Storytelling in Alcoholics Anonymous

George H. Jensen, 2000 When drinkers attend Alcoholics Anonymous and their spouses attend Al Anon, says Jensen, English Southwest Missouri State University, dramatic changes occur that cannot be accounted for simply by the absence of alcohol. He explains how being a member can contribute to the formation of a new identity through the transformative effect of storytelling within its structure. Annotation copyrighted by Book News Inc. Micik, 2012-06-06 Joe Micik's first novel and the first in the Connor Reynolds series. There is a stereotype of college kids, even those heading there for the first time, they like to drink, party, smoke, and break whatever other rules they can, if only for the sake of breaking them. Connor Reynolds does not fit this description. Connor is an 18-year-old young man from a small town in Michigan who heads to Ohio for college, and on the outside, he appears to be a standoffish killjoy with no real desire to be there or make friends. What the people there don't know is why. As it turns out, Connor used to behave like a lot of students he meets at Garfield State University, but he experienced a life-changing event almost a year earlier that completely altered his perception of both his peers and his existence. The trauma ended, but the burden of pain and fear follows him wherever he goes, making for an awkward, miserable experience. Connor avoids interpersonal contact whenever possible and hides his past while one of his secrets, in particular, tears him apart from the inside. In spite of his insistence that he be left alone, he is befriended at school by one person with a big heart who takes a special interest in breaking him out of his shell, but Connor refuses. Yet when his personal life begins to spiral out of control, he is thrust into the depths of his own psyche, and disaster looks ready to strike again. Connor is forced to make many hard decisions to improve his status and open himself up to friendship. Unfortunately, one of those choices has the complete opposite of the intended effect and threatens to ruin his life. A blend of sarcastic humor and drama, this young adult novel is a story of fear, sacrifice, and finding oneself. Benelong's Haven Richard Chenhall, 2014-02-01 Benelong's Haven was the first residential alcohol and drug treatment program.

controlled and operated by an Aboriginal Australian It was established by Val Bryant in 1974 in the Sydney suburb of Marrickville before moving to the small township of Kinchela Creek on the mid north coast of New South Wales three years later The centre is one example of the different approaches Aboriginal people have developed to deal with the problem of drug and alcohol abuse in their communities where people who have experienced problems with alcohol and drug use can leave their existing environment and come to a different place Anthropologist Richard Chenhall first visited Benelong s Haven for two weeks in late 1997 At the invitation of Val Bryant he returned later for an extended period of fieldwork observing and participating in the centre s activities and getting to know staff and residents There have been few studies that reflect Aboriginal social life in larger cities or in institutional settings Benelong s Haven represents an attempt to examine at the ethnographic level the different ways in which individuals are shaped by and interact within the larger structures and social institutions that surround them More specifically it documents an instance of Australian Aboriginal people trying to achieve change in their lives

Why? Bill Crowder, 2015-07-29 We normally think of pain and suffering as bad and we do our best to avoid them But since they are inevitable parts of life maybe we should adjust our thinking Instead of grumbling about our problems or blaming someone else let s look to the Bible to see how God uses our trials to draw us closer to Him Why Seeing God in Our Pain shows the root causes of our pain and suffering and allows us to see Him more clearly as a God who really does care
