**Snakes, People, and Spirits, Volume One** Robert Hazel,2019-11-05 This two volume publication offers an in depth analysis of ophidian symbolism in Eastern Africa while setting the topic within its regional and historical context namely with regards to the rest of Africa ancient Egypt and Mesopotamia the Greek world ancient Palestine Arabia India and medieval and pre Christian Europe Through the ages most of those areas have connected with Eastern Africa in a broad sense where ophidian symbolism was as rampant and far reaching if not more so as anywhere else on the continent and perhaps in past civilisations Much as in the wider context snakes were held to be long lived closely related to holes caverns trees and water life and death and credited with a liking for milk Even though ophidian symbolism has always been developed out of the outstanding biological and ethological features of snakes the process of symbolisation which plays a crucial role in the elaboration of cultural systems and the shaping of human experience was inevitably at work This first volume deals with snakes as a zoological category snake symbolism as perceived by encyclopaedists and psychologists and ophidian symbolism as it occurred in ancient civilisations It explores the traditional African scene in general with a view to set the scene for a more proximate baseline for comparison The divide between animals and humans was porous and snakes had a more or less equal footing in both the animal realm and the spiritual world Key features of snake symbolism in traditional Eastern Africa are then examined in detail especially phantasmagorical snakes the rainbow serpent snake totems and snake related witches and ritual leaders among others In Eastern Africa the meanings attributed to snakes were multifaceted and paradoxical Overall the two volumes of this publication show that African snake symbolism broadly echoed the diverse representations of ancient civilisations The widely acknowledged assimilation of snakes to death

and Evil is therefore unrepresentative both historically and culturally
