

THE COMPLETE WILD BODY

WYNDHAM LEWIS

EDITED BY BERNARD LAFOURCADE

The Complete Wild Body

RC Schank

The Complete Wild Body:

The Cinema and the Origins of Literary Modernism Andrew Shail, 2012 This book examines early British film and film culture as a substantial context for the emergence of modernism in literature The study considers Conrad Joyce Woolf Yeats and Eliot and treats literary modernism as a consequence of cinema s new accounts of language time collectivity and the self

The Grotesque Modernist Body David Cruickshank, 2024-04-26 The Grotesque Modernist Body explores how and why modernist authors drew on the traditions of the grotesque body in order to represent modern reality accurately The author employs the concept of the grotesque body as a theoretical framework with which to examine rigorously a range of modernist novels poems and visual media by Conrad Lewis Eliot and Barnes alongside their historical contexts and theories of humour and horror This monograph challenges the prevailing narrative of modernism s abstract psychological and impersonal inward turn by tracing its mechanical animal hybrid bodies back to the medieval carnival satire of Rabelais the gothic horror of the long nineteenth century from Hoffmann Shelley and Poe to H G Wells and Henry James and the uncanny dreamlike art of Goya and Rousseau

The Agon of Modernism Anne Quéma, 1999 Lewis s political writings present ambiguities his stated belief in the autonomy of art from life is contradicted by other statements he made and by his critical analyses of writers and his political writings blur any a priori generic distinction between art and non art Given this blurring between art and life artistic genre and non artistic genre Quema claims that Lewis s political texts present characteristics usually attributed to avant gardism However this radicalism has to be balanced against Lewis s conservatism Thus his political writings can be read as allegories with two pragmatic aims to organize the life of the polis from an artistic standpoint and to persuade the reader to adhere to authoritarian politics

BOOK JACKET *Theorizing Modernisms* Steve Giles, 2002-09-11 Provides a much needed corrective to the misleading accounts of modernism that have dominated recent debate shedding new light at the same time on the current controversies surrounding postmodernism

Wyndham Lewis and Western Man David Ayers, 2015-12-22 Satirizing Modernism Emmett Stinson, 2017-06-01 Satirizing Modernism examines 20th century novels that satirize avant garde artists and authors while also using experimental techniques associated with literary modernism These novels such as Wyndham Lewis s *The Apes of God* William Gaddis s *The Recognitions* and Gilbert Sorrentino s *Imaginative Qualities of Actual Things* were under recognized and received poor reviews at the time of publication but have increasingly been acknowledged as both groundbreaking and deeply influential Satirizing Modernism analyzes these novels in order to present an alternative account of literary modernism which should be viewed neither as a radical break with the past nor an outmoded set of aesthetics overtaken by a later postmodernism In self reflexively critiquing their own aesthetics these works express an unconventional modernism that both revises literary history and continues to be felt today

Wyndham Lewis and the Cultures of Modernity Andrzej Gąsiorek, Alice Reeve-Tucker, Nathan Waddell, 2011 Making a strong case for a revaluation of Wyndham Lewis this collection argues that significant aspects of Lewis s writing painting and

thinking have not yet received the attention they deserve Lewis's contributions to the production and circulation of modernism and the links between Lewis's writing and painting are explored in the context of other key figures of the twentieth century

The Cambridge Companion to the Modernist Novel Morag Shiach, 2007-04-19 The novel is modernism's most vital and experimental genre In this 2007 Companion leading critics explore the very significant pleasures of reading modernist novels but also demonstrate how and why reading modernist fiction can be difficult No one technique or style defines a novel as modernist Instead these essays explain the formal innovations stylistic preferences and thematic concerns which unite modernist fiction They also show how modernist novels relate to other forms of art and to the social and cultural context from which they emerged Alongside chapters on prominent novelists such as James Joyce and Virginia Woolf as well as lesser known authors such as Dorothy Richardson and Djuna Barnes themes such as genre and geography time and consciousness are discussed in detail With a chronology and guide to further reading this is the most accessible and informative overview of the genre available

Wyndham Lewis and the Avant-Garde Toby A. Foshay, 1992-09-03 Toby Foshay's penetrating study of Lewis presents a two pronged argument that will help to lift Lewis from this obscurity First he reveals that Lewis is less interested in stylistic and formal innovation than he is committed to artistic philosophical and political transformations As such Lewis is not a modernist but in the sense of the term as employed by theoretician Peter Burger an avant gardiste Second Foshay demonstrates that Lewis's development as an artist is inextricably linked to his avant garde commitments commitments that find their roots in Lewis's reading of Nietzsche Lewis's fiction and criticism must thus be read Foshay maintains as developing interdependently throughout his career and in relation to his evolving interpretation of Nietzsche Foshay's insightful critique of Lewis's relation to the Modernist movement on the one hand and of his development as an artist and critic on the other offers a revised reading not only of Modernism itself but of what Lewis can teach us about the relation of thought to the practice of art in modernity

English Novel in History, 1895-1920 David Trotter, 2003-10 Written especially for students and assuming no prior knowledge of the subject this book aims to provide a comprehensive introduction to early 20th century fiction

Decadence in the Age of Modernism Kate Hext, Alex Murray, 2019-07-16 The first holistic reappraisal of the significance of the decadent movement from the 1900s through the 1930s *Decadence in the Age of Modernism* begins where the history of the decadent movement all too often ends in 1895 It argues that the decadent principles and aesthetics of Oscar Wilde Walter Pater Algernon Swinburne and others continued to exert a compelling legacy on the next generation of writers from high modernists and late decadents to writers of the Harlem Renaissance Writers associated with this decadent counterculture were consciously celebrated but more often blushing denied even as they exerted a compelling influence on the early twentieth century Offering a multifaceted critical revision of how modernism evolved out of and coexisted with the decadent movement the essays in this collection reveal how decadent principles infused twentieth century prose poetry drama and newspapers In particular this book demonstrates the potent

impact of decadence on the evolution of queer identity and self fashioning in the early twentieth century In close readings of an eclectic range of works by Virginia Woolf James Joyce and D H Lawrence to Ronald Firbank Bruce Nugent and Carl Van Vechten these essays grapple with a range of related issues including individualism the end of Empire the politics of camp experimentalism and the critique of modernity Contributors Howard J Booth Joseph Bristow Ellen Crowell Nick Freeman Ellis Hanson Kate Hext Kirsten MacLeod Kristin Mahoney Douglas Mao Mich le Mendelssohn Alex Murray Sarah Parker Vincent Sherry

Modernist Nowheres N. Waddell,2012-07-24 Modernist Nowheres explores connections in the Anglo American sphere between early literary modernist cultures politics and utopia Foregrounding such writers as Conrad Lawrence and Wyndham Lewis it presents a new reading of early modernism in which utopianism plays a defining role prior to during and immediately after the First World War

English Literature of the 1920s David Ayers,2020-03-31 No detailed description available for English Literature of the 1920s

Framing Literary Humour Jeanne Mathieu-Lessard,2020-01-23 Contrary to what their oppressive design would lead us to believe might structures of imprisonment actually incite humour Starting from the most obvious areas of imprisonment war camps prison cells and moving to the less obvious masks bodies Framing Literary Humour demonstrates how 20th century humour in theory and in fiction cannot be fully understood without a careful look at its connection with the notion of imprisonment Understanding imprisonment as a concrete spatial setting or a metaphorical image Jeanne Mathieu Lessard analyses selected works of Romain Gary Giovannino Guareschi Wyndham Lewis Vladimir Nabokov and Luigi Pirandello to reconfigure confinement as an essential structural condition for the emergence of humour

Blast Paul Edwards,2018-12-20 This title was first published in 2000 Founded in 1914 by Wyndham Lewis and christened by Ezra Pound the Vorticism movement was a sustained act of aggression against the moribund Victorianism seen as stifling to artistic energies Inspired by the example of F T Marinetti and the Futurists the Vorticists were nevertheless harshly critical of the Futurists naive enthusiasm for modernity They created their own style of geometric abstraction to celebrate the new consciousness of humanity in a mechanized urban environment But their splintered and discordant style also measured the cost of the psychic disruption that modernity caused This illustrated guide to the movement covers topics including sculpture painting literary Vorticism women in Vorticism and Vorticist aesthetics

Wyndham Lewis the Radical Carmelo Cunchillos Jaime,2007 This volume about the modernist writer and artist Wyndham Lewis 1882 1957 presents him as a radical figure in twentieth century modernism The authors rediscover aspects of Lewis s work which show how his fiction challenges modernist norms and how his acute and wide ranging critique of culture has a vital contemporary relevance Lewis s range is extraordinary it covers Nietzsche as well as classic cinema Renaissance art and English classicism Being politically conservative he had nonetheless a place on the political left and he can be seen as a postmodernist before his time These essays by leading Spanish and British specialists reveal Lewis as one of the key modernists of our time

Speech-Gesture Complex Anthony Paraskeva,2013-09-30 This study examines the representation of gesture in modernist

writing performance and cinema Moonlighting Nathan Waddell, 2019-06-27 How and why did the life and music of Ludwig van Beethoven 1770 1827 matter to experimental writers in the early twentieth century Previous answers to this question have tended to focus on structural analogies between musical works and literary texts charting the many different ways in which poetry and prose resemble Beethoven's compositions This book takes a different approach It focuses on how early twentieth century writers chief among them E M Forster Aldous Huxley Wyndham Lewis Dorothy Richardson Rebecca West and Virginia Woolf profited from the representational conventions associated in the nineteenth century and beyond with Beethovenian culture The emphasis of Moonlighting falls for the most part on how modernist writers made use of Beethovenian legend It is concerned neither with formal similarities between Beethoven's music and modernist writing nor with the music of Beethoven per se but with certain ways of understanding Beethoven's music which had long before 1900 taken shape as habit myth cliché and fantasy and with the influence they had on experimental writing up to 1930 Moonlighting suggests that the modernists drew knowingly and creatively on the conventional It proposes that many of the most experimental works of modernist literature were shaped by a knowing reliance on Beethovenian consensus in short that the literary modernists knew Beethovenian legend when they saw it and that they were eager to use it **Modernist Travel Writing** David G. Farley, 2010-11-30 As the study of travel writing has grown in recent years scholars have largely ignored the literature of modernist writers Modernist Travel Writing Intellectuals Abroad by David Farley addresses this gap by examining the ways in which a number of writers employed the techniques and stylistic innovations of modernism in their travel narratives to variously engage the political social and cultural milieu of the years between the world wars Modernist Travel Writing argues that the travel book is a crucial genre for understanding the development of modernism in the years between the wars despite the established view that travel writing during the interwar period was largely an escapist genre one in which writers hearkened back to the realism of nineteenth century literature in order to avoid interwar anxiety Farley analyzes works that exist on the margins of modernism generically and geographically works that have yet to receive the critical attention they deserve partly due to their classification as travel narratives and partly because of their complex modernist styles The book begins by examining the ways that travel and the emergent travel regulations in the wake of the First World War helped shape Ezra Pound's *Cantos* From there it goes on to examine E E Cummings's frustrated attempts to navigate the unworld of Soviet Russia in his book *Eimi* Wyndham Lewis's satiric journey through colonial Morocco in *Filibusters in Barbary* and Rebecca West's urgent efforts to make sense of the fractious Balkan states in *Black Lamb and Grey Falcon* These modernist writers traveled to countries that experienced most directly the tumult of revolution the effects of empire and the upheaval of war during the years between World War I and World War II Farley's study focuses on the question of what constitutes evidence for Pound Lewis Cummings and West as they establish their authority as eyewitnesses translate what they see for an audience back home and attempt to make sense of a transformed and transforming modern

world Modernist Travel Writing makes an original contribution to the study of literary modernism while taking a distinctive look at a unique subset within the growing field of travel writing studies David Farley s work will be of interest to students and teachers in both of these fields as well as to early twentieth century literary historians and general enthusiasts of modernist studies

Intertextual Dynamics within the Literary Group of Joyce, Lewis, Pound and Eliot

D. Brown,1990-10-26 The book examines key texts by the writers James Joyce Wyndham Lewis Ezra Pound and T S Eliot as moves within a shared group game that of creating a new literature for the new age It maps a great deal of intertextual reference allusion and influence and suggests a psychoanalytically informed hypothesis that certain literature can be constituted a species of interpersonal groupwork It demonstrates how the core grouping within literary modernism developed an experimental discourse through mutual rivalry and sharing And it describes different group roles contributions and changes of emphasis within an overall project stretching from 1914 into the 1950s
