role in the plot The entire second half of the novel revolves around the travelings of Huntly as he tries to return home this occurs because Huntly wakes up in the bottom of a cave which he entered into by sleep walking Waldegrave s papers also mysteriously disappear but later the reader learns that they were misplaced by Huntly during the night Because Huntly was sleepwalking while he did this he has no recollection of the events and the missing papers are therefore a great concern to him At the end of the novel Huntly no longer has troubles with sleepwalking

Sleep and the Novel Michael Greaney,2018-04-04 Sleep and the Novel is a study of representations of the sleeping body in fiction from 1800 to the present day which traces the ways in which novelists have engaged with this universal indispensable but seemingly nondescript region of human experience Covering the narrativization of sleep in Austen the politicization of sleep in Dickens the queering of sleep in Goncharov the aestheticization of sleep in Proust and the medicalization of sleep in contemporary fiction it examines the ways in which novelists envision the figure of the sleeper the meanings they discover in human sleep and the values they attach to it It argues that literary fiction harbours on its margins a sleeping partner one that we can nickname the Schlafroman or sleep novel whose quiet absorption in the wordlessness and passivity of human slumber subtly complicates the imperatives of self awareness and purposive action that traditionally govern the novel
