**The Poems of Browning: Volume Four** John Woolford, Daniel Karlin, Joseph Phelan, 2014-05-12 The Poems of Robert Browning is a multi volume edition of the poetry of Robert Browning 1812-1889 resulting from a completely fresh appraisal of the canon text and context of his work The poems are presented in the order of their composition and in the text in which they were first published giving a unique insight into the origins and development of Browning's art Annotations and headnotes in keeping with the traditions of Longman Annotated English Poets are full and informative and provide details of composition publication sources and contemporary reception Volumes one 1826-1840 and two 1841-1846 presented the poems from his Browning's early years while volume three 1847-1861 covered the period of his marriage to Elizabeth Barrett and residence in Italy Volume four 1862-1871 deals with the decade following Elizabeth's death and Browning's return to England These years saw the appearance of some of his most significant work and a steady rise in his critical reputation In *Dramatis Personae* 1864 Browning uses his characteristic dramatic mode to expose predicaments of thought and feeling in characters ranging from Shakespeare's Caliban to the cheating medium Mr

Sludge other poems dramatize Browning's complicated feelings about the deceptions and self-deceptions of romantic love. Balaustion's Adventure 1871 is an engaging reworking of Euripides' Alcestis whose theme the resurrection of a beloved lost wife has poignant personal resonance for Browning while Prince Hohenstiel-Schwangau published in the same year offers a thinly veiled account of the life and actions of Napoleon III the recently deposed Emperor of France over whom Browning and Elizabeth had quarrelled. In these two long poems Browning can be seen engaged in the dialogue with Elizabeth that was to shape much of his work during the remainder of his writing life.

*Robert Browning's Romantic Irony in The Ring and the Book* Patricia Diane Rigg, 1999-06 This study is a reading of Robert Browning as an ironist in the tradition of the German Romanticist Friedrich Schlegel who coined the term Romantic irony. Specifically Patricia Diane Rigg considers historicity or historical truth in Browning's *The Ring and the Book* by distinguishing between the processes of representation and re-presentation within the context of Romantic irony.

*The Complete Works of Robert Browning* Robert Browning, 1969 In seventeen volumes copublished with Baylor University this acclaimed series features annotated texts of all of Robert Browning's known writing. The series encompasses autobiography as well as influences bearing on Browning's life and career and aspects of Victorian thought and culture. Robert Browning wrote *Parleyings with Certain People of Importance in Their Day* in his seventy-third year. The work is a capstone to the poet's long career encompassing autobiography as well as influences bearing on the poet's life and career and on Victorian thought and culture in general. One of Browning's most complex works *Parleyings* is also a work essential to understanding his genius and career as a whole. The Ohio Baylor Browning edition offers keys to the complexity and interest of *Parleyings* through a definitive emended text, full annotations for allusions both explicit and implicit in the text and variant readings for the manuscript and all editions revised by Browning during his lifetime. In form and structure *Parleyings* is a series of seven poems written in Browning's own voice and addressed to figures influential in his development. The series is framed by a prologue and an epilogue the whole amounting to some 3,500 lines. The poems are a formal contrast and a pendant to the great series of linked dramatic monologues in *The Ring and the Book*. They demonstrate the zest for innovation possessed by the master of the dramatic monologue in his ripe maturity. Interested readers as well as students and scholars of Browning will find a rich field of poetry and a critical mass of resources in Volume XVI of the Ohio Baylor Browning edition. As always in this acclaimed series a complete record of textual variants is provided as well as extensive explanatory notes.

*Standard Books* Charles Frederick Tweney, 1915 **The Poetical Works of Robert Browning: Volume VII. The Ring and the Book, Books I-IV** Robert Browning, 1983 This volume presents poetry Browning wrote in his seventies his last two books *Parleyings* 1887 and *Asolando* 1889. Both volumes are presented here with previously unknown sources, a wealth of new contextual material and many textual nuances clarified giving a fresh view of the last phase of Browning's career. What emerges is a poet more seriously Christian, Protestant and Liberal than previously supposed, more interested in Britain's destiny and Empire, more enmeshed in the local battles of the
