Slavery in Russia, 1450-1725 Richard Hellie, 1984 **The Slave Soul of Russia** Daniel

Rancour-Laferriere, 1995-03-01 Why asks Daniel Rancour Laferriere in this controversial book has Russia been a country of suffering Russian history religion folklore and literature are rife with suffering The plight of Anna Karenina the submissiveness of serfs in the 16th and 17th centuries ancient religious tracts emphasizing humility as the mother of virtues the trauma of the Bolshevik revolution the current economic upheavals wracking the country these are only a few of the symptoms of what The Slave Soul of Russia identifies as a veritable cult of suffering that has been centuries in the making Bringing to light dozens of examples of self defeating activities and behaviors that have become an integral component of the Russian psyche Rancour Laferriere convincingly illustrates how masochism has become a fact of everyday life in Russia Until now much attention has been paid to the psychology of Russia's leaders and their impact on the country's condition Here for the first time is a compelling portrait of the Russian people's psychology Eurasian Slavery, Ransom and Abolition in World History, 1200-1860 Christoph Witzernath, 2016-03-09 Recent research has demonstrated that early modern slavery was much more widespread than the traditional concentration on plantation slavery in the context of European colonial expansion would suggest Slavery and slave trading though little researched were common across wide stretches of Eurasia and a slave economy played a vital part in the political and cultural contacts between Russia and its Eurasian neighbours This volume concentrates on captivity slavery ransom and abolition in the vicinity of the Eurasian steppe from the early modern period to recent developments and explores their legacy and relevance down to the modern times The contributions centre on the Russian Empire while bringing together scholars from various historical traditions of the leading states in this region including Poland Lithuania and the Ottoman Empire and their various successor states At the centre of attention are transfers transnational fertilizations and the institutions rituals and representations facilitating enslavement exchanges and ransoming The essays in this collection define and quantify slavery covering various regions in the steppe and its vicinity and looking at trans cultural issues and the implications of slavery and ransom for social economic and political connections across the steppe In so doing the volume provides both a broad overview of the subject and a snapshot of the latest research from leading scholars working in this area **The Atlantic Slave Trade in World History** Jeremy Black, 2015-03-12 In The Atlantic Slave Trade in World History Jeremy Black presents a compact yet comprehensive survey of slavery and its impact on the world primarily centered on the Atlantic trade Opening with a clear discussion of the problems of defining slavery the book goes on to investigate the Atlantic slave trade from its origins to abolition including comparisons to other systems of slavery outside the Atlantic region and the persistence of modern day slavery Crucially the book does not ask readers to abandon their emotional ties to the subject but puts events in context so that it becomes clear how such an institution not only arose but flourished Black shows that slavery and the slave trade were not merely add ons to the development of

Western civilization but intimately linked to it In a vital and accessible narrative *The Atlantic Slave Trade in World History* enables students to understand this terrible element of human history and how it shaped the modern world *A Brief History of Slavery* Jeremy Black,2011-08-18 A thought provoking and important book that raises essential issues crucial not only for understanding our past but also the present day In this panoramic history Jeremy Black tells how slavery was first developed in the ancient world and reaches all the way to the present in the form of contemporary crimes such as trafficking and bonded labour He shows how slavery has taken many forms throughout history and across the world from the uprising of Spartacus the plantations of the West Indies and the murderous forced labour of the gulags and concentration camps Slavery helped to consolidate transoceanic empires and helped mould new world societies such as America and Brazil Black charts the long fight for abolition in the nineteenth century looking at both the campaigners as well as the harrowing accounts of the enslaved themselves Slavery is still with us today and coerced labour can be found closer to home than one might expect

The Overthrow of Colonial Slavery Robin Blackburn,2024-12-10 In 1770 a handful of European nations ruled the Americas drawing from them a stream of products both everyday and exotic Some two and a half million black slaves imprisoned in plantation colonies toiled to produce the sugar coffee cotton ginger and indigo craved by Europeans By 1848 the major systems of colonial slavery had been swept away either by independence movements slave revolts abolitionists or some combination of all three How did this happen Robin Blackburn s history captures the complexity of a revolutionary age in a compelling narrative In some cases colonial rule fell while slavery flourished as happened in the South of the United States and in Brazil elsewhere slavery ended but colonial rule remained as in the British West Indies and French Windwards But in French St Domingue the future Haiti and in Spanish South and Central America both colonialism and slavery were defeated This story of slave liberation and American independence highlights the pivotal role of the first emancipation in the French Antilles in the 1790s the parallel actions of slave resistance and metropolitan abolitionism and the contradictory implications of slaveholder patriotism The dramatic events of this epoch are examined from an unexpected vantage point showing how the torch of anti slavery passed from the medieval communes to dissident Quakers from African maroons to radical pirates from Granville Sharp and Ottobah Cuguano to Toussaint L Ouverture from the black Jacobins to the Liberators of South America and from the African Baptists in Jamaica to the Revolutionaries of 1848 in Europe and the Caribbean

The Plow, the Hammer, and the Knout Arcadius Kahan, Richard Hellie, 1985-09 The eighteenth century was crucial in Russian history marking the nation's emergence from a preindustrial society and the onset of a modernization that would make Russia a great European and eventually global power Kahan writes social history of this century to reflect that Russia accomplished this transformation through the coercive power of the state and the strength and skills of its labor force

Handbook on the History and Culture of the Black Sea Region Ninja Bumann, Kerstin S. Jobst, Stefan Rohdewald, Stefan Troebst, 2024-12-30 Following the annexation of Crimea by the Russian Federation in spring 2014 160 years after the Crimean War and the full scale invasion of Ukraine in February 2022 the Black Sea region has again become the focus of world history In this handbook international scholars from various historical and cultural disciplines provide deep historical insights into the structures of conflict cooperation and interrelations between the Balkans the Middle East the Caucasus and Eastern Europe in the space referred to as the Black Sea world The trans maritime communication and intra regional circulations spanning from Antiquity to the present day via Byzantium the Polish Lithuanian Commonwealth the Crimean Khanate the Venetian Safavid Ottoman and Romanov empires two World Wars and the Cold War highlight the autonomy of this historical region in the larger transcontinental setting designated in various times and varying languages as the Pontus Euxinus the Mare Maggiorre the Kara Deniz the Chernoe More or the Black Sea This voluminous edition sheds real light upon the history of the Black Sea region from antiquity until the end of the 20th century Not only does this first rate book provide a host of excellent historical

essays across time it also devotes considerable attention to important questions regarding how the Black Sea region is conceptualized and theorized. A very useful contribution. James H. Meyer, Montana State University. In the wake of several research projects, monographs, and journals, this is the first groundbreaking handbook on the cohesive history of the Black Sea as a historical meso-region. It gathers 39 excellent contributions that provide the conceptual apparatus, survey the history of the region from a Greek to Byzantine to Ottoman lake to conflicting rivalries to its recent transformation from a quasi-Soviet to a quasi-NATO lake, examine the ideas that underpin the various national, ethnic, and religious identities, research the different mobilities through migration, transport infrastructure, and take stock of its turbulent history through conflicts and war. Maria Todorova, University of Illinois at Urbana-Champaign. Mostly the work of scholars from Central Europe and the Black Sea region, this massive volume focuses on the relationship between historical research and memory, in particular the difficulty of certain groups living in the region when confronted with empires and nation-states whose centers may be quite distant from the Black Sea. Attentive readers may thus view the present handbook not merely as a work of reference on history, memory, and movement, but also as a testimony to the historical perspectives developed by a significant number of Central European and Black Sea scholars during the first quarter of the twenty-first century. Suraiya Faruqi, Ibn Haldun University, Istanbul.

Arabian Seas, 1700 - 1763 Rene J. Barendse, 2009-06-15. The Western Indian Ocean in the Eighteenth Century is the first of four volumes offering a sweeping panorama of the Arabian Seas during the early modern period. Focusing on the period 1700-1763, the first volume concentrates on daily life in littoral societies, examining long-term issues including climatic change, famine, and the structures of fishing communities. The volume examines littoral societies in each of the major coastal areas of the Western Indian Ocean: East Africa, the Red Sea, the Persian Gulf, and its traditional ties to surrounding hinterlands, as well as to the west coast of India. While having particular interest to readers concerned with Indian Ocean history, as an absorbing and innovative account of a much neglected, albeit critical, area and period, *Arabian Seas, 1700-1763* will be of great interest to anyone interested in early modern maritime social or economic history. *Kings, Gangsters, and Companies*, volume two of *Arabian Seas, 1700-1763*, focuses on European relations with the major states and societies of the Western Indian Ocean during the eighteenth century. As such, it traces the major structural changes in African, South Asian, and Middle Eastern societies during this period. Chapters examine European communities and their relations with the societies of the Indian Ocean basin, the daily life of European soldiers and merchants, relations with Indian women, European views on the Indian caste system, as well as the governmental systems they encountered. The volume also details the importance of Indian and Persian merchant communities in the Indian Ocean trading system and the impact of war on the economic development of this system during the eighteenth century. *Men and Merchandise*, the third volume of *Arabian Seas, 1700-1763*, provides a detailed examination of the economic and social structures in the Western Indian Ocean, focusing on key commodities like bullion, textiles, and the slave trade. Readers will also encounter interesting vignettes of daily life, an

Indian nautch girl worried about her inheritance a Portuguese gangster friar and pariah workers the infamous buccaneers of Madagascar coffee traders from Yemen Cairo and the Crimea and Iraqi and Iranian bankers who all had relevance to this vast economic system *Men and Merchandise* provides insights into other traditionally ignored aspects in the traditional historiography including uprisings aboard slave ships and details of maroon societies involving refugee slaves in India and Mauritius as well as Dutch slave soldiers in the Persian Gulf As such it will prove of great interest to any reader concerned with the social and economic history of the Indian Ocean basin Europe in Asia the fourth volume and final volume in *Arabian Seas 1700-1763* details the early phase of European territorial empire building in the western Indian Ocean basin Particular attention is given to the much neglected history of the Portuguese *Estado da India* and the attempts of the Portuguese Crown to reform its administration and dwindling possessions in the eighteenth century The volume examines the direct legacies of the longstanding Portuguese imperial presence in the Arabian Seas including the experiences of Indian Catholic communities as well as the establishment of Indian settlements and communities in East Africa Finally the volume provides an exhaustive treatment of the structures and history of the Dutch East India Company VOC and English East India Company EIC the establishment of the vast private country trade of the EIC and the reasons for the relative decline of the VOC and the rise of English power in the region during the eighteenth century

into slavery in Eastern Europe Blond slaves from the north of Europe were rare luxury items in Black Sea and Caspian markets and the high prices they commanded stimulated and sustained a long distance trade based on kidnapping in special robbery missions and war expeditions Captives were sold into the Volga slave trade and transported through market webs further south This business differed and was separate from the large scale raids carried out on Crimeans for enslavement in Eastern Europe or the mass kidnappings characteristic of Mediterranean slavery The trade in Finns and Karelians provides new perspectives on the formation of the Russian state as well as the economic networks of official and unofficial markets in Eastern Europe
