Social And Environmental Impacts In The North:

Social and Environmental Impacts in the North: Methods in Evaluation of Socio-Economic and Environmental Consequences of Mining and Energy Production in the Arctic and Sub-Arctic Rasmus Ole Rasmussen, Natalia E. Koroleva, 2012-12-06 Future development in the Arctic and Subarctic region requires careful attention to the possible consequences of the development activities themselves in relation to their environmental socioeconomic and cultural impacts. A more thorough understanding of the impact of future activities however demands the dissemination and confrontation of results from different regions and different scientific traditions. This requires scientific cooperation not only across disciplines but across border. Primarily it requires both consensus and innovations in regard to methods. This book confronts such differences in approaches and methods in relation to the analysis of socioeconomic and environmental consequences of large scale mineral and energy development activities in the Arctic and Subarctic establishing the common ground upon which future research activities can be based.

Rasmus Ole Rasmussen, Natalia E. Koroleva, 2003-12-31 Proceedings of the NATO Advanced Research Workshop Apatity Russia from 8 to 12 May 2002. *Cumulative Environmental Effects of Oil and Gas Activities on Alaska's North Slope* National Research Council, Division on Earth and Life Studies, Polar Research Board, Board on Environmental Studies and Toxicology, Committee on Cumulative Environmental Effects of Oil and Gas Activities on Alaska's North Slope, 2003-09-04. This book identifies accumulated environmental social and economic effects of oil and gas leasing exploration and production on Alaska's North Slope. Economic benefits to the region have been accompanied by effects of the roads infrastructure and activities of oil and gas production on the terrain plants animals and peoples of the North Slope. While attempts by the oil industry and regulatory agencies have reduced many of the environmental effects they have not been eliminated. The book makes recommendations for further environmental research related to environmental effects. *Final Environmental Impact Statement on Management for the Northern Spotted Owl in the National Forests* United States. Forest Service, 1992.

Final Environmental Impact Statement, 1989. *The Routledge Handbook of Political Ecology* Tom Perreault, Gavin Bridge, James McCarthy, 2015-06-12. The Routledge Handbook of Political Ecology presents a comprehensive and authoritative examination of the rapidly growing field of political ecology. Located at the intersection of geography anthropology sociology and environmental history political ecology is one of the most vibrant and conceptually diverse fields of inquiry into nature society relations within the social sciences. The Handbook serves as an essential guide to this rapidly evolving intellectual landscape. With contributions from over 50 leading authors the Handbook presents a systematic overview of political ecology's origins practices and core concerns and aims to advance both ongoing and emerging debates. While there are numerous edited volumes textbooks and monographs under the heading political ecology these have tended

to be relatively narrow in scope either as collections of empirically based mostly case study research on a given theme or broad overviews of the field aimed at undergraduate audiences The Routledge Handbook of Political Ecology is the first systematic comprehensive overview of the field With authors from North and South America Europe Australia and elsewhere the Handbook of Political Ecology provides a state of the art examination of political ecology addresses ongoing and emerging debates in this rapidly evolving field and charts new agendas for research policy and activism The Routledge Handbook of Political Ecology introduces political ecology as an interdisciplinary academic field By presenting a state of the art examination of the field it will serve as an invaluable resource for students and scholars It not only critically reviews the key debates in the field but develops them The Handbook will serve as an excellent resource for graduate and advanced undergraduate teaching and is a key reference text for geographers anthropologists sociologists environmental historians and others working in and around political ecology

Hornig, 1999 Planning and construction of the James Bay Hydroelectric project began in the early 1970s when the effect of such projects on the physical and social environment was seldom considered As the project matured however its unique and diverse environmental impacts came under intense scrutiny on both sides of the border The first mega scale hydro project to be built in the sub Arctic capable of generating as much electricity as fifteen nuclear power plants its impact includes disruption of vast areas in an extremely fragile ecosystem as well as displacement of native peoples and the introduction of dangerous levels of mercury into their food supply The debate over these complex environmental issues has been further complicated by political issues stemming from the importance of the project to the economic development of Quebec and the sale of at least ten percent of the electricity generated the United States The contributors examine core issues of the controversy both in relation to James Bay and to other large hydroelectric projects such as the Aswan dam in Egypt and the Three Gorges dam in China Providing insights from an unusual variety of disciplines the authors offer important considerations that must be taken into account as Quebec assesses additional phases of hydroelectric development of the watershed east of Hudson Bay Contributors include Raymond B Coppinger Hampshire College Bill Dale Roebuck Dartmouth Medical School Will Ryan Hampshire College Adrian Tanner Memorial University Stanley L Warner Hampshire College Kessler E Woodward University of Alaska and Oran R Young Dartmouth College James F Hornig is professor emeritus of chemistry and environmental studies Dartmouth College
