Sleep Of Reason Erotic Experience And Sexual Ethics In Ancient Greece And Rome:

The Sleep of Reason Martha C. Nussbaum, Juha Sihvola, 2013-08-02 Sex is beyond reason and yet we constantly reason about it. So too did the peoples of ancient Greece and Rome. But until recently there has been little discussion of their views on erotic experience and sexual ethics. *The Sleep of Reason* brings together an international group of philosophers, philologists, literary critics, and historians to consider two questions normally kept separate: how is erotic experience understood in classical texts of various kinds, and what ethical judgments and philosophical arguments are made about sex. From same-sex desire to conjugal love, and from Plato and Aristotle to the Roman Stoic Musonius Rufus, the contributors demonstrate the complexity and diversity of classical sexuality. They also show that the ethics of eros in both Greece and Rome shared a number of commonalities: a focus not only on self-mastery but also on reciprocity; a concern among men not just for penetration and display of their power but also for being gentle and kind and for being loved for themselves; and that women and even younger men felt not only gratitude and acceptance but also joy and sexual desire. Contributors: Eva Cantarella, Kenneth Dover, Chris Faraone, Simon Goldhill, Stephen Halliwell, David M. Halperin, J. Samuel Houser, Maarit Kaimio, David Konstan, David Leita, Martha C. Nussbaum, A. W. Price, Juha Sihvola. [Greek and Roman Sexualities: A Sourcebook](#) Jennifer Larson, 2012-09-06 Since the publication of Foucault's *History of Sexuality*, the volume of Classical scholarship on gender, sexuality, and the body has steadily increased in tandem with the expansion of these topics in other areas of the Humanities. This volume will provide readers with a substantial selection of primary sources documenting sexualities, sexual behaviors, and perceptions of sex, sexuality, gender, and the body among people in the ancient Greco-Roman world. The coverage will begin with Homer in the eighth century BCE and will focus most heavily on Classical Greece and Rome from the Republic to the early Empire, though sources reflecting societal changes in later antiquity and a selection of Jewish and Christian readings will also be included. Authors will include Hippocrates, Plato, Aristotle, Galen, Ovid, and Plutarch, with each chapter including one or two substantial focal readings. The materials will include poetry, history, oratory, medical, and philosophical writings, letters, and inscriptions, both public and private. [Sexuality and the Jesus Tradition](#) William Loader, 2005-02-03 Discourse related to sex excites passion and debate partly because sexuality is a central aspect of what it means to be human. Following up on his recent book on sexuality in the Septuagint, William Loader here explores what the Christian Gospels and related writings have to say about sexuality, how they reflect the faith and social values of their day, and what impact they've had on our own. *Sexuality and the Jesus Tradition* is thorough in its investigation and compelling in its analyses. Loader examines all of the passages that convey views about sexuality in the Gospels and other first-century literature, including the Gospel of Thomas and the influence of Paul of Tarsus in the Jesus tradition. Among the interesting topics covered are attitudes concerning lust, perspectives on marriage and divorce, and views about celibacy. Loader shows how, despite the passing of two thousand years and massive social change, these ancient texts contain common issues that we still
