Sunday Talks At Coombe Springs:

Sunday Talks at Coombe Springs John Godolphin Bennett, 2002 Talks on Beelzebub's Tales John Godolphin Bennett, 2012-04-02 Bennett first read Beelzebub's Tales in 1948. He regarded it as a work of superhuman genius containing expressions of reality which by their very nature were bound to make severe demands on any reader. With Gurdjieff's approval, he undertook a series of lectures in London focusing on the essential meaning of Beelzebub's Tales. More than commentaries, these talks are an invitation into the deeper meanings of Gurdjieff's enigmatic tales. This book was compiled and arranged soon after the last years of Bennett's life by Anthony Blake. Now thirty years after that initial compilation, Blake gives us a new foreword with contemporary insights into the visionary message of Gurdjieff's tales to his grandson. Although Bennett's talks were intended to be a companion to reading and understanding Gurdjieff's masterwork, Anthony Blake's foreword allows even those unfamiliar with Gurdjieff's Tales to begin a journey into the depth of its meaning. **Classical Spirituality in Contemporary America** Michael S. Pittman, 2012-03-08 G. I. Gurdjieff (d. 1949) remains an important if controversial figure in early 20th-century Western Esoteric thought. Born in the culturally diverse region of the Caucasus, Gurdjieff traveled in Asia, Africa, and elsewhere in search of practical spiritual knowledge. Though oftentimes allusive, references to Sufi teachings and characters take a prominent position in Gurdjieff's work and writings. Since his death, a discourse on Gurdjieff and Sufism has developed through the contributions as well as critiques of his students and interlocutors. J. G. Bennett began an experimental Fourth Way school in England in the 1970s, which included the introduction of Sufi practices and teachings. In America, this discourse has further expanded through the collaboration and engagement of contemporary Sufi teachers. This work does not simply demonstrate the influence of Gurdjieff and his ideas but approaches the specific discourse on and about Gurdjieff and Sufism in the context of contemporary religious and spiritual teachings, particularly in the United States, and highlights some of the adaptive boundary crossing and hybrid features that have led to the continuing influence of Sufism. Empire's Son, Empire's Orphan Nile Green, 2024-07-02 A rollicking story of two literary fabulists who revealed the West's obsession with a fabricated exotic East. In the highbrow literary circles of the mid-twentieth century, a father and son spread seductive accounts of a mystical Middle East. Claiming to come from Afghanistan, Iqbal and Idries Shah parlayed their assumed identities into careers full of drama and celebrity, writing dozens of books that influenced the political and cultural elite. Pitching themselves as the authentic voice of the Muslim world, they penned picaresque travelogues and exotic potboilers alongside weighty tomes on Islam and politics. Above all, father and son told Western readers what they wanted to hear: audacious yarns of eastern adventure and harmless Sufi mystics' myths that, as the century wore on and the Taliban seized power, became increasingly detached from reality. *Empire's Son, Empire's Orphan* follows the Shahs from their origins in colonial India to literary London, wartime Oxford, and counterculture California via the Levant, the League of Nations, and Latin America. Nile Green unravels the conspiracies and pseudonyms, fantastical pasts, and

self aggrandizing anecdotes high stakes and bold schemes that for nearly a century painted the defining portrait of Afghanistan Iqbal and Idries convinced poets spies orientalists diplomats occultists hippies and even a prime minister that they held the key to understanding the Islamic world From George Orwell directing Muslim propaganda to Robert Graves translating a fake manuscript of Omar Khayyam and Doris Lessing supporting jihad Green tells the fascinating tale of how the book world was beguiled by the dream of an Afghan Shangri La that never existed Gambling with the currency of cultural authenticity Iqbal and Idries became master players of the great game of empire and its aftermath Part detective story part intellectual folly Empire's Son Empire's Orphan reveals the divergence between representation and reality between what we want to believe and the more complex truth

Idiots in Paris Elizabeth Bennett, John Godolphin Bennett, 2012-04-02 In 1949 JG Bennett was engaged in with Gurdjieff's help a titanic struggle with his own nature which he describes in these diaries However Elizabeth's entries which make up the bulk of this book give witness to conditions in Gurdjieff's circle at the end of his life an impartial description with very little self in it In 2012 when there are few people left alive who met and worked with the Armenian mystic philosopher G I Gurdjieff d 1949 it is all the more important to have such an honest eyewitness account as the one Elizabeth Bennett presents here Elizabeth's original introduction included in this new edition and the diaries themselves outline far better than any later commentator can the conditions in which Gurdjieff's pupils lived as satellites revolving round a brilliant sun This edition contains new material unpublished entries from Elizabeth Bennett's personal Paris diary and a 2008 Foreword by Elizabeth and John Bennett's son George Bennett

Nearly All and Almost Everything Mitzi DeWhitt, 2005 This musicological study by persuasive explanation shows how adhering to certain exact ratios and proportions music gains objective power The inquiry is scientific the solutions ingenious Following unexplored and unconventional lines the author brings together what on the surface appear to be three separate lines Judaism Hinduism and the Gurdjieff Work Their link is musical harmonics or the magical science of connection between sounds The failure of modern musicians to achieve the magical effects long ascribed to music by the ancients is due to the prevailing ignorance of those who know nothing about the objective laws on which music is based Ancient cultures knew how the laws of harmonics or what comes in between the tones could evoke metaphysical correspondences of a spiritual nature as did Gurdjieff The Hebrews encoded harmonics in their Tree of Life diagram the Hindus incorporated the potent musical information in a secretive Music of the Path and Gurdjieff enshrined it in the Enneagram symbol of the Work In this groundbreaking book the author presents a provocative and engaging picture of how these laws work The wealth of new information will have a profound impact on modern views of music and its laws

Gurdjieff Joseph Azize, 2020 This is the first analysis of all of Gurdjieff's published internal exercises together with those taught by his students George and Helen Adie It includes a

fresh biographical study of Gurdjieff with ground breaking observations on his relationships with P D Ouspensky and A R Orage especially why he wanted to collaborate with them and why that broke down It shows that Gurdjieff was fundamentally a mystic and that his contemplation like methods were probably drawn from Mt Athos and its hesychast tradition It shows the continuity in Gurdjieff's teaching but also development and change His original contribution to Western Esotericism lay in his use of tasks disciplines and contemplation like exercises to bring his pupils to a sense of their own presence which could to some extent be maintained in daily life in the social domain and not only in the secluded conditions typical of meditation It contends that he had initially intended not to use contemplation like exercises as he perceived dangers to be associated with these monastic methods and the religious tradition to be in tension with the secular guise in which he first couched his teaching As Gurdjieff adapted the teaching he had found in Eastern monasteries to Western urban and post religious culture he found it necessary to introduce contemplation His development of the methods is demonstrated and the importance of the three exercises in the Third Series Life Is Real only then when I Am is shown together with their almost certain borrowing from the exercises of the Philokalia G I Gurdjieff P D Ouspensky A R Orage George Adie *Mysticism Meditation Contemplation Fourth Way Hesychasm Western Esotericism* The Sunday School World, 1875 *A Memoir of Subud* Varindra Tarzie Vittachi, 1988 Lovers and Husbands and What-Not Reynold MacPherson, 2013 Who is this woman She was born in Leeds U K died in Kaitia New Zealand and appears in both the Dictionary of New Zealand Biography and the Bibliography of Australian Literature She was raised a Quaker converted to and campaigned for Islam had a life long interest in spiritualism and died a devout Catholic She made a foundational contribution to socialist feminist journalism in The Maoriland Worker using the principles of Christian socialism and Leninist Marxism She was an associate of Pat Lawlor and Robin Hyde helped lead the New Zealand Movement against War and Fascism before World War Two and then made a significant contribution to the American War Effort in the US during the war Answer Margaret L Macpherson *Lovers and Husbands and What not* is Margaret Macpherson's biography as written by her grandson Reynold Macpherson was born in the Far North of New Zealand He trained as a teacher and has travelled and worked around the world Dr Macpherson has taught mathematics held three chairs as a professor served as a CEO of a polytechnic institute a Chancellor and CEO at a university in the Middle East and helped with post conflict reconstruction in East Timor Although retired he serves internationally as a researcher and is deeply interested in his family history Dr Macpherson is a lifelong writer *Lovers and Husbands and What not* is the author's fourteenth book Publisher's website which includes a short informational video on this biography [http://sbpra.com/ReynoldMacpherso/Perspectives on Beelzebub's Tales and Other of Gurdjieff's Writings](http://sbpra.com/ReynoldMacpherso/Perspectives%20on%20Beelzebub's%20Tales%20and%20Other%20of%20Gurdjieff's%20Writings) Keith A. Moments of Truth Rachman Mitchell, 2018-06-07 When Rachman Mitchell was twenty three years old something happened that changed him forever and set him on a path of inner and outer adventure He received an experience called the latihan which gave a contact with his soul Around the latihan grew an organization called Subud which is spread across the

world Bapak was the bringer of the latihan Rachman Rohana and their children went to live near him in Indonesia and Rachman became his doctor This book relates stories along the way to getting to Indonesia being there with Bapak and facing challenges of adapting to the world again after returning to the West Rachman provides an inside view of what life was like in the early days in Jakarta when very personal contact with Bapak was possible His work as a doctor in Indonesia and elsewhere is an important theme and illustrates the development of a talent and a vocation over a long lifetime These are stories about a man learning how to live the mistakes he makes and the joys and calamities that are visited upon him and how he learns to become more tolerant more understanding and more compassionate less inclined to judgement They are a blend of intimate reminiscence and fireside chat being told with humility and humor Occult/paranormal Bibliography
