SP024: The History of the Comstock Lode 1850-1920, *The Bonanza King* Gregory Crouch, 2018-06-19 A monumentally researched biography of one of the nineteenth century's wealthiest self-made Americans Well written and worthwhile The Wall Street Journal it's the rags to riches frontier tale of an Irish immigrant who outwits outworks and outmaneuvers thousands of rivals to take control of Nevada's Comstock Lode Born in 1831 John W Mackay was a penniless Irish immigrant who came of age in New York City went to California during the Gold Rush and mined without much luck for eight years When he heard of riches found on the other side of the Sierra Nevada Mountains in 1859 Mackay abandoned his claim and walked a hundred miles to the Comstock Lode in Nevada Over the course of the next dozen years Mackay worked his way up from nothing thwarting the pernicious Bank Ring monopoly to seize control of the most concentrated cache of precious metals ever found on earth the legendary Big Bonanza a stupendously rich body of gold and silver ore discovered 1 500 feet beneath the streets of Virginia City the ultimate Old West boomtown But for the ore to be worth anything it had to be found claimed and successfully extracted each step requiring enormous risk and the creation of an entirely new industry Now Gregory Crouch tells Mackay's amazing story how he extracted the ore from deep underground and used his vast mining fortune to crush the transatlantic telegraph monopoly of the notorious Jay Gould No one does a better job than Crouch when he explores the subject of mining and no one does a better job than he when he describes the hardscrabble lives of miners San Francisco Chronicle Featuring great period photographs and maps *The Bonanza King* is a dazzling tour de force a riveting history of Virginia City Nevada the Comstock Lode and America itself **Geological Survey Professional Paper** Geological Survey (U.S.), 1976 **Reprints of papers. [Series] B** University of Sydney. Science Laboratories, 1920 **Professional Paper**, 1935 **Professional Paper - United States Geological Survey** Geological Survey (U.S.), 1905 Miscellaneous Documents United States. Congress. House, 1882 *Devils Will Reign* Sally Zanjani, 2007-08-01 Nevada entered the Union in 1864 as the thirty-sixth state a mere two decades after John Charles Fremont and his party undertook the first Euro-American exploration of the Great Basin However the intervening years were exceptionally eventful gold was discovered in California in 1848 the debate over slavery in the territories made the Far West a significant topic of congressional concern and the Mormon establishment in Utah stimulated national suspicion of the sect's

ambitions and policies giving this remote sparsely populated region on the eastern slope of the Sierra Nevada an importance that it probably would not have had in less turbulent times In 1849 more than 22 000 people traveled the emigrant trails across the Great Basin and soon Mormons from Utah set up a trading station in the Carson Valley to reap profit from the emigrant trade and anchor the western periphery of what their leader Brigham Young envisioned as a Mormon inland empire Miners in Gold Canyon just south of what is now Virginia City and settlers in the Carson Valley were pushing the Native Americans out of their ancient homelands and vying with one another for control of choice land and rudimentary local governments In *Devils Will Reign* acclaimed historian Sally Zanjani recounts the momentous early history of the territory that is now known as Nevada weaving the colorful saga of this rowdy frontier into the larger story of national political crises and economic ambitions rapid development in California and religious antipathy toward the polygamous Mormons Here are intrepid frontiersmen beleaguered Native Americans zealous Mormons and colorful characters and farmers including a group of African Americans who successfully settled in the Carson Valley Zanjani covers the lives of the pioneers as well as the development and impact of the Comstock silver bonanza and the tenuous halting efforts of the region's residents to create first a territorial then a state government Seldom has the process of western settlement and government making been described with such detail and insight *Engineering and Mining Journal*-press ,1922 *History of Nevada* Russell R. Elliott,1987-01-01 Maintaining the same high standards of the first edition published in 1973 this new revised edition is still the most comprehensive one volume history of a state that was once thought of as a bridge to somewhere else In revising Elliott summarizes the state's economic political and social history since 1973 and strengthens a major point he made then that Nevada's acceptance of liberal marriage and divorce laws and of legalized gambling brought economic stability to a state singularly devoid of stable economic resources from Book Jacket *Engineering and Mining Journal* ,1923 **The Quarterly Journal of the Geological Society of London** Geological Society of London,1879 Vols 1 108 include Proceedings of the society separately paged beginning with v 30
