Vienna Blood & Other Poems Jerome Rothenberg, 1980 Vienna Blood Other Poems is in some ways the most synthesizing of Jerome Rothenberg's recent collections pulling together work from the 1970s that stands apart from Poland 1931 1974 and A Seneca Journal 1978 yet at the same time continuing the enactment of past and present begun in those books But where before he chose to restrict his exploration to ancestral Jewish and Amerindian poetries Rothenberg now takes us on a series of broader journeys through the collapsed landscape of what he calls the new wilderness evoked as place as structure as mind Written both to be read quietly on the printed page and aloud in performance the poems in Vienna Blood though experimental and language centered are nevertheless the work of a poet who by his own admission is crazy for content make no mistake about it As if to underscore this point he has appended brief comments to most of the major sections of the book in order as he says to give it some context in the way of oral tradition usually reserved for poetry readings etc a little of which I now commit to writing
