Slavery In The Islamic Middle East Paperback By Marmon Shaun Elizabeth:

Slavery in the Islamic Middle East Shaun Elizabeth Marmon, John Hunwick, Robert O. Collins, David Ayalon, 1999
Slavery in Islamic Middle East examines the institution of slavery in Islam in a range of cultural settings It includes partial translation of the memoirs of the French physician Louis Frank **Slavery in the Islamic Middle East** Shaun Elizabeth Marmon, 1999 Slavery recognized and regulated by Islamic law was an integral part of Muslim societies in the Middle East well into modern times Recruited from the Abode of War by means of trade or warfare slaves began their lives in the Islamic world as deracinated outsiders described by Muslim jurists as being in a state like death awaiting resurrection and rebirth through manumission Many of these slaves were manumitted and some rose to prominence as soldiers and political leaders Others were not so fortunate Slaves of African origin in particular were often condemned to lives of menial labor Despite the importance of slavery in Islamic history this institution has received scant attention from scholars This volume examines the institution of slavery in Islam in a range of cultural settings *Domestic Slavery in Syria and Egypt, 1200-1500* Jan Hinrich Hagedorn, 2019-12-09 Slavery touched many aspects of Mamluk society This volume focuses on the role of slaves within the family from birth to purchase liberation and death It investigates domestic slavery in Syrian and Egyptian society from the thirteenth to the fifteenth century Jan Hagedorn focuses on the agency of slaves in the context of master slave relationships within households and in wider society He argues that the ability of slaves to shape the world around them was underpinned by a constant process of negotiation within the master slave relationship and that intermediaries such as the court system channelled the agency of slaves The principal sources for this study are purchase contracts listening certificates marriage contracts and estate inventories in combination with scribal market inspection and slave purchase manuals as well as chronicles *Slaves and Slave Agency in the Ottoman Empire* Stephan Conermann, Gül Şen, 2020-05-11 Slaves and Slave Agency in the Ottoman Empire offers a new contribution to slavery studies relating to the Ottoman Empire Given the fact that the classical binary of slavery and freedom derives from the transatlantic experience this volume presents an alternative approach by examining the strong asymmetric relationships of dependency documented in the Ottoman Empire A closer look at the Ottoman social order discloses manifold and ambiguous conditions involving enslavement practices rather than a single universal pattern The authors examine various forms of enslavement and dependency with a particular focus on agency i.e. the room for maneuver which the enslaved could secure for themselves or else the available options for action in situations of extreme individual or group dependencies *Transgressive Truths and Flattering Lies* Markus Schmitz, 2020-04-02 This book explores the formative correlations and inventive transmissions of Anglophone Arab representations ranging from early 20th century Mahjar writings to contemporary transnational Palestinian resistance art Tracing multiple beginnings and seminal intertexts the comparative study of dissonant truth making presents critical readings in which the notion of cross cultural translation gets displaced and strategic unreliability representational opacity or

matters of act advance to essential qualities of the discussed works aesthetic devices and ethical concerns Questioning conventional interpretive approaches Markus Schmitz shows what Anglophone Arab studies are and what they can become from a radically decentered relational point of view Among the writers and artists discussed are such diverse figures as Rabi Alameddine William Blatty Kahlil Gibran Ihab Hassan Jabra Ibrahim Jabra Emily Jacir Walid Raad Ameen Rihani Edward Said Larissa Sansour and Raja Shehadeh *The Black Eunuchs of the Ottoman Empire* George H. Junne, 2016-06-22 The Chief Black Eunuch appointed personally by the Sultan had both the ear of the leader of a vast Islamic Empire and held power over a network of spies and informers including eunuchs and slaves throughout Constantinople and beyond The story of these remarkable individuals who rose from difficult beginnings to become amongst the most powerful people in the Ottoman Empire is rarely told George Junne places their stories in the context of the wider history of African slavery and places them at the centre of Ottoman history *The Black Eunuchs of the Ottoman Empire* marks a new direction in the study of courtly politics and power in Constantinople *Book Review Index*, 2004 Every 3rd issue is a quarterly cumulation **G.K. Women of Jordan Amira El-Azhary Sonbol,2003-01-01 In the first book to address the dilemma faced by Jordanian women in the workforce Amira El Azhary Sonbol delineates the constraints that exist in a number of legal practices namely penal codes that permit violence against Muslim women and personal status laws that require a husband s permission for a woman to work Leniency in honor crimes and early marriage and motherhood for girls are other factors that extend the patriarchal power throughout a woman s life and ultimately deny her full legal competency Significantly Sonbol notes that society s accepting as Islamic the legal constraints that control women s work constitutes a major barrier to any effort to change them even though historically the Islamic sharia actually encourages women s work and despite the fact that Muslim women have contributed materially to their society s economy The author covers new ground as she effectively illustrates how Jordanian laws governing gender family and work combine with laws and legal philosophies derived from tribal traditional Islamic and modern laws to form a strict patriarchal structure

A History of Women's Seclusion in the Middle East Ann Chamberlin,2006 Internationally acclaimed author Ann Chamberlin s book A History of Women s Seclusion in the Middle East The Veil in the Looking Glass is a critical interdisciplinary examination of the practice of seclusion of women throughout the Middle East from its beginnings This challenging exploration discusses the reasons that seclusion may not be as oppressive as is presently generally accepted and in fact may be an empowering force for women in both the West and East Readers are taken on a controversial belief bending journey deep into the surprising origins and diverse aspects of female seclusion to find solid evidence of its surprising use as a defense against monolithic cultural exploitation
