## **The Communist Bloc People Politics And Powers:**

Federal Government's Handling of Soviet and Communist Bloc Defectors United States. Congress. Senate. Committee on Governmental Affairs. Permanent Subcommittee on Investigations, 1988      *The People, Press, and Politics of Croatia* Stjepan Malovic, Gary W. Selnow, 2001-05-30 Malovic and Selnow examine the evolution of the press government relationship in Croatia from the Tito era to the present Their story is one of three interacting players the Croatian government which until recently has sat firmly in control the compliant press which seemed little motivated to change and the largely quiescent public which demanded little from its press or its government A provocative often first hand account that will be of interest to scholars and researchers involved with Balkan current affairs journalism and politics      *Russian Politics and Presidential Power* Donald R. Kelley, 2016-10-05 Russian Politics and Presidential Power takes an in depth look at the Russian presidency and uses it as a key to understanding Russian politics Donald R Kelley looks at presidents from Gorbachev to Putin as authoritarian transformational leaders who set out to build the future while sometimes rejecting and reinterpreting the work of past modernizers Placing the presidency in this context helps readers understand both the disintegration of the Soviet Union and the nature of the Russian Federation that rose in its place And by setting the presidency within a longer historical context Kelley shows how the future of the presidency is dependent on other features of the political system      **Global**

**Communications and Political Power** Donald Wilhelm, 2017-09-29 This book is concerned with global communications revolution and political power It offers a fascinating combination of astuteness together with intellectual provinciality

*Knowledge, Power, and Black Politics* Mack H. Jones, 2014-01-01 Develops an alternative framework for describing and explaining African American politics and the American political system and applies it to a number of case studies Few scholars have influenced the development of the study of black politics as much as Mack H Jones Through his writings one can trace the emergence evolution and maturation of the scientific study of the field Knowledge Power and Black Politics brings together difficult to find and out of print essays by this important figure In the first part of this volume Jones demonstrates how American social science creates a misleading caricature of African American life one that can only lead to misguided public policies He offers an alternative frame of reference the dominant subordinate group model and argues that it offers greater descriptive insights and prescriptive utility for those interested in understanding politics internal to the African American community The framework established in the first section is used to examine a broad range of topics such as the history of black politics from the period of enslavement to the modern era and the dynamics of the civil rights movement as well as a range of contentious public policy issues including public welfare affirmative action the black underclass racism and multiculturalism the black conservative movement deracialization presidential politics and US foreign policy toward developing countries For more than four decades Mack H Jones s work has been pivotal in directing the scope of black politics Although his work is widely cited never before have his seminal writings been compiled in one volume Taken

together as a whole they provide a guidebook to the field and present a powerful commentary on black politics in the current era With force and clarity Jones trains his sights on the most significant issues of epistemology historical developments policy initiatives and political figures and groups His clarity of vision on the instrumental uses of knowledge to advance the principle of freedom drives his incisive analysis intellectual rigor and most of all fearlessness We have much to continue to learn from the work assembled in this collection Nikol G Alexander Floyd author of Gender Race and Nationalism in Contemporary Black Politics Congressional Record United States. Congress,1981 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **Individualism, Collectivism, and Political Power** Érvín László,2013-11-09

**Governments around the World** Fred M. Shelley,2015-05-26 Providing a valuable resource for secondary school and college students as well as the general public investigating the process of governance in different countries this book provides a comprehensive comparative summary of how governments are constituted and operated worldwide Political systems around the world can be a confusing subject Why does England have both a monarchy and a prime minister How does a federal republic differ from a federation and a republic How is China a communist state without a dictator And how is the United Nations managed Governments around the World From Democracies to Theocracies examines the major types of governments around the world providing accessible descriptive country examples of each variation that allow readers to understand how governments operate and shape societies and cultures An excellent resource for high school and college students as well as general readers this compact one volume reference work covers forms of government that include democracies republics communist states monarchies transitional governments and theocracies as well as transnational organizations Each chapter begins with an overview of that particular government type identifying the general philosophies practices and ruling structures in addition to making comparisons of several key countries that follow that government type Additionally the content includes constitutional excerpts that clarify how human rights are conceptualized and articulated throughout the world **The Challenge of Politics** Douglas W. Simon,Joseph Romance,Neal Riemer,2019-01-02 This is a textbook that offers students a good introduction to the science of politics while emphasizing the moral empirical and prudential dimensions of politics Prosper Bernard Jr College of Staten Island This updated Sixth Edition of The Challenge of Politics enables students to see how the subfields of political science converge around a set of crucial questions such as Can we as citizens and students articulate and defend a view of the good political life and its guiding political values Can we bring political wisdom to bear on judgments about politics and public issues and Can we develop a science of politics to help us understand significant political phenomena the empirical realities of politics Balancing lessons of classic and contemporary

theory with contemporary politics and empirical study the book equips students with the tools they need to explore the impact of philosophy and ideology recognize major forms of government evaluate empirical findings and understand how policy issues directly affect people's lives The updated Sixth Edition includes new material on the 2016 presidential elections the role of social media in politics and an expanded discussion on the rise of populist movements Give your students the SAGE edge SAGE edge offers a robust online environment featuring an impressive array of free tools and resources for review study and further exploration keeping both instructors and students on the cutting edge of teaching and learning Learn more at [edge.sagepub.com](http://edge.sagepub.com) Understanding Comparative Politics Mehran Kamrava, 2012-08-21

Comparative politics has undergone significant theoretical changes in recent decades Particularly since the 1980s a new generation of scholars have revamped and rejuvenated the study of the subject Mehran Kamrava examines current and past approaches to the study of comparative politics and proposes a new framework for analysis This is achieved through a comparative examination of state and social institutions the interactions that occur between them and the political cultures within which they operate The book also offers a concise and detailed synthesis of existing comparative frameworks that up to now at least have encountered analytical shortcomings on their own Although analytically different in its arguments and emphasis from the current Mainstream genre of literature on comparative politics the present study is a logical outgrowth of the scholarly works of the last decade or so It will be essential reading for all students of comparative politics **A Detailed**

**Analysis of the Constitution** Edward Francis Cooke, 2002 The Constitution of the United States and its amendments are clearly explained phrase by phrase in this revised edition Through instantaneous communication by audio and visual mass media contemporary American society is constantly made aware of the vital impact of the national Constitution and its interpretations with regard to political economic and social issues This concise analysis of the meaning of the Constitution with expositions of the history and principles of constitutionalism should provide better understanding of and respect for the basic law of the land Intended to supplement standard texts in history and government and to serve as a reference for all interested citizens Ideology And Political System Kundan Kumar, 2003 Contents Evolution of the Concept Impact of

Ideology on the Theorising Politics The Soviet Ideology Origin Evolution and Formulations Ideological Socialist Bloc Emergence Role and Configuration Break up of the Soviet Union Rationale and Consequences Conclusion An End Or New Beginning *Economic Reforms In Eastern Europe And The Soviet Union* Hubert Gabrisch, 2019-05-20 The author discusses the traditional system of management of the economy as it existed in the early 1950s in the USSR and goes on to deal with the reforms of the 1960s and of the 1980s country by country He shows that the focus of the reforms is on finding a proper combination of planning and the market mechanism and their success will be judged *Biographical Dictionary of the People's Republic of China* Yuwu Song, 2014-01-10 This biographical dictionary is an indispensable research tool for information about the prominent persons of the past seven decades in China The book documents nearly 600 Chinese

individuals who contributed for better or worse to the development of Chinese life and culture since the founding of the People's Republic of China in 1949 Though the book is weighted toward political figures it includes persons in business the military academia medicine social movements the arts entertainment and athletics In addition to an objective description of the person's life an analysis is provided that identifies the individual's contributions and importance
