Ski Guide, 1996 David G. Ross, 1995-08-01 *Skiing America, 1996* Charles Leocha, 1995-09 *The Promise Fulfilled* Odd Sverre Lovoll, 1998 **The Story of Modern Skiing** John Fry, 2017-03-14 This is the definitive history of the sport that has exhilarated and infatuated about 30 million Americans and Canadians over the course of the last fifty years Consummate insider John Fry chronicles the rise of a ski culture and every aspect of the sport's development including the emergence of the mega resort and advances in equipment technique instruction and competition The Story of Modern Skiing is laced with revelations from the author's personal relationships with skiing greats such as triple Olympic gold medalists Toni Sailer and Jean Claude Killy double gold medalist and environmental champion Andrea Mead Lawrence first women's World Cup winner Nancy Greene World Alpine champion Billy Kidd Sarajevo gold and silver medalists Phil and Steve Mahre and industry pioneers such as Vail founder Pete Seibert metal ski designer Howard Head and plastic boot inventor Bob Lange Fry writes authoritatively of alpine skiing in North America and Europe of Nordic skiing and of newer variations in the sport freestyle skiing snowboarding and extreme skiing He looks closely at skiing's relationship to the environment its portrayal in the media and its response to social and economic change Maps locating major resorts records of ski champions and a timeline bibliography glossary and index of names and places make this the definitive work on modern skiing Skiers of all ages and abilities will revel in this lively tale of their sport's heritage **Ski Style** Annie Gilbert Coleman, 2004 Coleman traces skiing from its Norse roots and Alpine influences through the utility of ski travel in the winter Rockies to the rise of Colorado resorts Much more than a history of the sport her work explains how the recreation industry sold the experience of skiing and created mythic mountain landscapes with real problems and a ski culture that exalts celebrity and status over the physical act of skiing Jacket *Ski*, 1997-01 **Which** Which? Books Staff, Consumers' Association, Ski Club of Great Britain, 1995-09-01 **Skiing Trauma and Safety** Robert J. Johnson, 1999 **How to Prepare for Your Child's First Ski Lesson** Herbert K. Naito, 2021-03-23 He spent 40 years in the medical profession For fun he coached skiing for over 20 years He is a member of the Professional Ski Instructors of America and is certified in Alpine Skiing Level 2 Adaptive Specialist Level 1 Children's Specialist Level 2 and Children's Specialist Trainer Currently he is employed by the Vail Ski Resort Management Group and is presently on the Vail Educational Staff He was the former Director of the Children's Advanced Training Specialist and the Express Pre School Ski School Programs *Skiing*, 1995-10 *1996 Annual Guide and Directory* United States Ski Association, 1996 **Skiing**, 1995-09 *Seeing Nature Through Gender* Virginia Scharff, 2003 Environmental history has traditionally told the story of Man and Nature Scholars have too frequently overlooked the ways in which their predominantly male subjects have themselves been shaped by gender Seeing Nature through Gender here reintroduces gender as a meaningful category of analysis for environmental history showing how women's actions desires and choices have shaped the world and seeing men as gendered actors as well In thirteen essays that show how gendered

ideas have shaped the ways in which people have represented experienced and consumed their world Virginia Scharff and her coauthors explore interactions between gender and environment in history Ranging from colonial borderlands to transnational boundaries from mountaintop to marketplace they focus on historical representations of humans and nature on questions about consumption on environmental politics and on the complex reciprocal relations among human bodies and changing landscapes They also challenge the ecofeminist position by challenging the notion that men and women are essentially different creatures with biologically different destinies Each article shows how a person or group of people in history have understood nature in gendered terms and acted accordingly often with dire consequences for other people and organisms Here are considerations of the ways we study sexuality among birds of William Byrd s masking sexual encounters in his account of an eighteenth century expedition of how the ecology of fire in a changing built environment has reshaped firefighters own gendered identities Some are playful as in a piece on the evolution of snow bunnies to shred betties Others are dead serious as in a chilling portrait of how endocrine disrupters are reinventing humans animals and water systems from the cellular level out Aiding and adding significantly to the enterprise of environmental history Seeing Nature through Gender bridges gender history and environmental history in unexpected ways to show us how the natural world can remake the gendered patterns we ve engraved on ourselves and on the planet Serials in the British Library British Library.
