A. W. Rhodes**

## **The Consensual Democracies The Government And Politics Of The Scandinavian States:**

**Scandinavian Politics Today** David Arter,1999-02-15 This volume represents a unique study of contemporary politics and policy making in the five nation states and three Home Rule territories of the Nordic region Written in a lively and readable style by an expert in the field its approach is systematically thematic and comparative Chapters deal with current political science issues such as nation building and state building party system change semi presidentialism and post corporatism as well as addressing intrinsically important regional questions such as whether or not there is a Nordic model of government a distinctively Scandinavian form of parliamentarianism and a superior welfare system There is also detailed discussion of the Nordic states in their strategic external environment focusing on the post war security configuration in northern Europe and the impact of European integration on Scandinavia [The Consensual Democracies?](#) Neil

Elder,Alastair H. Thomas,David Arter,1982-01-01 **Consensual democracies. the government and politics of the scandinavian states** Neil Elder,1982 *The Routledge Handbook of Scandinavian Politics* Peter Nedergaard,Anders Wivel,2017-08-09 The Routledge Handbook of Scandinavian Politics is a comprehensive overview of Scandinavian politics provided by leading experts in the field and covering the polity the politics and the policy of Scandinavia Coherently structured with a multi level thematic approach it explains and details Scandinavian politics today through a series of cutting edge chapters It will be a key reference point both for advanced level students developing knowledge about the subject as well as researchers producing new material in the area and beyond It brings geographical scope and depth with comparative chapters contributed by experts across the region Methodologically and theoretically pluralistic the handbook is in itself a reflection of the field of political science in Scandinavia and the diversity of the issues covered in the volume The Routledge Handbook of Scandinavian Politics will be an essential reference for scholars students researchers and practitioners interested and working in the fields of Scandinavian politics European politics comparative politics and international relations

**Models of Democracy in Nordic and Baltic Europe** Nicholas Aylott,2016-04-15 This book explores the ways in which representative democracy works in two neighbouring collections of European states the Nordic Denmark Finland Iceland Norway and Sweden and the Baltic Estonia Latvia and Lithuania Starting from a Nordic vantage point contributors explore the extent to which aspects of politics function similarly or dissimilarly across the two groups of democratic states acknowledging the differences in models of democracy that occur within each group Authors explore the possibility that some of the apparently successful institutional features of Nordic politics have somehow influenced politics in the Baltic states despite the considerable contextual differences between the two groups The Nordic Baltic comparison is particularly worthy of study given the comparative stability of the Nordic democracies and the half century of occupation by a totalitarian dictatorship that the Baltic states endured The central guiding questions are how does political representation work in countries that have a lot in common but also a few significant contextual dissimilarities and what if any relationships between

the respective styles of democracy can be identified Using a variety of theories perspectives and methods the empirical studies that populate the book seek to offer reflections on these questions

**The Politics of Social Solidarity** Peter Baldwin,1990 By analyzing the competing concerns of different social actors behind the evolution of social policy this study explains why some nations had an easy time in developing a welfare state while others fought long entrenched battles

**Corporatism and the Myth of Consensus** Roger Bobacka,2017-07-05 Cover Half Title Title Page Copyright Page Table of Contents List of Tables Preface Acknowledgements List of Abbreviations 1 Introduction 2 Corporatism and Consensus Building 3 Working Hours and Interest Intermediation in Finland a Politics of Accommodation 4 Working Hours and Organised Interests the Current Dilemma 5 The Formulation of Working Hours Legislation Corporate Pluralist Deliberation as Consensus Building 6 Parliamentary Deliberation Formal Rules and nformal Practices 7 Implementation and Public Perceptions Do Corporate Pluralist Arrangements Matter on the Shop Floor 8 Conclusions Consensus and its Side Effects Appendix Bibliography Index

**Social Democracy in a Post-communist Europe** Bruno Coppieters,Kris Deschouwer,Michael Waller,2014-03-05 This book examines the fortunes of social democracy since 1989 in the former GDR Poland Hungary the Czech Republic and Slovakia setting the analysis in a broader European framework and relating the current problems of social democracy in western Europe to developments in the east of the continent

**Two Into One** Lawrence D Longley,2019-03-22 Recent scholarship points to a new institutionalism just as recent political developments point to a trend toward democratization If institutions matter and if legislatures are the democratic institutions in which the voice of the people speaks then the organization of legislatures bi or unicameral has important consequences for democracy

**Democracy in Scandinavia** David Arter,2006-09-19 This book is about the distinctive features of Scandinavian democracy the state of Scandinavian democracy and the classification of the Scandinavian democracies It breaks new ground in challenging the established status of the Scandinavian countries as consensus model democracies The book poses three main questions First what are the distinctive features of the five Scandinavian political systems when compared with the Westminster model of democracy Next how well does the evidence from recent commissions suggest that Scandinavian democracy is working in practice Finally is Scandinavian democracy consensual majoritarian or mixed The nature of legislative executive relations is explored with a particular focus on the role of the parliamentary opposition and its involvement in policy making

**Strategies for Comparative Research in Political Science** B. Guy Peters,2013-10-01 Written by a prominent figure in the field this book provides an accessible introduction to comparative methodology Drawing on a wide range of approaches throughout it is essential reading for anyone wanting to understand or research in this major area of political science

**Variations of the Welfare State** Franz-Xaver Kaufmann,2012-11-15 In the burgeoning literature on welfare regimes and typologies this comparative study offers a stimulating new perspective Kaufmann the doyen of the sociology of social policy in Germany emphasizes norms culture and history in contrast to political economy approaches

Comparing Britain Sweden France and Germany Kaufmann highlights the idiosyncrasy of each welfare state countries are compared with regard to their state traditions and the relationship between state and civil society their national social questions their economic systems including the unions and labour law social security and redistribution and their personal social services and education The socio cultural approach enables Kaufmann to show that not all modern states are welfare states Some are just capitalism the USA others are socialism the former Soviet Union In this light the essentially North West European welfare state is portrayed as a third way between capitalism and socialism

**Contesting Nordicness** Jani Marjanen, Johan Strang, Mary Hilson, 2021-12-20 The terms Nordic and Scandinavian are widely used to refer to the politics society and culture of Denmark Finland Iceland Norway and Sweden But why have people felt the need to frame things as Nordic and why has the adjective Nordic become so prominent This book adopts a rhetorical approach analysing the speech acts which have shaped the meanings of the term What do the different terms Nordic and Scandinavian have in common and how have the uses of these terms changed in different historical periods What accounts for the apparent upsurge in uses of the rhetoric of Nordicness in the 2010s Drawing on eight case studies of the uses of Nordic and Scandinavian from the nineteenth century to the present day the book explores the appeal and the flexibility of the rhetoric of Nordicness in relation to race openness gender equality food crime fiction Nordic co operation and the Nordic model Arguing that Nordic and Scandinavian are flexible and contested concepts that have been used in different often contradictory and inherently political ways the book suggests that the usage of the term has evolved from a means of creating a cultural community to forging political co operation and further to marketing models in politics and popular culture The rhetorical approach also shows how many of the hallmarks of Nordic political culture such as the Nordic model Nordic gender equality or Nordic openness are more recent conceptualisations than usually assumed As such the book argues for the need to turn attention away from analysing the different components of Nordicness into studying how when and for what purpose different features were made Nordic

**Governing the New Europe** Jack Ernest Shalom Hayward, Edward Page, 1995 Governing the New Europe provides a comprehensive and scholarly account of the changing political map of Europe as it emerges from the Cold War Exploring the variations of liberal democracy and market economy among the European states as well as current trends in these directions the contributors to this volume all leading authorities in European politics consider whether a common political model has begun to emerge out of historic European diversity Beginning with a discussion of the political economic and cultural development of Europe from a historical perspective the focus of the book shifts to an examination of the changing forms of European democracy and the move from public ownership and planning to privatization and deregulated competition Further essays analyze the challenge to national party systems and electoral performance from emerging social movements and organized interest groups Political and bureaucratic structures are also examined as is the new European constitutionalism reflected in the increasingly significant role of the judiciary Lastly attention is turned to several major

themes in European politics the changing foundations of foreign and security policy the function of industrial champion firms and the retreat from the welfare state Primarily comparative in its scope Governing the New Europe does devote particular attention to specific major states as well as to the importance of the European Union to the political life of member and non member countries Neither exaggerating the common features of the patterns that have emerged in contemporary Europe nor capitulating to the complexity of enduring differences and instabilities between states Governing the New Europe will become one of the standard texts in its field Contributors Jack Hayward Jolyon Howorth Herbert Kitschelt Marie Lavigne Tom Mackie Michael Mezey Edward C Page Richard Parry Richard Rose Anthony Smith Alec Stone

**The Nordic Peace** Clive Archer, Pertti Joenniemi, 2017-09-29 The first authoritative account concerning the lack of conflict in the Nordic region this text evaluates why the area is more peaceful than the rest of Europe and whether there is a lesson to be learned from the area Looking at cases where parts of the Nordic area have started to break away from the others and how this was achieved without violence it also explores the settlement of demarcation disputes By using this region as an example for the rest of Europe this book tests the hypothesis of the Nordic Peace using a number of approaches including historical political science peace research sociology and law This highly insightful piece of research is relevant for courses in international relations and European studies

The Baltic World 1772-1993 David Kirby, 2014-07-15 This eagerly awaited sequel shares the characteristics of its distinguished predecessor wide geographical and chronological span expert mingling of political social and economic history and Dr Kirby's ability to keep the separate national threads of his account from tangling as he weaves them into the broad regional picture that is his main concern Here he tackles the contrasting experiences of Europe's northern periphery affluence and democracy in the north stagnation and authoritarianism in the south from the French Revolution to the collapse of the USSR and beyond This is a masterly study of a region that is far from peripheral politically to the post Soviet world

**Comparing Cabinets** Patrick Moray Weller, Dennis Grube, R. A. W. Rhodes, 2021 Why is cabinet government so resilient Why does it continue to be the vehicle for governing across most parliamentary systems Comparing Cabinets examines the structure and performance of cabinet government in five democracies with a particular focus on the influence of differing traditions beliefs and practices to address these questions

**Anti-Political Establishment Parties** Amir Abedi, 2004-07-31 Recent electoral success of the Freedom Party in Austria List Pim Fortuyn in The Netherlands the People's Party in Denmark and the National Front in France have demonstrated the appeal of parties that challenge the political establishment This book seeks to explain why these parties have achieved a political breakthrough but unlike other studies in the area does not concentrate on only one type of party Instead it attempts to determine preconditions for the success of anti political establishment parties in general avoiding any time specific or ideology specific explanations

Interpreting British Governance Mark Bevir, Rod Rhodes, 2003-09-02 How is Britain governed Have we entered a new era of governance Can traditional approaches to governance help us to interpret 21st century Britain This book develops the

argument that we can understand political practices only by grasping the beliefs on which people act It offers a governance narrative as a challenge to the Westminster model of British government and searches for a more accurate and open way of speaking about British government [The True American Manifesto](#) Richard W. Fredericks,2010-06-22 There is no available information at this time

Getting the books **The Consensual Democracies The Government And Politics Of The Scandinavian States** now is not type of inspiring means. You could not by yourself going taking into consideration book buildup or library or borrowing from your connections to approach them.
