Mysterious Numerical Bible Code and Other Revelations Lawrence D. Shawbrooks, 2016-06-01 The Hebrew Christian religion
 remains the most potent verifiably truthful religion on the planet It suffers horrendously from murderous oppression in the
 Middle East its homeland and was crushed flat by the largest political State the world has ever known Soviet Russia and it
 endures heavy disheartenment by flawed innuendo and secularisation throughout Europe Despite these massive attacks from
 mistaken religion hard line atheists and dont know cant be bothered groups yet it remains And more than this It remains
 philosophically socially prophetically and scientifically the largest most credible and consistent belief system on the planet Its
 not by accident that non violent Christianity believing in the non violent Ten Commandments and the beautiful spirit of them
 in the Beatitudes can survive such intense mentalphysical violent persecution and still remain so vibrant True Christians

know The only reason it is so is because the holy Messiah God of Israel is the only true God He rules over all the kingdoms of men but its only the kingdom of Christianity which knows this He loves all humans but not their thoughtsactions However only Christians recognise this and sincerely give thanks that He is their God their prophet priest and king He prophesied that enormous ungodliness would come against His church and followers but these gates of hell would not overcome it and so it is now as we head towards Armageddon and the end of the human age This book explains His prophecies and associated key milestone calculations This is one of many ways witnessing that He is the genuine unique article just as the Hebrew Christian Bible says The purpose of our existence is to have a loving relationship with Him When humans choose to reject Him it causes us to create corrupt and false gods Without realising it many religious people worship corrupt gods and atheism worships its false no God god These cannot bring a person into the paradise of fruitful everlasting life their ways effectively bring people into a fruitless everlasting living death This grieves the Messiah God of Israel because He loves fruitful life To encourage us and to verify who He is He leaves indicators throughout history evidencing even now in these days of the deeply sceptical cheating spirit that humans are without excuse come the judgement Lawrence D Shawbrooks is now retired but continues to work as an Elder in the Church oversight Pillars in the History of Biblical Interpretation, Volume 2 Stanley E. Porter, Sean A. Adams, 2016-11-03 This two volume set is part of a growing body of literature concerned with the history of biblical interpretation The ample introduction first situates key players in the story of the development of the major strands of biblical interpretation since the Enlightenment identifying how different theoretical and methodological approaches are related to each other and describing the academic environment in which they emerged and developed Volume 1 contains fourteen essays on twenty two interpreters who were principally active before 1980 and volume 2 has nineteen essays on twenty seven of those who were active primarily after this date Each chapter provides a brief biography of one or more scholars as well as a detailed description of their major contributions to the field This is followed by an often new application of the scholar s theory By focusing on the individual scholars and their work the book recognizes that interpretive approaches arise out of certain circumstances and that scholars are influenced by and have influences upon both other interpreters and the times in which they live This set is ideal for any class on the history of biblical interpretation and for those who want a greater understanding of how the current field of biblical studies developed *Ryken's Bible Handbook* Leland Ryken, Philip Ryken, James Wilhoit, 2005 Three authors help shed light on understanding the Bible not just as the inspired work of God but also looking at the different genres that make up the Bible s books poetry historical narrative wisdom literature story parables and more A History of the Bible as Literature: From antiquity to 1700 David Norton, 1993 It is regarded as a truism that the King James Bible is one of the finest pieces of English prose Yet few people are aware that the King James Bible was generally scorned or ignored as English writing for a century and a half after its publication The reputation of this Bible is the central most fascinating element in a larger history that of literary ideas of the

Bible as they have come into and developed in English culture and the first volume of David Norton's magisterial two volume work surveys and analyses a comprehensive range of these ideas from biblical times to the end of the seventeenth century providing a unique view of the Bible and translation
