

..Vedanta and modern managers

- Vedanta philosophy gives an insight into the types of human beings- Tamsic, Rajsik and Yogic. It also gives elaborate description of the motivations and driving forces of the three types of human beings. A manager with knowledge of Vedanta will do well by forming an appropriate strategy for all types of people and harnessing their strengths or keeping away from them completely.
- Bhagavad Gita is an entire treatise on management. It talks about taking up a cause just on the basis of righteousness, without flinching even if one has to be on the opposite side of one's own kith and kin. It espouses the concept of Dharma over personal relationship.
- Bhagavad Gita also places importance of action over renunciation. When the great archer Arjun wanted to give up arms when confronted by his own Gurus, uncles and brothers in the battle field, Bhagwan Krishn tells Arjun that renunciation to avoid action is akin to cowardice. Vedantic knowledge thus is clearly a call to action and this is the key learning for any manager.
- Vedanta school of thought places great importance on Nishkarm karma or selfless actions. This is the cornerstone of charity that later developed into Corporate social responsibility.
- Vedanta stresses maximum emphasis over means and is not just about results. If the ultimate aim of one's life is to achieve salvation then the path trodden must be ethical and moral.

The Concept Of Salvation In Vendanta

Oswaal Editorial Board

The Concept Of Salvation In Vendanta:

The Concept of Salvation in Vedānta Saroj Kulshreshtha, 1986 **Encyclopedia of Indian Philosophies** Karl H. Potter, 1995-01-01 This constitutes the first volume of the series It indicates the scope of the project and provides a list of sources which will be surveyed in the subsequent volumes as well as provide a guide to secondary literature for further study of Indian Philosophy It lists in relative chronological order Sanskrit and Tamil works All known editions and translations into European languages are cited where published versions of the text are not known a guide to the location of manuscripts of the work is provided **Comparative Theology and the Problem of Religious Rivalry** Hugh Nicholson, 2011-04-08 In theological discourse argues Hugh Nicholson the political goes all the way down One never reaches a bedrock level of politically neutral religious facts because all theological discourse even the most sublime edifying and spiritual is shot through with polemical elements Liberal theologies from the Christian fulfillment theology of the nineteenth century to the pluralist theology of the twentieth have assumed that religious writings attain spiritual truth and sublimity despite any polemical elements they might contain Through his analysis and comparison of the Christian mystical theologian Meister Eckhart and his Hindu counterpart aSkara Nicholson arrives at a very different conclusion Polemical elements may in fact constitute the creative source of the expressive power of religious discourses Wayne Proudfoot has argued that mystical discourses embody a set of rules that repel any determinate understanding of the ineffable object or experience they purport to describe In Comparative Theology and the Problem of Religious Rivalry Nicholson suggests that this principle of negation is connected perhaps through a process of abstraction and sublimation with the need to distinguish oneself from one's intra and or inter religious adversaries Nicholson proposes a new model of comparative theology that recognizes and confronts one of the most urgent cultural and political issues of our time namely the return of the political in the form of anti secular and fundamentalist movements around the world This model acknowledges the ineradicable nature of an oppositional dimension of religious discourse while honoring and even advancing the liberal project of curtailing intolerance and prejudice in the sphere of religion **The Religion of India by Max Weber** Hans H. Gerth, Don Martindale, 2023-06-15 Max Weber's early twentieth century study of the religions and civilization of India is a great pioneering adventure in the sociology of ancient India Weber's insight and analysis especially his application of the sociological perspective to the work of classical Indologists and the religious texts available to him were to add much to the store of the social scientist Later historians and archaeologists were to confirm a surprising number of Weber's theories The central concern of this and other of Weber's studies of countries we today describe as developing was with the obstacles to industrialization and modernization Weber anticipated by several decades a problem that has come to occupy the post World War II world Why had these countries failed to display the full consequence of these rationalizing tendencies which to Weber's mind had so powerful an affinity with the scientific technical transformation of the West He isolated religious institutions and the key social strata which

mediate them to wider society as crucial for the original formation of social psychological orientations to the practical concerns of life and hence for receptivity or resistance to industrialization Spiritualism, Its Present-day Meaning Huntly Carter,1920 Western Sociologists on Indian Society (Routledge Revivals) G. R. Madan,2010-01-20 Of the five major sociologists whose views on Indian society are assessed in this work originally published in 1979 Marx and Weber made a special study of the subject and had something definite to say about the future of Indian society Herbert Spencer was primarily concerned with the effects of colonial rule on India s progress while Durkheim and Pareto tended to observe Indian society from a comparative point of view However as this study shows all five sociologists touched on two special aspects of Indian society Indian religion and the caste system The other features of Indian society which they discussed in their various writings range widely from marriage and family structure through village communities and the social structure of cities to political organization the educational system economic conditions and the future progress of Indian society Dr Madan demonstrates the correctness of Marx s contention that the political subordination of India was the one great hindrance to the future progress of Indian Society He points out though that Marx failed to see clearly the effects of the caste system on economic development and shows that this aspect was more correctly assessed by Max Weber On the other hand in Dr Madan s view Weber s observation that Indian religion was other worldly and therefore a great obstacle to progress in Indian society lacked incisiveness By focusing on a neglected aspect of the writings of five of the great figures in sociology the book gives a new insight into their work and at the same time highlights many hitherto unrecognized facets of India s complex social structure The Philosophical Quarterly ,1927 *The Uddhava Gita* ,2002-09-28 Widely read The Bhagavad Gita is a classic of world spirituality while The essential companion to The Bhagavad Gita The Uddhava Gita has remained overlooked This new accessible and only English translation in print of The Uddhava Gita offers a previously unexplored path to understanding Hinduism and Krishna s wisdom Written centuries apart the ideas of the two dialogues are similar although their approach and contexts differ The Bhagavad Gita is filled with the urgency of battle while The Uddhava Gita takes place on the eve of Krishna s departure from the world The Uddhava Gita offers the reader philosophy sublime poetry practical guidance and ultimately hope for a more complete consciousness in which the life of the body better reflects the life of the spirit Religion and Anthropology Brian Morris,2006 This important textbook provides a critical introduction to the social anthropology of religion focusing on more recent classical ethnographies Comprehensive free of scholastic jargon engaging and comparative in approach it covers all the major religious traditions that have been studied concretely by anthropologists Shamanism Buddhism Islam Hinduism Christianity and its relation to African and Melanesian religions and contemporary Neopaganism Eschewing a thematic approach and treating religion as a social institution and not simply as an ideology or symbolic system the book follows the dual heritage of social anthropology in combining an interpretative understanding and sociological analysis The book will appeal to all students of anthropology whether established scholars or initiates to the

discipline as well as to students of the social sciences and religious studies and for all those interested in comparative religion

ORIGIN AND EVOLUTION OF WORLD RELIGION (Free Book) DARSHAN SINGH Darshan Singh, 2025-07-24 **ORIGIN AND EVOLUTION OF WORLD RELIGION Free Book DARSHAN SINGH** [Four Views on the Axiology of Theism](#) Kirk Lougheed, 2020-09-17 For centuries philosophers have addressed the ontological question of whether God exists. Most recently philosophers have begun to explore the axiological question of what value impact if any God's existence has or would have on our world. This book brings together four prestigious philosophers: Michael Almeida, Travis Dumsday, Perry Hendricks, and Graham Oppy to present different views on the axiological question about God. Each contributor expresses a position on axiology which is then met with responses from the remaining contributors. This structure makes for genuine discussion and developed exploration of the key issues at stake and shows that the axiological question is more complicated than it first appears. Chapters explore a range of relevant issues including the relationship between Judeo-Christian theism and non-naturalist alternatives such as pantheism, polytheism, and animism; panpsychism. Further chapters consider the attitudes and emotions of atheists within the theism conversation and develop and evaluate the best arguments for doxastic pro theism and doxastic anti theism. Of interest to those working on philosophy of religion, theism, and ethics, this book presents lively accounts of an important topic in an exciting and collaborative way offered by renowned experts in this area.

Shastra Wisdom - Consecrated Scriptures Hemal Shah, 2025-05-05 Welcome to Shastra Wisdom, your doorway into the timeless, ever-evolving world of Hinduism. More than just a book, this is a spiritual companion, a guide, and a heartfelt invitation to explore one of the world's oldest, richest, and most profound traditions. At its core, Shastra Wisdom is born out of reverence for the ancient scriptures, the enlightened sages, and the living spirit of a tradition that transcends time and geography. Hinduism is not merely a religion; it is a way of life, a mosaic of philosophies, rituals, disciplines, and stories that lead us toward self-discovery, inner peace, and divine realization. This book was written to illuminate that path. In today's fast-paced world, Hinduism is often misunderstood, reduced to symbols or confined to surface-level interpretations. Shastra Wisdom seeks to change that narrative. With humility and passion, I have drawn upon sacred texts, oral traditions, historical insights, and spiritual experiences to offer an authentic and accessible guide to Hinduism. Whether you're a seeker exploring for the first time or someone rooted in its traditions, this book aims to spark reflection, curiosity, and connection. This book is structured to take you on a guided journey through the soul of Hinduism.

An Invitation to Hinduism: Scriptural Insights, Core Principles, Cultural and Historical Tapestry, Practices and Rituals, Modern Relevance

Understanding The Elemental Hindu Works Geeta Kasturi, Kasturi N.V., 2013-02-06 In this engaging and easy text, the authors explore the foundational works of Hinduism. Spanning philosophy, mythology, poetry, and music, this book is sure to educate as well as entertain.

The Concept of Self in Hinduism, Buddhism, and Christianity and Its Implication for Interfaith Relations Kiseong Shin, 2017-05-05 This is the first comparative study of the self and no self in Hinduism, Buddhism, and Christianity. In

spite of doctrinal differences within these three belief systems they agree that human beings are in a predicament from which they need to be liberated Indian religions including Hinduism and Buddhism share the belief that human nature is inherently perfectible while the epistemological and psychological limitation of the human being is integral to Christian belief Regarding the immortality of the human being Hinduism and Christianity traditionally and generally agree that human beings as atman or soul possess intrinsic immortality On the contrary Buddhism teaches the doctrine of no self anatta Further in their quest to analyze the human predicament and attempt a way out of it they employ different concepts such as sin and salvation in Christianity attachment tanka and enlightenment nirvana in Buddhism and ignorance avidya and liberation moksha in Hinduism This volume seeks to show that that behind these concepts are deep concerns related to human existence and its relationship with the whole creation These common concerns can be a basis for a greater understanding and dialogue between Christians Hindus and Buddhists

A P.O.V : The Land of Diversities Sunil Sharma,2024-01-18 A POV The Land of Diversities explores the rich traditions of India emphasizing the enduring theme of unity in diversity The narrative highlights the resilience of the people in maintaining their unique cultural identity despite various rulers attempting to impose changes The democratic spirit prevailing in India emerges as a consistent theme showcasing instances where the people have successfully resisted such changes and asserted their own values The book underscores India as a land of diversities where various religions coexist in harmony The narrative likely delves into the intricate tapestry of different faiths their practices and the cohabitation of diverse communities Throughout the historical and cultural journey portrayed a common thread of unity amidst diversity weaves the fabric of Indian society The people s ability to embrace differences and celebrate their cultural mosaic becomes a powerful testament to the enduring spirit of the nation In essence A POV The Land of Diversities is a tribute to India s rich tapestry of traditions the resilience of its people and the continuous triumph of unity in the face of diverse challenges throughout its democratic history
