searches the sea for the missing suspect As Robin Matucci sails under the Golden Gate Bridge and into the Pacific the sea is calm and her deckhand Carlos is sober By the next day the sky is black and Carlos is passed out drunk The waves crest higher as Robin fights to reach land until they finally overwhelm her small ship Fire springs up from the engine room and the tiny craft goes to the bottom of the Pacific When the wreck s remains surface Robin is gone but the police recover samples of her hair They then discover that the samples match those found at the site of a hit and run accident from three years before The hit and run victim s widow wants Robin found dead or alive and hires medical examiner turned private detective Kiernan O Shaughnessy to find her The answer to the riddle of the missing mariner will take Kiernan to the depths of the ocean and back into the arms of a man she thought she had left behind forever This ebook features an illustrated biography of Susan Dunlap including rare images from the author s personal collection *Rogue Wave* is the 2nd book in the Kiernan O Shaughnessy Mysteries but you may enjoy reading the series in any order      *Singing Wilderness* Sigurd F. Olson, 2012-05-30 To do with the calling of loons with northern lights and the great silences of land lying northwest of Lake Superior It is concerned with the simple joys the timelessness and perspective found in a way of life which is close to the past I have heard the singing in many places but I seem to hear it best in the wilderness lake country of the Quetico Superior where travel is still by pack and canoe over the ancient trails of the Indians and voyageurs Thus the author sets the theme and tone of this enthralling book of discovery about one of the few great primitive areas in our country which have withstood the pressures of civilization Acute natural perceptivity and a profound knowledge of the relationships to be found in nature combine here in vivid evocations of the sights the sounds the vast stillnesses and the events of the wilderness as the seasons succeed each other But Mr Olson is not content merely to describe he probes for meanings that will lead the reader to a different and more revealing way of looking at the out of doors and to a deeper sense of its eternal values In each of the thirty four chapters of *The Singing Wilderness* he has sought to capture an essential quality of our magnificent lake and forest heritage He shows us what can be read from the rocks of the great Canadian Shield he offers a delightful essay on the virtues of pine knots as fuel he writes of the ways of a canoe of flashing trout in the pools of the Isabella of tamarack bogs caribou moss the flight of wild geese timber wolves and the birds of the ski trails And much more with something to satisfy every taste for wilderness experience Superbly illustrated with 38 black and white drawings by Francis Lee Jaques *The Singing Wilderness* is a book that no lover of nature will want to be without To anyone who contemplates a vacation in the lake country of northern Minnesota and adjoining Canada it is the perfect vade mecum      **Tariff Readjustment** ,1929      [Tariff Readjustment--1929](#) United States.
