 autonomous drones land robots and warriors wired into a cybernetic network which can read their thoughts Will war be
 fought with greater or lesser humanity Will it be played out in cyberspace and further afield in Low Earth Orbit Or will it be
 fought more intensely still in the sprawling cities of the developing world the grim black holes of social exclusion on our
 increasingly unequal planet Will the Great Powers reinvent conflict between themselves or is war destined to become much
 smaller both in terms of its actors and the beliefs for which they will be willing to kill In this illuminating new book
 Christopher Coker takes us on an incredible journey into the future of warfare Focusing on contemporary trends that are
 changing the nature and dynamics of armed conflict he shows how conflict will continue to evolve in ways that are unlikely to
 render our century any less bloody than the last With insights from philosophy cutting edge scientific research and popular
 culture Future War is a compelling and thought provoking meditation on the shape of war to come
