

DEMOGRAPHIC TRANSITION MODEL

The demographic transition model portrays how a country moves from high birth and death rates to low birth and death rates as it becomes increasingly industrialized.

STAGE 1

High Fluctuating

The first stage consists of high birth and death rates. At this stage, the population is stable or grows quite slowly because the number of births and deaths are almost equal.

STAGE 2

Early Expanding

In the second stage, there is a sharp decline in death rates, causing the population to grow rapidly.

STAGE 3

Late Expanding

The third stage sees the birth rate fall, which slows down population growth.

STAGE 4

Low Fluctuating

In the fourth stage, both the birth and death rates are low, resulting in a falling and then stable population.

STAGE 5

Declining

The fifth and final stage shows little population change, although it is somewhat ambiguous.

Social Capital And Democratic Transition:

Social Capital and the Transition to Democracy Gabriel Badescu, Eric Uslaner, 2004-06 This edited collection presents the latest quantitative research on how post communist countries are adapting to Western models of society

Social Capital and the Transition to Democracy Gabriel Badescu, Eric Uslaner, 2004-06-01 The concept of social capital has been used by political scientists to explain both the transition to democracy in Eastern Europe and the decline of social cohesion in Western societies This edited collection presents the latest quantitative research on how post communist countries are adapting to Western models of society The book combines theoretical and institutional analysis with detailed case studies looking at Russia Poland Bulgaria Lithuania Romania and the former East Germany *Social Capital, Civic Engagement and Democratization in Kurdistan* Hewa Haji Khedir, 2020-03-16 This book examines social capital and transition to democracy in Kurdistan By utilizing the growing literature and Social Capital Theory the project presents a different perspective on challenges that surrounded the process of transition to democracy in KRI The work is based on a bottom up approach as it unpacks the influences of political culture on the establishment of democratic institutions and norms in a conflicting context The author splits the concept into three main components trust social networks and civic engagement and tests them imperially in the context of KRI The monograph will interest graduate students researchers and policy makers in the fields of political science sociology and Middle Eastern Studies *Handbook of Social Capital* Gert Tinggaard Svendsen, Gunnar Lind Haase Svendsen, 2009 Given the current global economic crisis that has its root causes in the psychology of the marketplace every bit as much as any other factor the Handbook of Social Capital is timely insightful informed informative thoughtful and thought provoking reading A compilation of impressive and extensive scholarship the Handbook of Social Capital is strongly recommended for academic and professional library reference collections Library Bookwatch Midwest Book Review The Handbook of Social Capital offers an important contribution to the study of bonding and bridging social capital networks balancing the troika of sociology political science and economics Eminent contributors including Nobel Prize winner Elinor Ostrom explore the different scientific approaches required if international research is to embrace both the bright and the more shadowy aspects of social capital The Handbook stresses the importance of trust for economies all over the world and contains a strong advocacy for cross disciplinary work within the social sciences Social capital is becoming one of the most important and hotly discussed topics of today This inter disciplinary Handbook intends to serve as a bridge for students and scholars across the social sciences **Social Capital in Eastern Europe** Katarzyna Lasinska, 2013-01-11 Katarzyna Lasinska deals with the consequences of democratic transitions in Middle and Eastern Europe By selecting specific sets of countries according to the main explanations such as Catholic tradition transformation process and communist legacies the author identifies key factors explaining particular findings in Poland Thank to systematically used comparative research strategy the pitfalls of idiosyncratic argumentation are successfully avoided

Through inclusion of religious tradition as an explanative factor the results go beyond the commonly used East West comparisons The author presents a comprehensive picture of complex conditions and different processes for social capital building across Eastern European societies

Trust and Transitions Joseph D. Lewandowski, Milan Znoj, 2009-01-23

Employing a range of empirical and theoretical approaches contributors to this volume examine the nature and function of trust from within the framework of social capital theory The empirically oriented chapters focus on post Communist countries including Serbia and Montenegro Romania and especially the Czech Republic Indeed the collection contains an entire section devoted to analyzing trust and transition in the wake of the velvet revolution The theoretical chapters engage the work of Tocqueville Putnam and Uslaner among others as they seek to clarify and rethink what in fact trust is where trust originates the causal relevance of trust for successful marketization and democratization and the extent to which existing conceptions of social capital can be adequately deployed in diverse contexts With contributions from noted American and Central European political scientists sociologists and philosophers this book presents an illuminating set of contemporary perspectives on the complex role of trust in times of transition

Declining Democracy in East-Central Europe Attila Ágh, 2019 The dramatic decline of democracy in East Central Europe has attracted great interest world wide Going beyond the narrow spectrum of the extensive literature on this topic this book offers a comprehensive analysis of ECE region Czech Republic Hungary Poland Slovakia and Slovenia from systemic change in 1989 to 2019 to explain the reasons of the collapse of ECE democratic systems in the 2010s

Social Capital Mudit Kumar Singh, 2024-03-07 Providing practical recommendations for leveraging social capital for social good this is a valuable thought provoking and timely exploration of the multifaceted concept of social capital in the context of the digital revolution

Repression, Resistance, and Democratic Transition in Central America Latin American Studies Association. International Congress, 2000 For Central America the last third of the 20th century was a time of dramatic change in which most countries shifted from dictatorships to formal political democracy This study demonstrates how revolt and revolution served as the motors of political change in Central America The book examines the various ways in which democratic transition has taken place all of which have been distinct from countries in South America where democratization was relatively sudden and peaceful It analyzes the major forces shaping change in the region and provides the recent political history of all six Central American countries Nicaragua El Salvador Guatemala Honduras Costa Rica and Panama Each country s particular transition should add to the reader s understanding of democratization

The Handbook of Political, Social, and Economic Transformation Wolfgang Merkel, Raj Kollmorgen, Hans-Jürgen Wagener, 2019-01-03 Political social and economic transformation is a complex historical phenomenon It can adequately be analysed only by a multidisciplinary approach The Handbook brings together an international team of scholars who are specialists in their respective research fields It introduces the most important areas theories and methods in transformation research with particular attention placed on the historical and comparative

dimension Although focussing on post communist and other democratic transformations in our epoch the Handbook therefore presents and discusses not only their problems paths and developments but also deals with the antecedent waves beginning with the Meiji Restoration in Japan in 1868 and its aftermath The book is structured into six parts Starting with basic concepts as systems actors and institutions Section I it gives an overview over major theoretical approaches and research methods Sections II and III The connection of theory and method with their application is essential allowing special insights into the past and opens analytical avenues for transformation research in the future Section IV provides a historically oriented description or interpretation of particular waves or types of societal transformation With a clear focus on present transformations the contributions to Section V provide a description and discussion of the problems structures actors and courses of the transformations within different spheres of civil society politics law and economics Finally brief lexicographic entries in Section VI delineate research perspectives and facts about relevant issues of societal transformation Each of the 79 contributions contains a concise list of the most important research literature

Managing Conflicts in Africa's Democratic Transitions Akanmu G. Adebayo, 2012-08-31 The democratization process which bolstered a culture of periodic elections has also fostered election related violent conflicts As democratic transitions gained currency in the new millennium orderly transitions through the ballot boxes began replacing military coups but deaths and destructions came in the wake of elections in many countries Inspired by decades long pro democracy movements across Africa that culminated in the Arab Spring of 2010 2011 and motivated by the desire to find long term solutions to election related violent conflicts in the continent this book explores the terrain of democratization elections and conflict management It raises and answers many questions such as What are the root causes of election related conflicts How free fair and credible are elections in many African countries What institutional mechanisms are available for ballot and voter security and for mandate protection What has been the role of civil society organizations in conflict prevention and management What are the responsibilities of the international community especially regional organizations like the Economic Community of West African States ECOWAS and the African Union AU in conflict resolution What indigenous mechanisms for conflict management have been identified that may be proactively engaged

Social Capital and Peace-Building Michaelene Cox, 2008-11-11 Pt 1 Social capital as an instrument of violence pt 2 Social capital as a catalyst for peace pt 3 Ambiguities of social capital in peace and conflict

Civil Society in Democratization Peter J. Burnell, Peter Calvert, 2004 Featuring a broad range of perspectives on the democratic process this collection of essays explores the development of civil society and how civil societies manage democratic change around the world

The Myth of Civil Society O. Encarnación, 2015-12-25 Almost irrespective of the geographic setting the debate about the future of democracy in post authoritarian societies is increasingly tied to the strength of civil society A strong civil society is thought to be crucial to the emergence of successful democracies while a weak civil society is deemed the cause of flawed or frozen democracies Using contrasting evidence from Spain and Brazil this

study challenges these widespread assumptions about contemporary democratization. It argues that it is the performance of political institutions rather than the configuration of civil society that determines the consolidation of democratic regimes.

The Routledge Handbook of Nonprofit Communication Gisela Gonçalves, Evandro Oliveira, 2022-10-12 This handbook brings together multidisciplinary and internationally diverse contributors to provide an overview of theory, research, and practice in the nonprofit and nongovernmental organization (NGO) communication field. It is structured in four main parts: the first introduces metatheoretical and multidisciplinary approaches to the nonprofit sector; the second offers distinctive structural approaches to communication and their models of reputation, marketing, and communication management; the third focuses on nonprofit organizations' strategic communications strategies and discourses; and the fourth assembles campaigns and case studies of different areas of practice, causes, and geographies. The handbook is essential reading for scholars, educators, and advanced students in nonprofit and NGO communication, within public relations and strategic communication, organizational communication, sociology, management, economics, marketing, and political science, as well as a useful reference for leaders and communication professionals in the nonprofit sector.

The Handbook of Social Capital Dario Castiglione, Jan W. van Deth, Guglielmo Wolleb, 2008-04-17 Social capital is a relatively new concept in the social sciences. In the last twenty or so years, it has come to indicate that networks of social relationships represent a resource for both the individual and society, since they provide support for the individual and facilitate collective action. Although this is not an entirely new idea, the more systematic way in which social capital captures such an intuition has created a new theoretical paradigm and helped to develop a series of innovative research programmes in politics, economics, and the study of human well-being. The concept has gained currency beyond academia, extending its influence to political and policy-making circles at local, national, and international levels. It has also affected the way in which social surveys are conceived and public policies assessed. As the idea of social capital has spread, the literature about it has increased exponentially. After twenty years of rapid expansion, it is time for a more considered and critical assessment of how the original concept has been adapted and refined, and how successful its application has been. The Handbook of Social Capital intends to do precisely that. It offers a state-of-the-art view of discussions about the concept of social capital and the way in which it has been applied in empirical research. The organization of the Handbook reflects this intention by focusing on conceptual development and analysis in the first part, by identifying two main areas of research in which social capital has favoured the development of new and influential research programmes: political participation in democratic societies and economic development; and by exploring the more normative and policy-oriented consequences of social capital. All chapters comprising the volume were specifically written for the Handbook by some of the main experts in the fields. The book provides an authoritative and innovative introduction to the study of social capital.

science this reference handbook includes entries on topics from theory and methodology to international relations and institutions

Is Non-western Democracy Possible?: A Russian Perspective Alexei D Voskressenski, 2017-05-19 This book with theoretical and practical analyses of comparative political systems of Eastern countries Asia and Africa their political process and political cultures describes and analyses the influence of political culture on political process in the Eastern world It gives readers an opportunity to make a comparative appraisal of maturity of civil society in these countries as well as their specifics in political interactions and internal political competition seen through the eyes of a group of distinguished Russian researchers The book concentrates also on specifics of political economic and political modernization in the East and assesses the prospects of an emergence of a Western as well as a non Western democracy in the framework of Eastern political transformations It also explains why the one dimensional spread of democracy completely negating or neglecting regional political cultural specifics may lead to war among civilizations instead of the formation of a more just and fair system of democratic governance

CONTEMPORARY POLITICAL THEORY VINOD, M. J., DESHPANDE, MEENA, 2013-01-11 Intended as a text for the postgraduate students of political science this well researched book attempts to track the evolution of political ideas in the recent past and their background It brings out the contemporary epistemological and methodological debates within the discipline and social sciences as a whole and incorporates the latest developments in the field Divided into forty chapters under eleven parts the book deals with the core concepts and debates in political theory and focuses on the state society interactions It tries to explain how the states societies and cultures have responded to the emerging challenges thrown up by the social economic and political factors and the direction of the response It also dwells on the impact of globalisation on current trends Finally the book analyses the ideas of modern Indian thinkers such as V D Savarkar Jawaharlal Nehru Ram Manohar Lohia B R Ambedkar and Jayaprakash Narayan Besides the postgraduate students of political science the book would also be useful to the aspirants of civil services examinations and the initiated readers

Intelligence in Democratic Transitions Sofia Tzamarelou, 2024-08-01 A groundbreaking comparative analysis of three understudied cases of intelligence democratization revealing new insights into main barriers to reform when states transition from authoritarianism Reforming the intelligence services is essential when a state transitions from authoritarianism to democracy But which areas should be reformed how do we know when there has been real transformation and how and where do authoritarian legacies persist Intelligence in Democratic Transitions is a comparative examination of the democratic transitions of Portugal Greece and Spain starting in the 1970s Although these three countries began their transitions around the same time they present significantly different results Sofia Tzamarelou discovers that main barriers to reform are legacies of the past and legacy personnel She does this through the lens of five Security Sector Reform SSR indicators Lustration Control and Oversight Recruitment Targeting and Civil Society Tzamarelou uses primary sources throughout the study including governmental documents and legal statutes such as draft laws bills and presidential decrees

paired with outside primary source reporting such as analysis reporting by the CIA. She complements this rich primary source material with secondary sources from authors in each country and internationally who specialize in intelligence or who provide historical context. Tzamarelou's unique comparative analysis of intelligence democratization using a common framework SSR applied to each country contributes to readers' understanding of why and how some reforms fail and others succeed and how the SSR framework can be used in the intelligence arena.
