively revised tenth edition *Introducing Public Administration* provides students with the conceptual foundation they need while introducing them to important trends in the discipline This classic textbook blending historical accounts with contemporary events examines the most important issues in the field of public administration through the use

of examples from various disciplines and modern culture. Its approach of using extensive case studies at the end of each chapter encourages students to think critically about the nature, purpose, and public value of public administration today. Refreshed and revised throughout the tenth edition, it contains a number of critical updates for the field. All new case studies at the end of each chapter address various challenges, including social justice, climate change, action smart cities, transforming governmental institutions, and economic responses to the global pandemic. The case studies, many with legal dimensions, as well as cover emerging issues and are well suited for further research by students. Two chapters by contributing authors on 1. Social equity and justice covering contemporary challenges in the US from police reform to voting rights and homelessness, and 2. Public budgeting contrasting government fiscal efforts between two recessions, illuminating successes and failures with a case study on the federal government shutdown in 2019 over border wall funding. Keynotes at the start of each chapter to help introduce students to historical figures, contemporary dilemmas, and examples of public service in action, including subjects such as diversity and inclusion, marijuana legalization, organizational effects of remote work, and examining scenarios for the future. A completely rewritten concluding chapter on leadership, followership, and leading teams, with a discussion of destructive leadership types and a flipped case study on defining what leadership effectiveness is. Complete with a fully updated companion website containing instructor slides for each chapter, a chapter-by-chapter instructor's manual, and sample syllabus, student learning objectives, and self-test questions. *Introducing Public Administration* is the ideal introduction to the discipline for first-year, master's students, as well as for the growing number of undergraduate public administration courses and programs.

A Heart for the Community John Dr. Fuder, Noel Castellanos, 2012-03-21. Islam, gentrification, AIDS, and multiculturalism. Where do we face these realities? A few years ago it was in the city. But today many city dwellers are moving to the suburbs, either by choice or because of circumstances beyond their control. And this shift is changing both the urban and suburban landscape. With this shift in mind, editors John Fuder and Noel Castellanos have gathered together a team of experts to help you minister effectively in both the urban and suburban context. Divided into four sections: Critical Issues, Church Planting, Models, Ministering to Suburban Needs, and Para Church Ministries, *A Heart for the Community* is a rich resource designed to help you do ministry today.
