So You Want To Be A Voiceover Star:

So You Want To Be A Dragon Slayer... Michael Kingswood, 2017-03-13 Eighty two light years away on Alcor Five great flying beasts called Reptus Volans which closely resemble the dragons of European legend sit at the top of the food chain. They are so dangerous and exist in such great numbers that the Colonial Allocation Committee forbade colonization of Alcor Five by humans. Thus the planet went untouched and largely ignored until entrepreneurs formed Dragon Safaris Inc. Using state of the art space portal technology Dragon Safaris transports hunters and adventurers along with specially trained guides to Alcor Five. There they do battle with the great beasts seeking to earn the title Dragon Slayer. When I saw Dragon Safaris commercial on late night television it rekindled the sense of magic and adventure I used to have when I was younger. I could not resist. I needed to go on this journey and pit myself against these dragons. I convinced my two oldest friends Vinnie and Carl to come along. This is our story. So You Want To Be A Dragon Slayer is a 10 700 word about 43 printed pages novelette. p p1 margin 0 0px 0 0px 0 0px 0 0px text indent 28 8px font 12 0px Times New Roman

Georges-Claude Guilbert,2015-10-02 Madonna has long been accepted as a pop culture icon but this text postulates a greater cultural importance by analyzing her as a postmodern myth This work examines how Madonna methodically discovered and constructed herself often rewriting her past the nature and extent of her ambition and the means she used to reach her goals It also details the way in which she organized her own cult borrowing from the gay community devised her artistic output and cunningly targeted different audiences It also studies the fundamental contradiction virgin or vamp saint or prostitute that fuels Madonna s career and describes how Madonna reflects today s society its contradictions and its attitudes toward sexuality and religion Rising Stars Toni Shelton,2005-06 COMMERCIAL ACTING OPPORTUNITIES There are two types of commercials which frequently cast models Non air commercials are those not intended for broadcast use such as non broadcast audience reaction commercials copy testing or client demos Photomatics are one specific type of client demo they use a still photographer and the images are converted to video using special techniques to give the feeling of movement as in ordinary film Non air commercials give new actor models a chance to see what it takes to produce a commercial and provide valuable experience to add to acting resumes The second type of commercial involves real movement and may have speaking or non speaking parts Models cast for this type of commercial may find themselves modeling clothes advertising a store selling a mattress buying a car opening a bank account eating an ice cream you name it Speaking parts usually require voice training Be advised having a regional accent will severely limit your speaking parts Voice training will be necessary if you are serious about your acting career A principal part is the position held by the featured actor in a commercial That actor is the representative of the product the consumer will focus on and the part may be either speaking or non speaking Extra parts which may be speaking or non speaking are held by people who are strategically placed to fill unwanted space in a commercial Being an extra is a terrific opportunity to learn the inside workings of commercial production without the stress of being a principal It allows you to observe what is required of the principal actors the creative process involved and the roles of the production team TRAINING Regardless of what country of market the commercials you wish to audition for are aimed at you must have proper training To learn more about the commercial acting business take some on camera commercial acting class You ll also learn techniques for psyching yourself up for auditions and overcoming intimidating directors Acting in T V commercials is lots of fun It can also be very demanding doing take after take until it is exactly right

Commercial acting can be a regular and lucrative source of income you might begin to aspire to higher things If you develop serious theatrical ambitions you would be well advised to undertake proper training at a reputable drama school It is rare to find a theatre professional who gives much credit for commercial acting experience It just isn't in the same league The transition between modeling and acting you face many obstacles The simple fact is that models are not taken as seriously as classically trained actors and as a result they must work even harder to gain respect Any model who wants to act is to immerse themselves into classes This is not a short term commitment of taking just one class you need many A cold reading class is beneficial because copy is often not available before an audition I also urge my models to take improvisation acting classes These teach you how to be free less inhibited and not afraid to do something silly Finally get a monologue under way and audition for theatre Models need to separate the two worlds of acting and modeling Use your composite for modeling and your headshot and resume for acting Before professional and come prepared to an audition This means to be on time know your lines wear the appropriate clothing listen take direction and be self confident If you treat acting like a business and treat it with the same enthusiasm and drive you do modeling success should surely follow NETWORKING Finally don't overlook one of the most important resources that an actor can have This business is about people and abo Big Brother: The Inside Story Narinder Kaur,2011-09-30 Never before have we had a candid account of what it's really like to be part of the cultural phenomenon that is Big Brother Now entering its seventh year Big Brother is an annual event on British TV It generates a huge amount of press and shines a spotlight on the state of Britain today But what do the producers really do Have they got a hidden agenda Do they edit to create characters How do the media manipulate our opinions Can they really make or break a star And what do the contestants think Do they feel used or do they relish the opportunity What is life after the show like for them Would they recommend it to others Narinder Kaur a former Big Brother contestant has travelled the country speaking with past contestants from all series as well as with TV producers and the media Now for the first time we hear their thoughts in their own words This is the truth behind the reality Robert Rossen Alan Casty,2013-04-08 This book calls for a re evaluation of the films of Robert Rossen Over a 30 year period he was the most accomplished writer and director who was also a longtime member of the Communist Party but his achievement has not been recognized his films have been belittled or ignored his legacy denied Rossen's films reflected his times and the American scene with a dramatic intensity and personal expression unmatched by any other filmmaker of the period The stages of his political journey from idealism about Communism to his rebellion against the Party's betrayal of those ideals influenced the rendering of his concerns and themes the flaws of human nature the complexities of motives the paradoxes of betrayal personal and political Yet Rossen testified against his fellow filmmakers and so his morals and character have been denounced his work diminished as fatally marred by his moral flaws The opposite is true Here is a thorough analysis of each of his 22 films and their place in the developing themes of his body of work It integrates this study of the films with a documented narrative of his relationship

to the Party its history and conflicts its duplicities especially the relations of the Party and its followers to the oppressions of the Soviet Union And so it challenges the validity of the conventional wisdom about the moral issues of the blacklist period
