Wedding, Gender, and Performance in Ancient Greece Andromache Karanika, 2024-09-11 Wedding Gender and Performance in Ancient Greece traces the wedding song tradition its imagery and its tropes as a genre that became crystallized throughout the ages It explores how wedding poetics permeates ancient Greek literature It first analyzes how explicit or implicit matrimonial references shape archaic epic diction and become an integral part of epic discourse orally circulating texts such as wedding songs could have a life of their own but beyond their original context could also become an integral part of a different genre especially epic and drama This author discusses the multiple platforms that enrich the wedding song tradition including children's songs hymns paeans and ululations arguing for a combination of ritualized discourse with ludic childhood poetics With an approach from cognitive and trauma studies such references can be more revealing of the female experience than previously acknowledged This book resists the idea that a wedding constitutes an initiation ritual arguing that what on the surface may seem like a transition to a new phase reveals other underlying trends that work against the concept of a passage It further considers how emotion is staged and revisits the poetics of return by looking at patterns such as the eloping returning failed and dead bride Finally the theme of separation and return as an exemplification of a distinct female nostos is revisited in female authored poetry which helps us decode the complex interweaving of wedding performances and lamentation among other types of performance *How to Take Great Digital Photos of Your Friend's Wedding*, 2007-02-01 Armed with a digital camera wedding attendees can create snapshots of the their friend's big day with the camera lighting posing and composition skills taught in this step by step manual Beginning with a discussion of digital capture basics and how to ensure the best possible exposure by selecting the appropriate ISO settings photographers learn how to create the setting that produces the best results under any lighting conditions Posing is
