Opinions have ever been divided on the question of the morality or the immorality of smuggling This is not in itself remarkable since that subject on which all men think alike has not yet been discovered but whatever the views held upon the question of the rights and wrongs of the free traders craft they have long since died down into abstract academic discussion Smuggling is indeed not dead but it is not the potent factor it once was and to what extent Governments are justified in taxing or restricting in any way the export or the import of goods will not again become a living question in this country until the impending Tariff Reform becomes law There have been those who reading the proofs of this book have variously found in it arguments for and others arguments against Protection but as a sheer matter of fact there are in these pages no studied arguments either way and facts are here presented just as they are retrieved from half forgotten records with no other ulterior object than that of entertainment But if these pages also serve to show with what little wisdom p viwe are and generally have been governed they may not be without their uses England it may surely be gathered here and elsewhere is what she is by sheer force of dogged middle class character and in spite of her statesmen and lawgivers **Harlequin Medical Romance September 2020 - Box Set 1 of 2** Annie O'Neil,Annie Claydon,Janice Lynn,2020-09-01
