Jonathan Franzen Ira Glass Adam Gopnik David Hajdu Bruce Handy David Kamp Maxine Hong Kingston Chuck Klosterman Peter D Kramer Jonathan Lethem Rick Moody Ann Patchett Kevin Powell Joe Queenan Nicole Rudick George Saunders Elissa Schappell Seth Janice Shapiro Mona Simpson Leslie Stein Clifford Thompson David L Ulin Chris Ware **Blockheads, Beagles, and Sweet Babboos** Michelle Ann Abate, 2023-03-02 **Blockheads Beagles and Sweet Babboos** New Perspectives on Charles M Schulz's Peanuts sheds new light on the past importance ongoing significance and future relevance of a comics series that millions adore Charles M Schulz's Peanuts More specifically it examines a fundamental feature of the series its core cast of characters In chapters devoted to Charlie Brown Snoopy Lucy Franklin Pigpen Woodstock and Linus author Michelle Ann Abate explores the figures who made Schulz's strip so successful so influential and above all so beloved In so doing the book gives these iconic figures the in depth critical attention that they deserve and for which they are long overdue Abate considers the exceedingly familiar characters from Peanuts in markedly unfamiliar ways Drawing on a wide array of interpretive lenses **Blockheads Beagles and Sweet Babboos** invites readers to revisit reexamine and rethink characters that have been household names for generations Through this process the chapters demonstrate not only how Schulz's work remains a subject of acute critical interest more than twenty years after the final strip appeared but also how it embodies a rich and fertile site of social cultural and political meaning **LIFE Peanuts** LIFE Magazine, 2021-09-24 No one nailed happiness like Peanuts creator Charles Schulz Or anger or loneliness or wonder or fear for that matter He was a student of the human condition and spent 50 years exploring it through the hyper articulate Peanuts gang It's been more than 20 years since Charles Schulz's last original strip was published but Peanuts continues as a cultural touchstone It regularly makes the lists of best comics ever Snoopy and his doghouse Charlie Brown and his zigzag shirt Linus and his blanket are all iconic This special edition takes a look at the characters that make Peanuts a classic and peels back the curtain to reveal the man who made them Multiple Worlds of Child Writers Anne Haas Dyson, 1989 Based on a two year study of first graders at a magnet school in the San Francisco Bay Area **Multiple Worlds of Child Writers** Friends Learning to Write provides an important missing link in the study of emergent literacy the peer group and the classroom contexts that surround it Using four richly detailed case studies the author portrays the process through which Margaret the teacher and her children form a community one supported by and supporting of the children's growth as writers Dyson offers new perspectives by displaying the quality of life in the classroom through children's talk drawings and writing The theoretical framework presented here for understanding children's growth moves what is usually considered background to the foreground for study Most works on children's writing stress that children must disembed or decontextualize their written texts from dependency on other symbolic media and other people Dyson however shows that to develop as writers children's text must become progressively more embedded in the social affective and intellectual parts of their lives The book also emphasizes the nature of the classroom rather than the home as a distinctive context for early literacy growth Moreover the classroom is an urban one

that includes children from diverse social and ethnic backgrounds The classroom and children whose lives fill this book challenge current thinking about such critical issues as the developmental links between writing and other symbol systems sequence and variability in early writing growth the relationship between form and function in young children s writing and the development of literary language This book is a must for early childhood educators reading and language arts specialists and scholars researchers in the field of literacy
