Thinking About Love Diane Enns, Antonio Calcagno, 2015-11-10 Does love command an ineffability that remains inaccessible to the philosopher Thinking About Love considers the nature and experience of love through the writing of well known Continental philosophers such as Hannah Arendt Simone de Beauvoir Jacques Derrida and Maurice Merleau Ponty Evolving forms of social organization rapid developments in the field of psychology and novel variations on relationships demand new approaches to and ways of talking about love Rather than offering prescriptive claims this volume explores how one might think about the concept philosophically without attempting to resolve or alleviate its ambiguities paradoxes and limitations The essays focus on the contradictions and limits of love manifested in such phenomena as trust abuse grief death violence politics and desire An erudite examination of the many facets of love this book fills a lacuna in the philosophy of this richly complicated topic Along with the editors the contributors are Sophie Bourgault John Caruana Christina M Gschwandtner Marguerite La Caze Alphonso Lingis Christian Lotz Todd May Dawne McCance Dorothea Olkowski Felix Murchadha Fiona Utley and M lanie Walton

Freedom and Necessity Gerald Bonner, 2007-02 This book seeks to explain this paradox in Augustine's theology by tracing how these different emphases arose in his thought and speculating as to why he endorsed in the end his theology of predestination T

Library Journal, 2003 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately Reading Romans through the Centuries Jeffrey P. Greenman, Timothy Larsen, 2005-12-01 What does it mean to be saved Did God

choose who would be his followers or was it a personal choice These are just some of the questions Paul addresses in the sixteen challenging chapters of his letter to the Romans Reading Romans shows how some of the greatest minds in the history of the church have wrestled with and even been changed by Paul s words For example God used a passage from Romans to speak to the untamed heart of Augustine and John Wesley said that after hearing Martin Luther s comments on Romans he felt his heart strangely warmed This book will show why in many ways Christian theology begins and ends with Romans *A Day in the Life of a Chaplain* Rick Rood,2022-02-11 How can I minister to people in the hospital How can I bring grace and hope to people in pain What is a Christian view of death and dying Of grief and loss Will I see my baby in heaven Does God promise always to heal in answer to our prayers How do we respond in the face of suffering and seemingly unanswered prayer How does God use life s most difficult experiences These are just some of the questions that Chaplain Rick Rood addresses in this book Weaving together stories from his twenty three years as a hospital chaplain and insights from Scripture Rick provides help to those who want to minister effectively to hospital patients and their loved ones As you read this book you will walk with him through the various units of a hospital and encounter situations typically experienced in each one Rick s prayer is that the Lord might use this book to help its readers become more compassionate and more effective agents of God s grace in the lives of people in pain **Boredom: The Elephant in the Room** Doris

Sommer,Robert D. Austin,Alexandra Vuyk,David M. Ndeti,Nicolas Prevelakis,Pier Luigi Sacco,Josefa Ros Velasco,2024-07-16 When cases of domestic violence spiked during the COVID 19 lockdowns terror spread among potential victims while governments that enforced the isolation seemed helpless to address the damages Vulnerable partners children and parents were hostage to possible perpetrators given the risks of retaliation at home and the danger of death by contamination in shelters The alarm raises questions about under examined triggers for violence against others and oneself One common trigger is boredom It is the elephant in the room a known stressor in institutional settings schools prisons and military installations and otherwise out of focus despite the ubiquity of gender based violence Detecting the ravages of boredom in apparently safe domestic settings hints at a range of meanings for the word and a web of personal and collective dysfunctions including anxiety depression feelings of worthlessness and anomie Conventional remedies for these challenges do not address the escalating rates of violence to oneself and to others Their evident ineffectiveness during the crisis laid bare structural flaws in standard human development strategies which span home and school environments the law and approaches to mental health A major flaw has been the narrow perspectives of one or another discipline when the dangers are interrelated and demand multidisciplinary approaches Chronic violence and alarming rates of depression before during and after the pandemic show failures of predictable perspectives and their recommendations even in normal conditions The question of how authorities should react to harm done begs the question of how to prevent harm from happening Prevention rather than punishment for crimes or treatment for pathologies has become a preferred approach for both legal and clinical

interventions To stop violence before it erupts requires investigation into its causes because treating the effects of aggression evacuating victims punishing perpetrators counselling patients addresses symptoms rather than diseases Why was the lockdown a time of increased domestic violence What accounts for recent spikes in teen suicides What are the existing and possible tools for measuring boredom Answers from experts stay within foreseeable observations about the loss of jobs the increase of alcoholism social media addiction and psychological stress These familiar answers do not lead beyond the description of pathological patterns But different approaches may follow from attending to the under examined danger of having nothing to do *General Catalogue of Printed Books* British Museum. Augustine and History Christopher T. Daly,John Doody,Kim Paffenroth,2008-01-01 Augustine and History places Augustine in his historical context and traces his influence on later historians and debates These scholarly essays are excellent for a wide ranging academic audience *The Politics of Heresy in Ambrose of Milan* Michael Stuart Williams,2017-10-19 Ambrose of Milan is famous above all for his struggle with and triumph over Arian heresy Yet almost all of the evidence comes from Ambrose s own writings and from pious historians of the next generation who represented him as a champion of orthodoxy This detailed study argues instead that an Arian opposition in Milan was largely conjured up by Ambrose himself lumping together critics and outsiders in order to secure and justify his own authority Along with new interpretations of Ambrose s election as bishop his controversies over the faith and his clashes with the imperial court this book provides a new understanding of the nature and significance of heretical communities in Late Antiquity In place of rival congregations inflexibly committed to doctrinal beliefs it envisages a world of more fluid allegiances in which heresy but also consensus could be a matter of deploying the right rhetorical frame *Education and Constructions of Childhood* David Blundell,2012-01-12 An informative and contemporary guide to a key area of Education Studies BA courses offering an introduction to the emergence of modern and post modern childhoods **Three Plays of Maureen Hunter** Hunter, Maureen,2003 Book is clean and tight No writing in text Like New *Insanity and Divinity* John Gale,Michael Robson,Georgia Rapsomatioti,2013-07-24 How close is spirituality to psychosis Covering the interrelation of psychosis and spirituality from a number of angles *Insanity and Divinity* will generate dialogue and discussion aid critical reflection and stimulate creative approaches to clinical work for those interested in the connections between religious studies psychoanalysis anthropology and hagiography Bringing together an international range of contributors and covering many different types of religious experience this book presents its theme in three parts Psychoanalysis belief and mysticism Anthropology history and hagiography Psychology psychosis and religious experience Each section includes discussion of the hinterland between madness and religious experience from the perspective of a number of religions autobiographical accounts of those who have experienced a psychosis in which spirituality played a key part and a comprehensive review of the position of psychology research into the meaning and function of spirituality in relation to the psychoses Insightful

The Dramatizing of Theology Matthew S. Farlow,2017-07-14 Matthew Farlow traces the thoughts of Balthasar and Barth so as to enter into theological truth of God's Being in Act This exploration embarks on a journey into the reality of our Triune God who has engaged his creation so as to elicit fellow actors God seeking out humanity is God with us a truth that not only informs our theological endeavors but invites us into the dramatic performance of reconciliation As Farlow illumines God is an acting God who seeks fellow participants in his ongoing drama of salvation Through the dramatizing of theology the church and her theologians come to realize God's threefold movement revelation invitation and reconciliation It is a unified act that startles humanity and thus theology out of its spectator's seat so as to drag it onto the world's stage As Farlow discusses it is through the dramatizing of theology that we find ourselves best equipped to participate faithfully in the role of a lifetime

The Confessions Augustine of Hippo,2010-12-30 Boulding's fresh new translation of this classic captures the essence of Augustine's struggle to integrate faith and understanding as his heart seeks to rest in God Augustine's *Confessions* has been much translated but it is no exaggeration to say that Sister Maria Boulding's version is of a different level of excellence from practically anything else on the market

Pastoral Care in Worship Neil Pembroke,2009-11-26 There is an urgent need today to deepen and enrich the pastoral dimension of Sunday worship This book attempts to meet that need The practical guidance that is offered has its foundation in rigorous and comprehensive theological reflection This reflection draws not only on the riches of the Christian heritage but also on some wonderfully illuminating psychological research The conversation between the two disciplines yields some very interesting and important new ideas on worship as pastoral care Each chapter consists of a theoretical base and a number of practical suggestions and resources Most of the prayers litanies and rituals are original there are also references to other useful worship resources This book will revolutionize the way you think about worship as pastoral care
