*Skittles: the Last Victorian Courtesan* Henry Blyth, 1970      The Fallen Woman in the Nineteenth-Century English Novel George Watt, 2016-07-22 A sympathetic view of the fallen women in Victorian England begins in the novel First published in 1984 this book shows that the fallen woman in the nineteenth century novel is amongst other things a direct response to the new society Through the examination of Dickens Gaskell Collins Moore Trollope Gissing and Hardy it demonstrates that the fallen woman is the first in a long line of sympathetic creations which clash with many prevailing social attitudes and especially with the supposedly accepted dichotomy of the two women This book will be of interest to students of nineteenth century literature and women in literature      *The Tender Passion* Peter Gay, 1999 The Tender Passion looks at the Victorian middle classes ideal and real notions of love      The Long Sexual Revolution Hera Cook, 2004-02-05 In this book Hera Cook traces the path of sexuality in England and shows how its route was determined by the gradual exertion of control over fertility Most sexual activity had major economic and social costs the most fundamental of which was the physical cost of children upon women s bodies Around 1800 birth rates reached historical heights Using a combination of demographic and qualitative sources Dr Cook examines the connection between the struggle to lower fertility and the increasing repression of sexuality throughout the nineteenth century Contraception became a viable option in the early twentieth century The book charts the resulting slow relaxation of attitudes to sexuality and the remaking of heterosexual physical behaviour culminating in the sexual revolution of the 1960s      **The Last of the Whigs** Patrick Jackson, 1994 The other two offers were in 1886 after Hartington had broken with Gladstone over Irish home rule and had led his Liberal Unionist supporters into an alliance with the Conservatives      *Women, Horse Sports and Liberation* Erica Munkwitz, 2021-07-13 Shortlisted for the 2022 Lord Aberdare Literary Prize This book is the first full length scholarly examination of British women s involvement in equestrianism from the eighteenth through the twentieth centuries as well as the corresponding transformations of gender class sport and national identity in Britain and its Empire It argues that women s participation in horse sports transcended limitations of class and gender in Britain and highlights the democratic ethos that allowed anyone skilled enough to ride and hunt from chimney sweep to courtesan Furthermore women s involvement in equestrianism reshaped ideals of race and reinforced imperial ideology at the zenith of the British Empire Here British women abandoned the sidesaddle which they had been riding in for almost half a millennium to ride astride like men thus gaining complete equality on horseback Yet female equestrians did not seek further emancipation in the form of political rights This paradox of achieving equality through sport but not through politics shows how liberating sport was for women into the twentieth century It brings into question what emancipation meant in practice to women in Britain from the eighteenth through twentieth centuries This is fascinating reading for scholars of sports history women s history British history and imperial history as well as those interested in the broader social gendered and political histories of the nineteenth and twentieth centuries and for all
