Applied Language Learning ,2010 **Applied Language Learning** ,2010 Publishing in Tsarist Russia Yukiko Tatsumi,Taro Tsurumi,2020-02-20 According to Benedict Anderson the rapid expansion of print media during the late 1700s popularised national history and standardised national languages thus helping create nation states and national identities at the expense of the old empires Publishing in Tsarist Russia challenges this theory and by examining the history of Russian publishing through a transnational lens reveals how the popular press played an important and complex Imperial role while providing a soft infrastructure which the subjects could access to change Imperial order As this volume convincingly argues this is because the Russian language at this time was a lingua franca it crossed borders and boundaries reaching speakers of varying nationalities Russian publications then were able to effectively operate within the structure of Imperialism but as a public space they went beyond the control of the Tsar and ethnic Russians This exciting international team of scholars provide a much needed fresh take on the history of Russian publishing and contribute significantly to our understanding of print media language and empire from the 18th to 20th centuries Publishing in Tsarist Russia is therefore a vital resource for scholars of Russian history comparative nationalism and publishing studies **English Literature and the Russian Aesthetic Renaissance** Rachel Polonsky,1998-11-05 The turn of the nineteenth century a time of exceptional creativity in Russia was also a time of great receptivity to foreign cultural influences Among the most important of these were English poetry and aesthetic thought which gave new impetus to the Russian imagination This 1998 book is a study of the Russian reception of English literature from Romanticism to aestheticism focusing particularly on the reception by Russian poets of Shelley Ruskin Pater Frazer and Wilde Framing this account is a pioneering exploration of the intellectual background to these influences in comparative scholarship illuminating a common interest in myth folklore anthropology and the origins of language This book discusses the relationship between Russian conceptions of national identity literary influence and the origins of comparative literary history Devastation and Laughter Annie G rin,2018-01-01 In Devastation and Laughter Annie G rin explores the use of satire in the visual arts the circus theatre and cinema under Lenin and Stalin G rin traces the rise and decline of the genre and argues that the use of satire in official Soviet art and propaganda was neither marginal nor un theorized The author sheds light on the theoretical texts written in the 1920s and 1930s by Anatoly Lunacharsky the Soviet Commissar of Enlightenment and the impact his writings had on satirists While the Avant Garde and Socialist Realism were necessarily forward looking and utopian satire afforded artists the means to examine critically past and present subjects themes and practice Devastation and Laughter is the first work to bring Soviet theoretical writings on the use of satire to the attention of scholars outside of Russia By introducing important bodies of work that have largely been overlooked in the fields of art history film and theatre history Annie G rin provides a nuanced and alternative reading of early Soviet art *The Cult of Ivan the Terrible in Stalin's Russia* M. Perrie,2001-10-25 Ivan IV the sixteenth century Russian tsar

notorious for his reign of terror became an unlikely national hero in the Soviet Union during the 1940s This book traces the development of Ivan's positive image placing it in the context of Stalin's campaign for patriotism In addition to historians' images of Ivan the author examines literary and artistic representations including Sergei Eisenstein's famous film banned for its depiction of the tsar which was interpreted as an allegorical criticism of Stalin

The Reception of David Hume In Europe Peter Jones,2005-01-01

The intellectual scope and cultural impact of British writers cannot be assessed without reference to their European fortunes These essays prepared by an international team of scholars critics and translators record the ways in which David Hume has been translated evaluated and emulated in different national and linguistic areas of Europe This is the first collection of essays to consider how and where Hume's works were initially understood throughout Europe They reflect on how early European responses to Hume relied on available French translations and concentrated on his Political Discourses and his History and how later German translations enabled professional philosophers to discuss his more abstract ideas Also explored is the idea that continental readers were not able to judge the accuracy of the translations they read nor did many consider the contexts in which Hume was writing rather they were intent on using what they read for their own purposes

THE ANALYSIS OF THE CHARACTERISTIC CONCEPTS OF THE ESTABLISHMENT AND DEVELOPMENT OF UKRAINIAN SOCIETY IN THE CONTEXT OF THE HISTORICAL, SCIENTIFIC AND PHILOSOPHICAL APPROACHES

Bogatchuk S., Mazylo I., Belkin I., Mangora V., Makarov Z.,2022-09-30

The collective monograph is devoted to the analysis of the characteristic concepts of the evolution of modern Ukrainian society The research uses an interdisciplinary approach which allows analyzing various aspects of the development of social processes in Ukraine and obtaining socially significant scientific results Svitlana Bogatchuk investigates the problem of the development of the agricultural sector of the Podil region in the 19th century Focuses attention on highlighting the very process of reform and development of the main branches of agriculture during this period such as cultivation of wheat rye oats buckwheat Highlights the difficult socioeconomic situation that prompted the authorities to make a decision to reform the agrarian sector Analyzes the development of the agrarian sector of the Podilsk region after the peasant reform the

abolition of serfdom in 1861 About 75% of its population was employed in agricultural production as evidence of the importance of agriculture in the Podilsk province Capitalization of the country as a result of the peasant reform also affected the development of the agricultural sector of Ukraine as well as Podillia Therefore in the study the author provided the main characteristics of the development of the sugar industry flour milling viticulture distilling and others In his analysis Ihor Mazilo pays attention to the topic of railway transport in the German Soviet war The author emphasizes that railway transport became an object of strategic importance and provided communication between the front and the rear Therefore railway communications played one of the key roles during the last war and post war reconstruction Ihor Belkin reveals the content and analysis of the pedagogical experiment as an integral component of the modern educational process In the content of his chapter he pays considerable attention to the research and experimental work of students in the learning process Describes the content of key tasks of experimental research Emphasizes the theoretical and practical aspects of the readiness and effectiveness of the pedagogical experiment in the conditions of student training in the context of future specialists The author pays considerable attention to one of the effective methods of the pedagogical experiment mechanism the business game Plays a practical applied analysis of the game technology method Describes the sequence of stages of the experiment and the analysis of its results In the study of Volodymyr Manhora a comparative characterization of the prevention of illegal trade in human organs and tissues in Ukraine and European countries was carried out The concept of illegal trade in human organs and tissues is given The history of the development of prevention of illegal trade in human organs and tissues is considered Periodization of the legal regulation of state administration in the field of transplantation has been carried out The specifics of the regulatory and legal regulation to prevent illegal trade in human organs and tissues in Ukraine and European countries have been determined Based on his own research the author came to the conclusion that in order to regulate the fight against the illegal trade in human organs and tissues in modern Ukraine it is necessary to improve the legislative framework provide for sufficient state funding and also implement the best practices of European countries in regulating the transplantation of human tissues or organs The section prepared by Zorislav Makarov focuses on the study of general features and historical changes in the rationality of academic thought of the Renaissance era Emphasis is placed on the analysis of the worldview level of the relationship between Man Nature and God in the period of the V VI th centuries The observed creative reception of ancient and early Christian thought at this level which was embodied in the original concepts of a number of humanistic studies and educational guidelines of the Reformation gives grounds for concluding that the subject object dichotomy naturalistic principles of creativity and the instrumental model of rationality were gradually separated for the modern development of philosophy and science The content of the collective monograph corresponds to the research direction of the Department of History of Ukraine and Philosophy of the Vinnytsia National Agrarian University Study of trends of socio economic development and consolidation of Ukrainian society in the modern

From Peasant to Patriarch Ioann Shusherin, 2007-04-26 Nikon 1605 1681 patriarch of Moscow and all Russia is best known for imposing the religious reforms that ultimately led to the schism of the Russian Orthodox Church Yet only the Account of Birth Life and Upbringing of His Holiness Nikon Patriarch of Moscow and All Russia 1680s comes close to immortalizing the vicissitudes of Nikon's entire life Written by Ioann Shusherin's d 1693 the patriarch's protégé and confidant the Account presents Nikon as he appeared to his contemporary supporters The biography chronicles Nikon's steady rise through the ecclesiastical ranks dramatic downfall and extraordinary rehabilitation While discussing Nikonian religious reforms the Account focuses on Nikon's relationship with the Romanov royal family and his monastery building program especially the early history of the New Jerusalem Monastery and its main sanctuary the Church of the Resurrection This unique narrative features rare eyewitness accounts of momentous and daily life during a period of unprecedented political religious and social change in Russia From Peasant to Patriarch is the first English language translation of the Account Dr Kevin Kain and Dr Katia Levintova offer extensive commentary parallel texts and a glossary of Russian terms that contribute to the depth of this text From Peasant to Patriarch opens new doors to the study of Russian history religion and culture **A**

HISTORY OF MODERN RUSSIA Robert Service, 2013-02-04 Russia had an extraordinary twentieth century undergoing upheaval and transformation Updating his acclaimed History of Modern Russia Robert Service provides a panoramic perspective on a country whose Soviet past encompassed revolution civil war mass terror and two world wars He shows how seven decades of communist rule which penetrated every aspect of Soviet life continue to influence Russia today This new edition takes the story from 2002 through the entire presidency of Vladimir Putin to the election of his successor Dmitri Medvedev *Kniga o skudosti i bogatstve i drugie sochineniya* Ivan Tikhonovich Pososhkov, 1951 **Russian Baptists and Orthodoxy, 1960-1990** Constantine Prokhorov, 2014-01-14 Russian Baptists and the Orthodox Church have had a difficult and at times dramatic relationship over the past century and a half However the purpose of this thesis is to examine certain internal connections between these two Christian bodies Despite the evident dissimilarity in theology church practice and traditions there is common ground which has been largely unexplored A number of features inevitably brought them together such as living in the same country over a long period of time sharing a history and national roots responding to the same civic concerns and finally until recently using the same Russian Synodal translation of the Bible This thesis explores first of all the roots of the issue of Orthodox Baptist similarities and dissimilarities in the nineteenth century The remainder of the thesis focuses on 1960 to 1990 There is a chapter analyzing the way in which in significant areas Russian Baptist theology resembled Orthodox thinking This is followed by a study of church and sacraments which again shows that Russian Baptist approaches had echoes of Orthodoxy The thesis then explores Baptist liturgy showing the Orthodox elements that were present The same connections are then explored in the area of Russian Baptist communal spiritual traditions The

examination of the Bible beliefs and behaviour also indicates the extent to which Russian Baptists mirrored Orthodoxy Finally there is an analysis of the popular piety of the Russian Baptists and the way in which they constructed an alternative culture The basic views of Russian Baptists between the 1960s and 1990 have been drawn from periodicals of the Russian Baptist communities and from interviews with pastors presbyters and church members who were part of these communities This often yields insights into primary theology which in relation to many issues differs from official Baptist declarations that tend to stress the more Protestant aspects of Russian Baptist life The aim of the thesis is to show that in a period in the history of the USSR when the division between the Western world and the Soviet bloc was marked there was a strong Eastern orientation among Russian Baptists This changed when the USSR came to an end Over a number of years there was mass emigration of Russian Baptists and in addition pro Western thinking gained considerable ground within the Russian Baptist community During the period examined here however it is possible to uncover a great deal of evidence of Russian Baptists participating in Orthodox theology spiritual mentality and culture

A History of Modern Russia from Nicholas II to Vladimir Putin Robert Service, 2005 Robert Service here presents a comprehensive overview of 20th century Russian history that treats the years from 1917 to 2000 as a single period and analyses the peculiar mixture of political economic and social ingredients that made up the Soviet compound

Refining Russia Catriona Kelly, 2001-08-09 Advice literature etiquette manuals guides to hygiene and house management and treatises on upbringing enjoyed massive popularity in Russia between the late eighteenth and the late twentieth centuries It reflected changing attitudes to appropriate behaviour in private and public to the acquisition of possessions and not least to national identity for many Russians reading how to books was seen as a way of learning how to be a Westerner Written or translated by members of the cultural elite trying to encourage what they saw as civilized behaviour advice literature was also a conduit for changing views of mass readers and of their place in society This important and engaging book is the first systematic exploration of this hitherto neglected genre of popular printed text It examines the evolution of advice literature from the Enlightenment to the post Soviet era from translations of F nelon and Madame de Lambert in the 1760s and of Samuel Smiles in the late nineteenth and early twentieth centuries to tracts by Gogol and Tolstoi Soviet pamphlets on how to be cultured and post Soviet guides to window treatments It draws on a huge range of sources memoirs novelised conduct books such as Anna Karenina parody advice literature letters and reviews to examine the broader significance of how to books and their relationship with daily life byt as construct and as lived reality The result is a book that not only makes a major contribution to the study of popular culture but also throws an unexpected and revealing light on Russian history more broadly

Serfdom, Society, and the Arts in Imperial Russia Richard Stites, 2008-10-01 Serf era and provincial Russia heralded the spectacular turn in cultural history that began in the 1860s Examining the role of arts and artists in society s value system Richard Stites explores this shift in a groundbreaking history of visual and performing arts in the last decades of serfdom Provincial town and manor house engaged the culture of

Moscow and St Petersburg while thousands of serfs and ex serfs created or performed Mikhail Glinka raised Russian music to new levels and Anton Rubinstein struggled to found a conservatory Long before the itinerant painters explored town and country in genre scenes of everyday life Serf actors on loan from their masters brought naturalistic acting from provincial theaters to the imperial stages Stites's richly detailed book offers new perspectives on the origins of Russia's nineteenth century artistic prowess
