Skuld Och Makt En Kapitalistisk Historia:

Capitalist Restructuring, Globalization and the Third Way J. Magnus Ryner, 2003-09-02 This book addresses the contemporary debate about the third way in European social democracy by analysing the exemplar case of social democracy the Swedish model this book challenges the recent third way perspective The author argues strongly against the widely held belief that the nature of contemporary capitalist restructuring and globalisation has rendered traditional social democracy obsolete

The Other Canon of Economics, Volume 1 Erik Reinert, 2024-02-13 Other Canon Economics Essays in the Theory and History of Uneven Economic Development brings together key essays on development economics from one of the most prolific and important development economists and historians of economic policy today Erik S Reinert argues through essays ranging from 1994 to 2020 that neo classical economics damages developing countries the theory of comparative advantage leaves out a number of factors which make economic activities qualitatively different as carriers of economic growth Based on a long intellectual tradition started by the Italian economists Giovanni Botero 1589 and Antonio Serra 1613 and later used in virtually all presently industrialised countries Reinert shows that the country which exports increasing returns goods e g high end manufacture has advantages over the country which exports diminishing returns goods e g commodities This has important implications for today s development strategies that Reinert argues should be seen as industrial strategies
