Lincoln Highway Lincoln Highway Association,1916 *The Lincoln Highway* Gregory M. Franzwa,1995 *The Old Iron Road* David Haward Bain,2022-09 In the summer of 2000 David Haward Bain and his family left their home in Vermont and headed west in search of America s past Spiritually their journey began on a Kansas trail where the author s grandmother was born in a covered wagon in 1889 Between the Missouri River and the Golden Gate they retraced the entire route of the first transcontinental railroad and large stretches of the Oregon and California trails and the equally colorful old Lincoln Highway Following vanished iron rails and wagon wheel ruts bumping down backroads and main streets they discovered the deep restless uniquely American spirit of adventure that connects our past to our present A superb writer and an exacting researcher Bain conjures up a marvelous sense of coming unstuck in time as he lingers in the ghost towns and battlegrounds prairies and river ports trainyards museums deserts and diners that line his cruise west to California Bain encounters a fascinating cast of characters both historic and contemporary as well as memories of his grandparents and the journeys that shaped his own heritage Writing in the tradition of William Least Heat Moon and Ian Frazier and with an engaging warmth and a deep grasp of history all his own Bain has fashioned a quintessentially American journey **Lincoln Highway Across**

Illinois, The David A. Belden with Christine R. O'Brien ,2013 From southern Cook County to the Mississippi River the Lincoln Highway meanders through many of Chicago s suburbs before heading west through Illinois s fertile farmland America s first transcontinental highway once stretched nearly 3 400 miles from New York City to San Francisco The story of the highway s role in shaping the contemporary American highway system is one that examines the interaction of technology and human spirit Conceived by entrepreneur Carl G Fischer in 1912 and endorsed by businessman Henry B Joy the idea of creating an automobile friendly roadway spanning America would soon change the nature of travel in the 20th century Lincoln Highway in Illinois defines and describes the role of the highway as it zigzags its way across the Land of Lincoln and highlights the cities towns and rural communities along its route *Greetings from the Lincoln Highway* Brian

Butko,2019-05-31 The Lincoln Highway was the first continuous road to connect the coasts allowing newly motorized Americans to cross the country by car This book allows readers to travel across 100 years of the highway from New York City to San Francisco with stops at historic landmarks bridges taverns movie palaces diners gas stations ice cream stands tourist cabins and roadside attractions Color maps and stories of the highway take readers through 14 states with excerpts from

memoirs and old postcards giving a feel for what early motoring was like the good the bad and the muddy The book is organized by state with narrative information on what the original Lincoln Highway crossed through There are historical tidbits and nostalgic details along with information on what remains This book is a useful treasure for travel planning and armchair reading Brooklyn Chamber of Commerce Bulletin ,1924 **The Lincoln Highway Across Indiana** Jan Shupert-Arick,2009 The Lincoln Highway across Indiana explores Indiana s unique role in Lincoln Highway history and celebrates Indiana s place in early automotive and road building history Once known as the Main Street of America the Lincoln Highway route was established across northern Indiana in 1913 linking larger cities Fort Wayne Elkhart Goshen South Bend LaPorte and Valparaiso to smaller communities Most Lincoln Highway towns renamed their main streets Lincolnway in recognition of the nation s first coast to coast auto road When the Lincoln Highway Association shortened the route in 1926 the route linked Fort Wayne to Columbia City Warsaw and Plymouth giving the state two Lincoln Highway routes From Fort Wayne to the famous Ideal Section between Dyer and Schererville Indiana s Lincolnway towns remain proudly connected to Lincoln Highway history Through vintage photographs postcards advertisements and other historical records this armchair tour of the highway visits sites favored by early tourists documents the people and places that made the highway a vital corridor and celebrates Hoosier Carl Fisher s leadership in the formation of the Lincoln Highway Association as well as the people who work to preserve its legacy today *The Lincoln Highway: Illinois* Gregory M. Franzwa,1995 **Rhetorical Landscapes in America** Gregory Clark,2021-11-24 A panoramic explanation of civic tourism and the shaping of a national identity At the same time a reading of Kenneth Burke and of tourist landscapes in America Gregory Clark s new study explores the rhetorical power connected with American tourism Looking specifically at a time when citizens of the United States first took to rail and then highway to become sightseers in their own country Clark traces the rhetorical function of a wide ranging set of tourist experiences He explores how the symbolic experiences Americans share as tourists have helped residents of a vast and diverse nation adopt a national identity In doing so he suggests that the rhetorical power of a national culture is wielded not only by public discourse but also by public experiences Clark examines places in the American landscape that have facilitated such experiences including New York City Shaker villages Yellowstone National Park the Lincoln Highway San Francisco s 1915 Panama Pacific International Exposition and the Grand Canyon He examines the rhetorical power of these sites to transform private individuals into public citizens and he evaluates a national culture that teaches Americans to experience certain places as potent symbols of national community Invoking Burke s concept of identification to explain such rhetorical encounters Clark considers Burke s lifelong study of symbols linguistic and otherwise and their place in the construction and transformation of individual identity Clark turns to Burke s work to expand our awareness of the rhetorical resources that lead individuals within a community to adopt a collective identity and he considers the implications of nineteenth and twentieth century tourism for both visual rhetoric and the rhetoric of display

"A Reliable Car and a Woman Who Knows It" Curt McConnell, 2000-09-15 The audacity of driving a horseless carriage from coast to coast in the early years of the 20th century is hard to imagine in an age of superhighways and global positioning systems Roads might be nothing more than muddy ruts made by wagon wheels sources of gasoline or replacement parts were few and agonizingly far between frequent repairs and tire changes were necessary and the traveler was subject to the whole range of nature's perils and discomforts For a woman to attempt the trip was at the time a jaw dropping event Yet in 1909 22 year old Alice Ramsey and three female companions piled into a Maxwell in New York City and 59 days later they triumphantly rolled into San Francisco A few years later silent film star Anita King would become the first woman to make the transcontinental drive solo These and other early coast to coast drives proved women's growing independence as well as the automobile's long distance viability Detailed accounts of five coast to coast drives make up this lively history Drawing from plentiful contemporary newspaper reports and the women's own words author Curt McConnell recounts the bold adventurers experiences day by day and mile by mile **Rawlins Resource Management Plan**, 2008
