Cryer,2010-05-27 This market leading textbook gives an authoritative account of international criminal law and the investigation and prosecution of crime and guides the reader through controversies with an accessible and sophisticated approach Now covers developments in the ICC victims rights alternatives to international criminal justice and has extended coverage of terrorism

Weapons and the Law of Armed Conflict William H. Boothby,2016-03-10 Bringing together the law of armed conflict governing the use of weapons into a single volume the fully updated Second Edition of *Weapons and the Law of Armed Conflict* interprets these rules and discusses the factors influencing future developments in weapons law After relating the historical evolution of weapons law the book discusses the important customary principles that are the foundation of the subject and provides a condensed account of the law that exists on the use of weapons The treaties and customary rules applying to particular categories of weapon are thereafter listed and explained article by article and rule by rule in a series of chapters Having stated the law as it is the book then explores the way in which this dynamic field of international law develops in the light of various influences The legal review of weapons is discussed both from the perspective of how such reviews should be undertaken and how such a system should be established Having stated the law as it is the book then investigates the way in which this dynamic field of international law develops in the light of various influences In the final chapter the prospects for future rule change are considered This Second Edition includes a discussion of new treaty law on expanding bullets the arms trade and norms in relation to biological and chemical weapons It also analyses the International Manuals on air and missile warfare law and on cyber warfare law the challenges posed by lethal autonomous weapon systems and developments in the field of information and telecommunications otherwise known as cyber activities

Regulating the Use of Force in Wars of National Liberation: The Need for a New Regime Noelle Higgins,2009-12-14 This work reconsiders and critically evaluates the complex international legal framework which seeks to regulate wars of national liberation in the light of two fascinating case studies It tests the effectiveness of both the jus ad bellum and jus in bello aspects of the current legal framework by applying it to self determination wars waged in the South Moluccas and Aceh by armed groups against Indonesia The book highlights the various difficulties inherent in the current legal framework as well as the ad hoc and unpredictable practice of States in relation to its application The work concludes with recommendations on how the current framework should be updated and enhanced so that it can adequately deal with modern self determination conflicts

Commentary on the First Geneva Convention International Committee of the Red Cross,2016-12-15 The application and interpretation of the four Geneva Conventions of 1949 and their two Additional Protocols of 1977 have developed significantly in the sixty years since the International Committee of the Red Cross ICRC first published its Commentaries on these important humanitarian treaties To promote a better understanding of and respect for this body of law the ICRC commissioned a comprehensive update of its original Commentaries Its preparation was coordinated by Jean Marie Henckaerts ICRC legal adviser and head of the project to update the Commentaries The First

Convention is a foundational text of international humanitarian law It contains the essential rules on the protection of the wounded and sick those assigned to their care and the red cross and red crescent emblems This article by article Commentary takes into account developments in the law and practice to provide up to date interpretations of the Convention The new Commentary has been reviewed by humanitarian law practitioners and academics from around the world It is an essential tool for anyone working or studying within this field *International Legal Dimension of Terrorism* Pablo Antonio Fernández Sánchez, 2009 Includes annex The Huelva Declaration for an Alliance of Civilizations against Terrorism Israel Yearbook on Human Rights, Volume 44 (2014) Yoram Dinstein, 2021-10-11 The Israel Yearbook on Human Rights an annual published under the auspices of the Faculty of Law of Tel Aviv University since 1971 is devoted to publishing studies by distinguished scholars in Israel and other countries on human rights in peace and war with particular emphasis on problems relevant to the State of Israel and the Jewish people The Yearbook also incorporates documentary materials relating to Israel and the Administered Areas which are not otherwise available in English including summaries of judicial decisions compilations of legislative enactments and military proclamations *Bioethics and Armed Conflict* Michael Gross, 2006-06-16 Is medical ethics in times of armed conflict identical to medical ethics in times of peace as the World Medical Association declares In *Bioethics and Armed Conflict* the first comprehensive study of medical ethics in conventional unconventional and low intensity war Michael Gross examines the dilemmas that arise when bioethical principles clash with military necessity when physicians try to save lives during an endeavor dedicated to taking them and describes both the conflicts and congruencies of military and medical ethics Gross describes how the principles of contemporary just war unlike those of medical ethics often go beyond the welfare of the individual to consider the collective interests of combatants and noncombatants and the general interests of the state Military necessity plays havoc with such patients rights as the right to life the right to medical care informed consent confidentiality and the right to die The principles of triage in battle conditions dictate not need based treatment but the distribution of resources that will return the greatest number of soldiers to active duty And unconventional warfare including current wars on terrorism challenges the traditional concept of medical neutrality as physicians who have sworn to do no harm are called upon to lend their expertise to interrogational torture or to the development of biological or chemical weapons Difficult dilemmas inevitably arise during armed conflict and medicine Gross concludes is not above the fray Medical ethics in time of war cannot be identical to medical ethics in peacetime
