

Negative Peace

Negative Peace is known as the “absence of violence and the absence of the fear of violence.” Despite its simplicity, this is a deeply profound definition. Peace had often been thought of as simply the absence of war, but it is much more than that.

**...is the absence of violence
or fear of violence**

Positive Peace

Beyond measuring levels of actual peace, how can we understand what is needed to attain peaceful societies? The Global Peace Index tells us how peaceful a country is, but it doesn't tell us what we should be investing in to strengthen or maintain levels of peace.

**...is the attitudes, institutions
& structures that create and
sustain peaceful societies**
