The Companion Guide To Gascony And The Dordogne:

The Companion Guide to Gascony and the Dordogne Richard W. Barber, 1999 The guide for the traveller as opposed to the tourist the person for whom the history of the region and its reflection in landscape buildings and culture are the essence of travel

The Companion Guide to Venice Hugh Honour, 1997 It offers all that the visitor with a concern for beauty and for leisurely sight seeing will require Financial Times If ever a guidebook were designed to be read as literature it is Mr Honour's Even those who know Venice well and love it well will add to their appreciation from this seemingly endless store of information Economist Offers all that the visitor with a concern for beauty and for leisurely sight seeing will require FINANCIAL TIMES The best guide book I have ever encountered and a book I found it impossible not to read from beginning to end OBSERVER There are few pleasanter ways of passing a summer's evening than sitting over a cup of coffee and perhaps a glass of Aurum in the Piazza San Marco It is especially agreeable on those nights when the Venetian city band thunders away at some throbbingly romantic piece And all the while the younger inhabitants parade around the square chattering flirting quarrelling and staring at their visitors with that same unwinking gaze that Venetians have turned on their guests for the past five centuries The facade of San Marco closes the scene in a glitter of golden mosaic and a bubbling of cupolas while the great thick red campanile stretches up into the warm mothy darkness of the summer sky Hugh Honour it is clear knows Venice exceptionally well and catches the rhythms of the city's life with unerring skill His guide with its winning blend of evocative detail and precise information spurs the reader to investigate Venice's wonders Piazza San Marco is only the beginning of a journey into the heart of Venice and its history

The Companion Guide to Wales David Barnes, 2005 Wales is a country where small in beautiful a cultural tradition rooted in the austerity and erudition of the Celtic saints a tradition more confirmed than repudiated by the Reformation and is best appreciated by lovers of small things The delights of Wales are understated and cumulative small country churches rather than great city cathedrals a labyrinth of byways away from the few highways details of vernacular architecture rather than grand edifices Edward I's thirteenth century castles being the exception that proves the rule
