Edited by A. F. Wright. Etc Arthur Frederick WRIGHT, 1960 **The Confucian World Observed** Weiming Tu, Milan Hejtmanek, Alan Wachman, 1992-01-01 A workshop sponsored by the American Academy of Arts and Sciences in 1989 brought together more than two dozen scholars in the humanities and social sciences to explore Confucian ethics as a common intellectual discourse in East Asia The participants included specialists on the societies of China Japan Korea Taiwan Hong Kong and Singapore as well as scholars who specialize in comparative studies In nine intensive sessions they probed the ways in which the Confucian ethic has shaped perceptions of selfhood dynamics of familial relations gender construction social organization political authority popular beliefs and economic culture in East Asia This book is a distillation of the essence of their multidisciplinary and cross cultural examination of these issues It seeks especially to illuminate claims that Confucian ethics have provided the necessary background and a powerful motivation in the rise of industrial East Asia the most dynamic region of sustained economic growth and political development since World War II **A Reader's Companion to the Confucian Analects** H. Rosemont, 2012-10-29 This companion is not intended as another interpretation of the ancient text but rather as an aid for contemporary students to develop their own interpretive reading of it in the hope of thereby aiding them in the search for meaning purpose and service in their own lives as seventy three generations of Chinese have done

Confucian China and its Modern Fate Joseph R. Levenson, 2013-11-05 First published in 1964 These volumes analyze modern Chinese history and its inner process from the pre western plateau of Confucianism to the communist triumph in the context of many themes science art philosophy religion and economic political and social change Volume Two includes The Republic Confucianism and Monarchism interwoven Confucianism and Monarchy The basic confrontation The evolution of the Confucian Bureaucratic personality The limits of despotic control Monarch and people The Taiping Relation to Confucianism The Japanese and Chinese monarchical mystiques **Confucian China and Its Modern Fate** Joseph Richmond Levenson, 1958 *Confucianism and the Family* Walter H. Slote, George A. De Vos, 1998-07-10 The family is central to societies that have been profoundly influenced by the Confucian and later Neo Confucian mandate This book examines the nature of family continuities and the internal family social and psychological dynamics in societies that comprise the Confucian core of Asia namely China including Taiwan Korea Japan Vietnam and Singapore Confucian ideas are discussed from diverse perspectives religion philosophy and history anthropology and sociology psychology psychoanalysis

and psychiatry Both abiding psychological and social similarities as well as cultural differences are addressed The volume provides insights on both the positive social cohesiveness found within Asian families and on the possible tensions and even psychopathological responses that may be engendered within a contemporary Confucian family In addition the work explores the common Confucian family cultural background that must be understood to interpret both the scholastic and entrepreneurial success of East Asians wherever they have settled in the Americas and the recent economic push in their homelands

Culture And Self Douglas B. Allen, 2018-02-02 Traditional scholars of philosophy and religion both East and West often place a major emphasis on analyzing the nature of the self In recent decades there has been a renewed interest in analyzing self but most scholars have not claimed knowledge of an ahistorical objective essential self free from all cultural determinants The contributors of this volume recognize the need to contextualize specific views of self and to analyze such views in terms of the dynamic dialectical relations between self and culture An unusual feature of this book is that all of the chapters not only focus on traditions and individuals East and West but include as primary emphases comparative philosophy religion and culture reinforcing individual and cultural creativity Each chapter brings specific Eastern and Western perspectives into a dynamic comparative relation This comparative orientation emphasizes our growing sense of interrelatedness and interdependency

The Illustrated Encyclopedia of Confucianism: N-Z Rodney Leon Taylor, Howard Yuen Fung Choy, 2005 Covers topics related to the understanding of Chinese Confucianism Includes entries in the following categories arts architecture and iconography astrology cosmology and mythology biographical entries ceremonies practices and rituals concepts dynasties official titles and rulers geography and historical events groups and schools literature language and symbols and texts

Confucius Now David Jones, 2015-11-02 Written by the most important scholars in contemporary Confucian studies these approachable essays focus on the relevance of Confucius's ideas to modern living with special attention given to the Analects his seminal text Topics covered include tradition and creativity grief and mourning the doctrine of correcting names Confucian kungfu and moral cultivation

Confucian Ethics of the Axial Age Heiner Roetz, 1993-10-05 Confucian Ethics of the Axial Age describes the formative period of Chinese culture the last centuries of the Zhou dynasty as an early epoch of enlightenment It comprehensively reconstructs the ethical discourse as thought gradually became emancipated from tradition and institutions Rather than presenting a chronology of different thinkers and works this book discusses the systematic aspects of moral philosophies Based on original texts Roetz focuses on filial piety the conflict between the family and the state the legitimating of the political order the virtues of loyalty friendship and harmony concepts of justice the principle of humaneness and its different readings the Golden Rule the moral person the autonomous self motivation decision and conscience and various attempts to ground morality in religion human nature or reason These topics are arranged in such a way that the genetic structure and the logical development of the moral reasoning becomes apparent From this detached perspective conventional morality is either rejected or critically

reestablished under the restraint of new abstract and universal norms This makes the Chinese developments part of the ancient worldwide movement of enlightenment of the axial age

The Vulnerability of Integrity in Early Confucian Thought

Michael Ing, 2017-07-06 The Vulnerability of Integrity in Early Confucian Thought is about the necessity and value of vulnerability in human experience In this book Michael Ing brings early Chinese texts into dialogue with questions about the ways in which meaningful things are vulnerable to powers beyond our control and more specifically how relationships with meaningful others might compel tragic actions Vulnerability is often understood as an undesirable state invulnerability is usually preferred While recognizing the need to reduce vulnerability in some situations The Vulnerability of Integrity demonstrates that vulnerability is pervasive in human experience and enables values such as morality trust and maturity Vulnerability is also the source of the need for care for oneself and for others The possibility of tragic loss fosters compassion for others as we strive to care for each other This book demonstrates the plurality of Confucian thought on this topic The first two chapters describe traditional and contemporary arguments for the invulnerability of integrity in early Confucian thought The remainder of the book focuses on neglected voices in the tradition which argue that our concern for others can and should lead to us compromise our own integrity In such cases we are compelled to do something transgressive for the sake of others and our integrity is jeopardized in the transgressive act

Christianity and Confucianism Christopher Hancock, 2020-12-10 Christianity and Confucianism Culture Faith and Politics sets comparative textual analysis against the backdrop of 2000 years of cultural political and religious interaction between China and the West As the world responds to China's rise and China positions herself for global engagement this major new study reawakens and revises an ancient conversation As a generous introduction to biblical Christianity and the Confucian Classics Christianity and Confucianism tells a remarkable story of mutual formation and cultural indebtedness East and West are shown to have shaped the mind heart culture philosophy and politics of the other and far more perhaps than either knows or would want to admit Christopher Hancock has provided a rich and stimulating resource for scholars and students diplomats and social scientists devotees of culture and those who pursue wisdom and peace today
