**A**merican tourists in Europe are always favorably impressed by the cottage homes of England. They speak enthusiastically of the appearance of solid comfort they convey and describe them as covered with vines and climbing roses. Most of these English homes are constructed of stone, brick or concrete. Here is a striking example of this style of architecture, in frame construction, made to closely resemble the original for the sake of stone finish. It makes a home suitable for suburb or country. The treatment is unique and artistic, the result being achieved at comparatively small cost. The ornamental trellised porch is a typical English feature. It is cozy and graceful and the house at home in our American community. The ground possessor will quickly avail himself of the special advantages which an artistic grouping of shrubs and flowers will secure. Views of city or the fields and side walls will transform this house into a home of beauty.

**First Floor** A door from the trellised porch leads there is an open stairway to the second floor, in which room has ample space for piano, davenport, phonograph, table, reading lamp, chairs and other necessary articles of furniture. It is lighted by four windows, two in the front and two on the side. A swinging door leads into the kitchen which has the popular breakfast alcove, lighted by a good size window. In this kitchen there is also a large well lighted pantry which has space for a refrigerator. This is a kitchen that the housewife will be proud of, as there is plenty of space for work and the breakfast alcove is handy to the range, sink and work table. Height of rooms, 8 foot 2 inches from floor to ceiling.

**Second Floor** There are two nice bedrooms with large closets and bathroom and linen closet off the hall on this floor. Bathroom has shelves for towels. Both bedrooms are well lighted and ventilated. The shower bath on the outside has an air of cheerfulness and brightness to the rooms during the Spring, Summer and Fall months. Rooms are 8 foot 2 inches from floor to ceiling.

**Basement** Excavated basement under the entire house, 7 feet from floor to joists, lighted with basement sash.

We furnish our best "Quality Guaranteed" mill work, shown on pages 108 and 109. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grade and color.
