Tracy W. McGregor Philip Parker Mason,2008 In the turbulent era from 1890 to the late 1930s Detroit emerged as a leading industrial and urban center and endured the crushing social and economic challenges of the Great Depression It was during these years that Tracy W McGregor with the assistance of his wife Katherine Whitney McGregor established himself as a philanthropist and community leader Though public buildings and a charitable foundation bear their names relatively little is known about the private minded McGregors who avoided newspaper interviews or public exposure whenever possible In Tracy W McGregor Philip P Mason scours the archival collections of the University of Michigan Wayne State University the State of Michigan the Burton Historical Collection of the Detroit Public Library and the Library of Congress to provide a comprehensive look at the remarkable work of the McGregors Mason examines McGregor s successful campaigns to reform the political judicial and educational institutions in Detroit as well as his establishment of mental health correctional and health care facilities in Michigan In addition Mason surveys McGregor s work as president of the prestigious Merrill Palmer Institute and his major collection of Americana books which now serves as the core of the University of Virginia Research Library In all Mason shows how Tracy McGregor was able to establish a mission for homeless men permanently endow a major foundation and lead in the creation and support of a variety of charitable agencies without governmental assistance and with only the support of nascent philanthropic and business networks For Detroit historians and those interested in philanthropy and social activism Tracy W McGregor will be enlightening reading

American Philanthropic Foundations David C. Hammack,Steven Rathgeb Smith,2018-04-16 Once largely confined to the biggest cities in the mid Atlantic and Great Lakes states philanthropic foundations now play a significant role in nearly every state Wide ranging and incisive the essays in *American Philanthropic Foundations* Regional Difference and Change examine the origins development and accomplishments of philanthropic foundations in key cities and regions of the United States Each contributor assesses foundation efforts to address social and economic inequalities and to encourage cultural and creative life in their home regions and elsewhere This fascinating and timely study of contemporary America s philanthropic foundations vividly illustrates foundations commonalities and differences as they strive to address pressing public problems

Philanthropy in British and American Fiction Frank Christianson,2007-11-28 During the 19th century the U S and Britain came to share an economic profile unparalleled in their respective histories This book suggests that this early high

capitalism came to serve as the ground for a new kind of cosmopolitanism in the age of literary realism and argues for the necessity of a transnational analysis based upon economic relationships of which people on both sides of the Atlantic were increasingly conscious The nexus of this exploration of economics aesthetics and moral philosophy is philanthropy Pushing beyond reductive debates over the benevolent or mercenary qualities of industrial era philanthropy the following questions are addressed what form and function does philanthropy assume in British and American fiction respectively What are the rhetorical components of a discourse of philanthropy and in which cultural domains did it operate How was philanthropy practiced and represented in a period marked by self interest and rational calculation The author explores the relationship between philanthropy and literary realism in novels by Charles Dickens Nathaniel Hawthorne George Eliot and William Dean Howells and examines how each used the figure of philanthropy both to redefine the sentiments that informed social identity and to refashion their own aesthetic practices The heart of this study consists of two comparative sections the first contains chapters on contemporaries Hawthorne and Dickens the second contains chapters on second generation realists Eliot and Howells in order to examine the altruistic imagination at a culminating point in the history of literary realism

American Foundations Helmut K. Anheier, David C. Hammack, 2010-09-01 Foundations play an essential part in the philanthropic activity that defines so much of American life No other nation provides its foundations with so much autonomy and freedom of action as does the United States Liberated both from the daily discipline of the market and from direct control by government American foundations understandably attract great attention As David Hammack and Helmut Anheier note in this volume Americans have criticized foundations for their alleged conservatism liberalism elitism radicalism devotion to religious tradition hostility to religion in short for commitments to causes whose significance can be measured in part by the controversies they provoke Americans have also criticized foundations for ineffectiveness and even foolishness Their size alone conveys some sense of the significance of American foundations whose assets amounted to over 530 billion in 2008 despite a dramatic decline of almost 22 percent in the previous year And in 2008 foundation grants totaled over 45 billion But what roles have foundations actually played over time and what distinctive roles do they fill today How have they shaped American society how much difference do they make What roles are foundations likely to play in the future This comprehensive volume the product of a three year project supported by the Aspen Institute's program on the Nonprofit Sector and Philanthropy provides the most thorough effort ever to assess the impact and significance of the nation's large foundations In it leading researchers explore how foundations have shaped or failed to shape each of the key fields of foundation work American Foundations takes the reader on a wide ranging tour evaluating foundation efforts in education scientific and medical research health care social welfare international relations arts and culture religion and social change
