**Abstract:** Digital transformation of education is the focus and hot spot of education reform at present, and digital transformation will bring radical changes to the field of education and teaching. Foreign language teaching, because of its special characteristics, can receive more attention and changes, and can produce a process from quantitative to qualitative changes. How to make a good digital transformation of foreign language teaching is very important to promote foreign language teaching methods, innovation and application as well as to explore new teaching modes under digital conditions. Through the introduction of the current background and the research of the current situation at home and abroad, this paper elaborates the significance of digital transformation of foreign language teaching, and introduces the teaching scenarios, teaching contents and teaching forms under digital transformation respectively, and finally summarizes the current opportunities and challenges.

## 1. Introduction

Informatization and digitization are constantly changing every aspect of people's lives. With the support of technologies such as Internet+, big data, cloud computing, artificial intelligence and blockchain, people's production, life and way of thinking have undergone significant changes, which also profoundly affect the development of the education system. In 2021, Facebook founder Zuckerberg said that the metaverse was the next frontier and officially announced the company's name change to Meta<sup>[1]</sup>. Tech giant Microsoft also announced its full-scale entry into the metaverse, and the metaverse concept quickly swept the world. The year 2021 is also defined as the first year of the metaverse by the Internet, which has attracted great interest from governments, technology, finance, education and other fields. This also means that digital transformation has reached a whole new level, and a new digital era has opened up from now on.

Chinese Party Central Committee has made a series of important strategic plans around education modernization, digital China and digital transformation, and the 14th Five-Year Plan and the Long-Range Objectives Through the Year 2035 clearly put forward the following: to accelerate digital development, build a new advantage in digital economy<sup>[2]</sup>, collaborate To promote digitalization and industrial digital transformation, accelerate the pace of digital society construction, improve the level of digital government construction, create a good digital ecology, and build a digital China. In the future, China will promote the construction of a strong network, accelerate the construction of digital economy, digital society, digital

government, digital transformation of the overall drive production methods, and drive the overall economic development.

In December 2022, CPC Central Committee and State Council issued the Opinions on Building a Data Infrastructure System to Better Play the Role of Data Elements. The Opinions point out that the construction of the data foundation system is related to the overall situation of national development and security. In order to accelerate the construction of the data foundation system, give full play to the advantages of China's massive data scale and rich application scenarios, activate the potential of data elements, make stronger, better and bigger digital economy, enhance the new momentum of economic development, and build a new national competitive advantage, relevant opinions are put forward.

In the field of foreign language education, from education system, organization form, teaching mode and learning paradigm, all of them are facing the challenges of brand new development in the digital era, and it is urgent for universities to carry out digital reform and innovation. How to do the transformation from informatization to digitalization? What are the connotation and core of digital transformation in colleges and universities? The research on these questions will help to explore the essence of digital transformation of colleges and universities and correctly grasp the work focus and practice direction of digital transformation of colleges and universities in the future.

*The Art of Foreign Language Teaching* Peter Lutzker, 2022-01-31 The first edition of this work became a standard reference work in the general context of humanistic approaches to foreign language teaching and learning This new edition gives a brief overview of further developments in relevant fields and discusses the importance of the concept of teaching as an art in light of the increasing standardization and digitalization of education Reviews of the 1st edition I believe that the book will become a standard reference point for all those who against the current tide of scientific objectives based test oriented control obsessed sterile approaches to language teaching continue to believe that language teaching is indeed an art and a joyful art at that Prof Dr Alan Maley in English Language Teaching Journal Peter Lutzker is a

major educational thinker and has spent half an earthly span living towards this major book I have placed Peter's book on my shelves next to those of Rogers Curran Dufeu and Stevick Mario Rinvolucri in *Humanising Language Teaching* **The Literacy Approach to Teaching Foreign Languages** Ana Halbach, 2022-03-21 This book describes a new approach to teaching foreign languages for primary and secondary school that shifts the attention from learning the language to communicate skillfully in the foreign language. The approach focuses on developing students' literacy skills as a way to discover language and make it meaningful. In the first four chapters the rationale for the approach is explained and illustrated with examples from different units of work in different languages: French, English and Spanish. Chapter 5 talks the reader through a complete unit of work based on a YouTube video while chapter 6 looks at how this approach can be integrated into an existing curriculum. The book ends by looking at teachers and their difficulties in implementing this approach and finally sets the Literacy Approach against recent developments in education. This volume will be of interest to academics, students and teachers in fields including foreign language education, literacy development and CLIL. **The context of foreign language teaching** Leon A. Jakobovits, 1974 **Teaching English as a Foreign Language** Carola Surkamp, Britta Viebrock, 2018-03-24 Diese Einführung in englischer Sprache präsentiert in 14 Kapiteln die grundlegenden Themen und Gegenstandsbereiche der Englischdidaktik. Gleichermassen praxisnah wie theoretisch fundiert behandelt der Band zentrale Prinzipien und Kompetenzbereiche eines modernen Fremdsprachenunterrichts. Ausgehend von den zentralen Akteuren: Lehrende und Lernende und mit Blick auf die Teilbereiche der Sprachliteratur und Kulturdidaktik werden zudem Vorschläge für den Einsatz unterschiedlicher Materialien und Medien diskutiert. Weitere Kapitel widmen sich den institutionellen Organisationsstrukturen und dem Bereich Assessment/Diagnose. Der Band erscheint in zweifarbiger Gestaltung mit Definitionen und Beispielen sowie mit zahlreichen Abbildungen. This comprehensive introduction presents the fundamental topics and issues of TEFL. Teaching English as a Foreign Language in 14 chapters. Integrating both profound theoretical and creative practical considerations, the central principles and competence domains of modern foreign language teaching are discussed. Starting with the main classroom agents: teachers and learners, the chapters outline a variety of content areas: language, literature, cultural issues, and thoroughly review materials, media and methods. Additional chapters are concerned with the historical development of English language teaching, its current institutional organisation as well as assessment and evaluation. **Practical Approaches to Foreign Language Teaching and Learning** Marta Navarro Coy, 2009 What does learning a language involve? Obviously a rapid and definitive answer cannot be provided for this question since the aspects and situations affecting language learning are many and varied. From the role of culture to the use of new technologies in foreign language learning, this work aims to offer its readers some of the current research being carried out in different areas relevant to the topic. A long developing project has become reality thanks to the work of several researchers who are also experienced teaching professionals. In this sense it is worth mentioning that most chapters of the book relate to

different aspects of language learning within the classroom context which has resulted in realistic approaches to foreign language learning that can be of great help to those involved and or interested in this field Moreover the clear division into sections allows readers to make their choice on how to proceed with the reading of the book depending on their thematic interests Five sections make up this practical work culture and language learning human resources in language learning language learning strategies language learning software and language learning web resources

*An Introduction to Foreign Language Learning and Teaching* Keith Johnson, 2008 Whilst this text for students presents a range of examples that deal with teaching English as a foreign language the basic guidelines mean that the book offers a suitable introduction for student teachers of any foreign language

Context and Culture in Language Teaching Claire Kramsch, 1993-06-17 This book takes cultural knowledge in language learning not only as a necessary aspect of communicative competence but as an educational objective in its own right If the aim of foreign language education is to foster cross cultural awareness and self realization language pedagogy needs to come to grips with a range of fundamental issues what do we mean by cultural context Can discourse practices be taught like rules of grammar What role does literature play in the development of second language literacy How can learners acquire both an insider s and an outsider s understanding of the foreign culture as expressed through its language By exploring these and other issues the book can help language teachers reflect on their profession and place it within its larger societal and educational context In turn they can help learners become not only skilful users of the language but also active architects of a new cross cultural world order

The Practice of Foreign Language Teaching Azamat Akbarov, 2015-10-05 The Practice of Foreign Language Teaching Theories and Applications is a collection of essays which will appeal to teachers of modern languages no matter the level of instruction The volume analyzes the concepts of foreign language education and multicultural competence including the notion of the intercultural speaker It also discusses the ways in which language education policy develops by comparing the theories and purposes of foreign language education The essays collected here highlight the various different methods and approaches in language teaching and introduce more experienced teachers to new approaches and teaching ideas The book will also provide language instructors with the theoretical background and practical solutions they need to decide which approaches materials and resources can and should be used in their L2 classrooms

## **The Context Of Foreign Language Teaching Introduction**

In today's digital age, the availability of The Context Of Foreign Language Teaching books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Context Of Foreign Language Teaching books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Context Of Foreign Language Teaching books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Context Of Foreign Language Teaching versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The Context Of Foreign Language Teaching books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Context Of Foreign Language Teaching books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Context Of Foreign Language Teaching books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited

period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Context Of Foreign Language Teaching books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Context Of Foreign Language Teaching books and manuals for download and embark on your journey of knowledge?
