Babb, 2020-08-19 Earth is Ours a fresh and uniquely original story line bridges many genres A symbiotic relationship develops between a self aware female computer and an American Indian man dying of old age This is a forced relationship dictated by mutual needs for survival in a world stripped of technology by aliens The main characters begin the fight of their lives but before they can fight the fierce aliens Levi and Amy must fight for control of who they will be jointly What begins as conflict of minds develops into tolerance then cooperation and finally love This love of total oneness creates a unity of incredible power and strength that provides the means to fight the aliens Female brains and male brawn unite to battle against incredible odds for the survival of the human race The conflict of minds action adventure and suspense are all interlaced into a compelling and fast paced adventure The characters are three dimensional with real emotions not always

perfect but always interacting The story presented from differing viewpoints depict the two main characters as they convey some of the same events from both a male and female perspective As they interface the events are often seen from conflicting emotions and motivations sometimes cynical and often humorous It is the ultimate struggle of male versus female while combating monstrous aliens As expected this action story has a strong appeal to men while the romance aspect compliments the story expanding the appeal in women Additionally one of the main characters is Amy a particularly brilliant and forceful female who demands attention from both sexes Her male counterpart is very physical and masculine representing everything Amy is not Both characters and sexes are presented in a positive although conflicting way at times These characters and the story are strong and their saga continues in its sequel Target Earth *Maggie Blair book 1* Kingsley Roberts,2016-03-13

Isaac Hill Sr.,2015-03-06 Is the worst yet to come or will there be a darkness that precedes the dawn as everyone awaits the last days And can it be possible that the last days are the new beginning of what is truly marvelous and worth every struggle both real and imaginary This matter of inevitable uncertainty is a lifelong challenge that will not yield to the intentions of the best plans One must endure its magnitude with boldness and faith that is nurtured in the mind and deposited into the heart where every beat pounds it into submission to indomitable will lest despair direct one to an insignifi cant fate I believe One must proclaim and then prophesy to the horizon whether it forebodes malady or casts a sweet allurement I will One must proclaim in spite of dissenters who prove to be great fair weather company along for the ride And one must pray that one will survive through the foolish measures of their own unbridled bravery while the course through the unknown looms as an undefeatable giant No time is wasted for every step forward is progress and every resting place is a recharge every fall is a chance to rise again Surely the demons will howl when the moon rises and the day vultures will soar in the midst of the trial which hardens your resolve and you shall laugh when your victory shuts their mouths And those who laugh last laughs best
