Sleeping Beauties:

Sleeping Beauties Stephen King, Owen King, 2017-09-26 In this father son collaboration the authors tell the story of what might happen if women disappeared from the world of men Set in a small Appalachian town whose primary employer is a women s prison in a future so real and near it might be now something happens when women go to sleep They become shrouded in a cocoon like gauze If they are awakened if the gauze wrapping their bodies is disturbed or violated the women become feral and spectacularly violent While they sleep they go to another place The men of our world are abandoned left to their increasingly primal devices One woman however the mysterious Evie is immune to the blessing or curse of the sleeping disease Is Evie a medical anomaly to be studied or is she a demon who must be slain **Sleeping Beauties** Susanna Moore, 2013-06-26 Like her much acclaimed previous novels Susanna Moore s *Sleeping Beauties* is set in Hawaii whose shimmering beauty and melancholy traditions are both seductive and dangerously hard to leave Or so they prove for Clio who marries a well known Hollywood actor providing her with the promise of escape from the entanglements of island life

The Corvette in the Barn Tom Cotter, 2010-09-12 It s every car guy s fantasy to casually peer into a long forgotten garage or barn or warehouse and find the car he has searched for his whole life *Corvette in the Barn* is a collection of true often amazing stories and essays about car collectors and enthusiasts who have discovered unusual and desirable cars forgotten in all manner of locations from barns to old school junkyards to farmer s fields These are the stories that fuel the dreams of car collectors everywhere See Tom Cotter author of *Motorbooks In the Barn* series interviewed by Jay Leno on JayLenosGarage.com http://www.jaylenosgarage.com/video/jays_book_club_the_hemi_in_the_barn_1237422 **LIFE**, 1960-08-22 **LIFE** Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE.com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use **Responsive**

Environments Allen Sayegh, Stefano Andreani, Harvard REAL Lab, 2020-02-08 The entanglement of physical contexts with digital environments is constantly changing our relationship with the surrounding space and creating new hybrid experiences These transformations pose complex design challenges and yet offer novel opportunities for the understanding and development of human centered built environments Drawing from a 5 year design research collaboration between the REAL Lab at Harvard GSD and the University of Bergamo this book unfolds the experiential facets of our technologically mediated relationship with space in the fields of architecture urbanism and art The book attempts to describe what makes an environment responsive in the form of a design manifesto introducing ten attributes or principles at both methodological and experiential levels Critically articulated from the perspective of leading experts scholars and professionals the ideas explored are unpacked through speculative urban visions and design concepts at different timeframes contexts and scales ranging from smart artifacts to smart cities **Becoming Metric-Wise** Ronald Rousseau, Leo Egghe, Raf Guns, 2018-01-02 *Becoming*

Metric Wise A Bibliometric Guide for Researchers aims to inform researchers about metrics so that they become aware of the evaluative techniques being applied to their scientific output Understanding these concepts will help them during their funding initiatives and in hiring and tenure The book not only describes what indicators do or are designed to do which is not always the same thing but also gives precise mathematical formulae so that indicators can be properly understood and evaluated Metrics have become a critical issue in science with widespread international discussion taking place on the subject across scientific journals and organizations As researchers should know the publication citation context the mathematical formulae of indicators being used by evaluating committees and their consequences and how such indicators might be misused this book provides an ideal tome on the topic Provides researchers with a detailed understanding of bibliometric indicators and their applications Empowers researchers looking to understand the indicators relevant to their work and careers Presents an informed and rounded picture of bibliometrics including the strengths and shortcomings of particular indicators Supplies the mathematics behind bibliometric indicators so they can be properly understood Written by authors with longstanding expertise who are considered global leaders in the field of bibliometrics *Night* Jason Bahbak Mohaghegh,2019-12-14 This short book engages the myriad dimensions of Night through ancient rituals medieval storytelling modern philosophy and futuristic images in order to explore the human experience of the after dark It thereby tracks Night through the prisms of its most fascinating practitioners namely those who keep strange hours and navigate the various potentialities of nocturnal experience both of terror and enchantment The Thief s Night The Runaway s Night The Drunkard s Night The Insomniac s Night The Revolutionary s Night The Lunatic s Night The Sorcerer s Night Undoubtedly each of these conceptual figures provides a unique gateway into understanding the powerful sensorial effects of evening as well as its vast connections to larger questions of time space fear nothingness desire death forgetting vision secrecy criminality monstrosity and the body **Revival: Reality and Fiction in Modern Japanese Literature (1980)** Noriko Mizuta Lippit,2017-07-28 This title was first published in 1980 In twentieth century Japanese literature the opposition and interaction of realism and romanticism on the level of literary concepts and of Marxism and aestheticism including in part modernism on the level of literary ideology supplies a most vital basis for writers searching for new methods of literary expression fostering debates among the writers and creating the setting for active experimentation with style form and language This study is a result of an extended stay in the United States by the author who turned increasingly toward questioning and evaluating my own relation to Japan s literary heritage For Japanese who have witnessed at least intellectually the violent attraction to and rejection of foreign cultures of many of their predecessors in the Meiji Taisho and Showa eras and their final often sentimental and abstract glorification of the Japanese cultural heritage nihon kaiki return to Japan still presents enormously complex intellectual as well as emotional problems **Need for Sleep** Lisa Pavlik-Malone,2016-01-14 This book explores the influence of fairytale details and imagery on adult cognition It presents an

exploration of possible changes in an individual's schematic representations that reflect certain artistic re-interpretations of the Sleeping Beauty fairytale including works of performance art, fiction and film. Integral to this cognitive change is what the author describes as being in a Boudoir state of mind in which daydreams and fantasies may soothe an individual enough to facilitate new understandings of beauty, love and fate. This book will be of interest to scholars and other researchers concerned with how cognition including psychology and the brain, psychology and literature, psychology and art philosophy of the mind and metaphor might relate specifically to understanding the subjective experience of daydreaming.

Soundings in Time Roy Starrs, 2019-09-18 This first full length and long overdue study of Kawabata, Japan's first Nobel laureate for literature and the most widely known for his novels *Snow Country* 1960 and *Sound of the Mountain* 1970.

Predicting the Dynamics of Research Impact Yannis Manolopoulos, Thanasis Vergoulis, 2021-09-22 This book provides its readers with an introduction to interesting prediction and science dynamics problems in the field of Science of Science. Prediction focuses on the forecasting of future performance or impact of an entity, either a research article or a scientist, and also the prediction of future links in collaboration networks or identifying missing links in citation networks. The single chapters are written in a way that help the reader gain a detailed technical understanding of the corresponding subjects, the strength and weaknesses of the state of the art approaches for each described problem and the currently open challenges. While chapter 1 provides a useful contribution in the theoretical foundations of the fields of scientometrics and science of science, chapters 2-4 turn the focal point to the study of factors that affect research impact and its dynamics. Chapters 5-7 then focus on article level measures that quantify the current and future impact of scientific articles. Next, chapters 8-10 investigate subjects relevant to predicting the future impact of individual researchers. Finally, chapters 11-13 focus on science evolution and dynamics, leveraging heterogeneous and interconnected data where the analysis of research topic trends and their evolution has always played a key role in impact prediction approaches and quantitative analyses in the field of bibliometrics. Each chapter can be read independently since it includes a detailed description of the problem being investigated along with a thorough discussion and study of the respective state of the art. Due to the cross-disciplinary character of the Science of Science field, the book may be useful to interested readers from a variety of disciplines like information science, information retrieval, network science, informetrics, scientometrics and machine learning to name a few. The profiles of the readers may also be diverse, ranging from researchers and professors in the respective fields to students and developers being curious about the covered subjects.

Selling Europe to the World Pierre-Yves Donzé, 2023-02-09 Chanel suits, Louis Vuitton bags and Omega watches are now objects that embody a globalized material culture. Over the past 30 years, the luxury goods industry has undergone a tremendous expansion around the world. However, it remains largely dominated by European companies ranging from diversified conglomerates such as LVMH and Richemont to independent companies such as the Italian fashion houses Armani and Ermenegildo Zegna and industrial groups like Swatch and L'Oréal or new start-ups such as Richard Mille. How

and why did these companies succeed How did they manage to transform a sector previously dominated by small family firms into a global big business Selling Europe to the World presents the development of the global luxury goods industry from the 1980s to the present day It highlights the strategies implemented by a new generation of entrepreneurs and explains beyond the glamorous image conveyed by luxury brands the sources of success of these firms An essential book for understanding the success of the contemporary luxury industry

The Theatre of David Henry Hwang Esther Kim Lee, 2015-12-17 Since the premiere of his play FOB in 1979 the Chinese American playwright David Henry Hwang has made a significant impact in the U S and beyond The Theatre of David Henry Hwang provides an in depth study of his plays and other works in theatre Beginning with his Trilogy of Chinese America Esther Kim Lee traces all major phases of his playwriting career Utilizing historical and dramaturgical analysis she argues that Hwang has developed a unique style of meta theatricality and irony in writing plays that are both politically charged and commercially viable The book also features three essays written by scholars of Asian American

theatre and a comprehensive list of primary and secondary sources on his oeuvre This comprehensive study of Hwang s work follows his career both chronologically and thematically The first chapter analyzes Hwang s early plays Trilogy of Chinese America in which he explores issues of identity and cultural assimilation particular to Chinese Americans Chapter two looks at four plays characterised as Beyond Chinese America which examines Hwang s less known plays Chapter three focuses on M Butterfly which received the Tony Award for Best Play in 1988 In chapter four Lee explores Hwang s development as a playwright during the decade of the 1990s with a focus on identity politics and multiculturalism Chapter five examines Hwang s playwriting style in depth with a discussion of Hwang s more recent plays such as Yellow Face and Chinglish The sixth chapter features three essays written by leading scholars in Asian American theatre Josephine Lee on Flower Drum Song Dan Bacalzo on Golden Child and Daphne Lei on Chinglish The final section provides a comprehensive compilation of sources a chronology a bibliography of Hwang s works reviews and critical sources

Trauma, Dissociation and Re-enactment in Japanese Literature and Film David Stahl, 2017-07-14 Japanese literature and film have frequently been approached using lenses such as language genre and ideology Yet despite a succession of major social traumas that have marked and in many ways shaped and defined much of modern Japan Japanese fiction and cinema have not often been examined psychoanalytically In this book David Stahl conducts in depth readings and interpretations of a set of Japanese novels and film By introducing the methodology of trauma PTSD studies Stahl seeks to provide a better understanding of the insights of Japanese writers and directors into their societies cultures and histories In particular by building on the work of practitioner theoreticians such as Pierre Janet and Judith Herman Stahl analyses a number of key texts including Kawabata Yasunari s Sleeping Beauties 1961 Enchi Fumiko s Female Masks 1958 and Imamura Sho hei s Vengeance is Mine 1979 Consequently through using concepts of social trauma dissociation failed mourning revenge and narrative memory this book sheds new light on the psychological aftereffects and transgenerational legacies of trauma depicted in Japanese works Trauma Dissociation and Re enactment in Japanese Literature and Film will be of interest to students and scholars of Japanese Literature and Cinema as well as those interested in Japanese History and Trauma Studies

The Science of Science Dashun Wang, Albert-László Barabási, 2021-03-25 This is the first comprehensive overview of the exciting field of the science of science With anecdotes and detailed easy to follow explanations of the research this book is accessible to all scientists policy makers and administrators with an interest in the wider scientific enterprise

European fashion Regina Lee Blaszczyk, Véronique Pouillard, 2018-02-07 The period since 1945 has been a transformative era for the fashion industry Over the course of seventy years the fashion world has moved from celebrating the craftsmanship of haute couture to revelling in ever changing fast fashion This volume examines the transition from the old system to the new in a series of case studies grouped around three major themes Part I focuses on Paris as a creative hub aiming to understand how the birthplace of haute couture adapted to late twentieth century developments Part II considers the retailer s role in shaping

taste responding to consumer expectations and disseminating fashion merchandise Part III looks to alternative visions of the European fashion system that have appeared in unexpected places The volume is highly interdisciplinary covering design history cultural anthropology ethnography management studies and the cultural history of business **Folktales and Fairy Tales** Anne E. Duggan Ph.D., Donald Haase Ph.D., Helen J. Callow, 2016-02-12 Encyclopedic in its coverage this one of a kind reference is ideal for students scholars and others who need reliable up to date information on folk and fairy tales past and present Folktales and fairy tales have long played an important role in cultures around the world They pass customs and lore from generation to generation provide insights into the peoples who created them and offer inspiration to creative artists working in media that now include television film manga photography and computer games This second expanded edition of an award winning reference will help students and teachers as well as storytellers writers and creative artists delve into this enchanting world and keep pace with its past and its many new facets Alphabetically organized and global in scope the work is the only multivolume reference in English to offer encyclopedic coverage of this subject matter The four volume collection covers national cultural regional and linguistic traditions from around the world as well as motifs themes characters and tale types Writers and illustrators are included as are filmmakers and composers and of course the tales themselves The expert entries within volumes 1 through 3 are based on the latest research and developments while the contents of volume 4 comprises tales and texts While most books either present readers with tales from certain countries or cultures or with thematic entries this encyclopedia stands alone in that it does both making it a truly unique one stop resource Complex Networks & Their Applications IX Rosa M. Benito, Chantal Cherifi, Hocine Cherifi, Esteban Moro, Luis Mateus Rocha, Marta Sales-Pardo, 2020-12-19 This book highlights cutting edge research in the field of network science offering scientists researchers students and practitioners a unique update on the latest advances in theory and a multitude of applications It presents the peer reviewed proceedings of the IX International Conference on Complex Networks and their Applications COMPLEX NETWORKS 2020 The carefully selected papers cover a wide range of theoretical topics such as network models and measures community structure network dynamics diffusion epidemics and spreading processes resilience and control as well as all the main network applications including social and political networks networks in finance and economics biological and neuroscience networks and technological networks
