Hall,2020-12-02 The American Villain Encyclopedia of Bad Guys in Comics Film and Television provides one go to reference for the study of the most popular and iconic villains in American popular culture Since the 1980s pop culture has focused on what makes a villain a villain The Joker Darth Vader and Hannibal Lecter have all been placed under the microscope to get to the origins of their villainy Additionally such bad guys as Angelus from Buffy the Vampire Slayer and Barnabas Collins from Dark Shadows have emphasized the desire for redemption in even the darkest of villains Various incarnations of Lucifer Satan have even gone so far as to explore the very foundations of what we consider evil The American Villain Encyclopedia of Bad Guys in Comics Film and Television seeks to collect all of those stories into one comprehensive volume The volume opens with essays about villains in popular culture followed by 100 A Z entries on the most notorious bad guys in film comics and more Sidebars highlight ancillary points of interest such as authors creators and tropes that illuminate the motives of various villains A glossary of key terms and a bibliography provide students with resources to continue their study of what makes the baddest among us so bad State of Minds Don Graham,2011-02-01 John Steinbeck once famously wrote that Texas is a state of mind For those who know it well however the Lone Star State is more than one mind set more than a collection of clichés more than a static stereotype There are minds in Texas Don Graham asserts and some of the most important are the writers and filmmakers whose words and images have helped define the state to the nation the world and the people of Texas themselves For many years Graham has been critiquing Texas writers and films in the pages of Texas Monthly and other publications In State of Minds he brings together and updates essays he published between 1999 and 2009 to paint a unique critical picture of Texas culture In a strong personal voice wry humorous and ironic Graham offers his take on Texas literary giants ranging from J Frank Dobie to Larry McMurtry and Cormac McCarthy and on films such as The Alamo The Last Picture Show and Brokeback Mountain He locates the works he discusses in relation to time and place showing how they sprang or not from the soil of Texas and thereby helped to define Texas culture for generations of readers and viewers including his own younger self growing up on a farm in Collin County Never shying from controversy and never dull Graham's essays in State of Minds demolish the notion that Texas culture is an oxymoron **The Television Industry** Anthony Slide,1991-08-13 Some 1 000 alphabetical entries provide succinct factual data on production companies distributors organizations genres historical and technical terms and more All areas of the industry including free public and cable television are covered Following many of the entries is an address if the company or organization is still active and where
