**Television to Netflix** Sunka Simon, 2022-12-15 German Crime Dramas from Network Television to Netflix approaches German television crime dramas to uncover the intersections between the genre s media specific network and post network formats and how these negotiate with and contribute to concepts of the regional national and global Part I concentrates on the ARD network s long running flagship series Tatort Crime Scene 1970 Because the domestically produced crime drama succeeded in interacting with and competing against dominant U S formats during 3 different mediascapes it offers strategic lessons for post network television Situating 9 Tatort episodes in their televisual moment within the Sunday evening flow over 38 years and 3 different German regions reveals how producers writers directors critics and audiences interacted not only with the cultural socio political context but also responded to the challenges aesthetically narratively and media reflexively Part II explores how post 2017 German crime dramas Babylon Berlin Dark Perfume and Dogs of Berlin rework the genre s formal and narrative conventions for global circulation on Netflix Each chapter concentrates on the dynamic interplay between time shifted viewing transmedia storytelling genre hybridity and how these interact with projections of

cultural specificity and continue or depart from established network practices The results offer crucial information and inspiration for producers and executives for creative teams program directors and television scholars *Legend of the Unknown God* Mark A. Hotchkiss,2009-08 Does history support the Bible Travel through the pages of history and discover the Legend of the Unknown God Author Mark Hotchkiss uses world history to fill in the gaps of the Old Testament gaining a new perspective on the stories you grew up with The Israelites were once a feared nation until they turned their back on God and began to worship idols and false gods Follow their saga with a new point of view and see how God used other people and nations to fulfill his plans to punish the Israelites Learn about a non Jewish prophet that was executed by his own people for teaching them about this unknown God Find out how Cyrus and Darius became the king of Persia and how God used them Who was Amel Marduk and Labashi Marduk The Legend of the Unknown God is a fascinating trip through the Bible asking us to evaluate where we stand in our own worship of God **The Soap Opera Encyclopedia** Christopher Schemering,1988

**the Holodeck, updated edition** Janet H. Murray, 2017-04-07 An updated edition of the classic book on digital storytelling with a new introduction and expansive chapter commentaries I want to say to all the hacker bards from every field gamers researchers journalists artists programmers scriptwriters creators of authoring systems please know that I wrote this book for you Hamlet on the Holodeck from the author's introduction to the updated edition Janet Murray's Hamlet on the Holodeck was instantly influential and controversial when it was first published in 1997 Ahead of its time it accurately predicted the rise of new genres of storytelling from the convergence of traditional media forms and computing Taking the long view of artistic innovation over decades and even centuries it remains forward looking in its description of the development of new artistic traditions of practice the growth of participatory audiences and the realization of still emerging technologies as consumer products This updated edition of a book the New Yorker calls a cult classic offers a new introduction by Murray and chapter by chapter commentary relating Murray's predictions and enduring design insights to the most significant storytelling innovations of the past twenty years from long form television to artificial intelligence to virtual reality Murray identifies the powerful new set of expressive affordances that computing offers for the ancient human activity of storytelling and considers what would be necessary for interactive narrative to become a mature and compelling art form Her argument met with some resistance from print loyalists and postmodern hypertext enthusiasts and it provoked a foundational debate in the emerging field of game studies on the relationship between narrative and videogames But since Hamlet on the Holodeck's publication a practice that was largely speculative has been validated by academia artistic practice and the marketplace In this substantially updated edition Murray provides fresh examples of expressive digital storytelling and identifies new directions for narrative innovation
