The Company Store James Bryson McLachlan And The Cape Breton Coal Miners 1900 1925:

The Company Store John Mellor, 1983 **The Company Store** John Mellor, 2012 With all the passion and forward thrust of a terrific novel *The Company Store* is John Mellor's winning story of Labour's Wars in Cape Breton Island. A much sought after book it has been too long out of print and it remains a good place for the general reader to start indigging into this essential story in the making of the character of industrial Cape Breton. The company store itself stands as a powerful symbol for the entire system against which the miners fought a system wherein the company owned the mines, the homes, the stores and often even the ministers and priests all with the goal of profits for shareholders and of keeping the workers indebted and in line. And when all these failed the governments sent in the troops against the workers. J.B. McLachlan: A Biography David Frank, 1999 Agitator, educator, organizer J.B. McLachlan led the coal miners of Nova Scotia in their struggles for union recognition, united them around ideas of industrial democracy and social reconstruction and defended their cause in the labour wars of the 1920s. This authoritative biography tells the story of legendary labour leader James Bryson McLachlan, champion of the Cape Breton Coal Miners in the early decades of the twentieth century. Charged with sedition in 1923, McLachlan's case was one of the most notorious political trials ever held in Nova Scotia. By the 1920s and 1930s, McLachlan was known across the country as a spokesman for the radical left in Canada. He helped change the balance of power in industrial society and advanced the struggle for social and economic justice. *J.B. McLachlan: A Biography* is a rich portrait of a brilliant early twentieth century Canadian rebel who helped change the balance of power in industrial society and advance the struggle for social and economic justice. *Dictionary of Cape Breton English* William John Davey, Richard P. MacKinnon, 2016-10-27 Biff and whiff, baker's fog and lusk, knikn pie, social and milling frolic, these are just a few examples of the distinctive language of Cape Breton Island where a puck is a forceful blow and a Cape Breton pork pie is filled with dates not pork. The first regional dictionary devoted to the island's linguistic and cultural history, the *Dictionary of Cape Breton English* is a fascinating record of the island's rich vocabulary. Dictionary entries include supporting quotations culled from the editors' extensive interviews with Cape Bretoners and considerable study of regional variation as well as definitions, selected pronunciations, parts of speech, variant forms, related words, sources and notes giving the reader in depth information on every aspect of Cape Breton culture. A substantial and long awaited work of linguistic research that captures Cape Breton's social, economic and cultural life through the island's language, the *Dictionary of Cape Breton English* can be read with interest by Backlanders, Bay-byes and those from away alike. **Cape Breton at 200** Kenneth Joseph Donovan, 1985

Brotherhood Economics Rusty Neal, 1998 **Disciples of Antigonish** Peter Ludlow, 2022-09-15 For generations eastern Nova Scotia was one of the most celebrated Roman Catholic constituencies in Canada. Occupying a corner of a small province in a politically marginalized region of the country, the Diocese of Antigonish nevertheless had tremendous influence over the development of Canadian Catholicism. It produced the first Roman Catholic prime minister of Canada, supplied the nation with

clergy and women religious and organized one of North America's most successful social movements. *Disciples of Antigonish* recounts the history of this unique multi-ethnic community as it shifted from the firm ultramontanism of the nineteenth century to a more socially conscious Catholicism after the First World War. Peter Ludlow chronicles the faithful as they built a strong Catholic sub-state dealing with economic uncertainty, generational outmigration and labour unrest. As the home of the Antigonish Movement, a network of adult study clubs, cooperatives and credit unions, the diocese became famous throughout the Catholic world. The influence of mighty big and strong Antigonish as one national figure described the community reached its zenith in the 1950s. *Disciples of Antigonish* traces the monumental changes that occurred within the region and the wider church over nearly a century and demonstrates that the Catholic faith in Canada went well beyond Sunday Mass.

The Company Store John Mellor, 1984. J. B. McLachlan was a fiery idealistic Scot who came to Canada with a vision of a better world. He settled in Cape Breton and there he worked in the coalmines beside hundreds of men and boys from all parts of the world. In the first decades of the twentieth century, mine owners cared little for safety or working conditions; miners and their families were virtual serfs of the company. As their wages were squeezed lower, mine workers fought back through their union with J. B. McLachlan at its head. The response of the authorities was fierce. The miners faced soldiers, machine guns, prison sentences, starvation, homelessness. They were betrayed by American union leaders. Throughout, J. B. McLachlan stood firm for his principles and ideals. *The Company Store* is the story of a remarkable Canadian and of a little-known part of our industrial past.

Cape Bretoniana Beaton Institute of Cape Breton Studies, 2005-01-01. Nova Scotia's Cape Breton Island is a beautiful region with a unique community whose history and ethnic composition have resulted in the evolution of a powerful sense of identity and place. While outsiders may think only of the island's perennial economic woes and long economic dependence on coal mining and steel production, it is also the home of a rich, vibrant and distinct culture. Brian Douglas Tennyson's *Cape Bretoniana* is the first bibliography to gather together all known publications relating to the history, culture, economy and politics of Cape Breton Island. With more than 6000 entries, it not only provides a comprehensive listing of publications and post-graduate theses but also detailed annotations on the listings. Each entry lists the author, title, place of publication, publisher, date of publication, volume and issue number in the case of periodicals, and page references followed by a brief description of the item. Cape Breton has never been so thoroughly documented. This bibliography will help to ensure that even in a world becoming increasingly homogenized by the forces of globalization, unique cultural identities like Cape Breton's can be preserved and nurtured.

The Centre of the World at the Edge of a Continent Carol Corbin, 1996. While Cape Breton's culture is typically depicted as a scenic snapshot of Scottish fiddlers and tartans, the essay in this book goes beyond this tourism image. Focusing on pastimes, the arts, community, family and identity, the authors have interpreted the ways that cultural practices act to maintain a cohesive and rich social world on this singular island. The themes in this book offer Cape Bretoners a glance at themselves and provide visitors with unsung sketches of Cape Breton life. Agnes

Peter Campbell, 2010 Feminism and the political left come to life in this account of an important early twentieth century social activist *Labour Before the Law* Judy Fudge, Eric Tucker, 2004-01-01 In this groundbreaking study of the relations between workers and the state Judy Fudge and Eric Tucker examine the legal regulation of workers collective action from 1900 to 1948 They analyze the strikes violent confrontations lockouts union organizing drives legislative

initiatives and major judicial decisions that transformed the labour relations regime of liberal voluntarism which prevailed in the later part of the nineteenth century into industrial voluntarism whose centrepiece was Mackenzie King's Industrial Disputes Investigation Act of 1907. This period was marked by coercion and compromise as workers organized and fought to extend their rights against the profit-oriented owners of capital while the state struggled to define a labour regime that contained industrial conflict. The authors then trace the conflicts that eventually produced the industrial pluralism that Canadians have known in more recent years. By 1948 a detailed set of legal rules and procedures had evolved and achieved a hegemonic status that no prior legal regime had even approached. This regime has become so central to our everyday thinking about labour relations that one might be forgiven for thinking that everything that came earlier was truly before the law. But as *Labour Before the Law* demonstrates, workers who acted collectively prior to 1948 often found themselves before the law whether appearing before a magistrate charged with causing a disturbance, facing a superior court judge to oppose an injunction, or in front of a board appointed pursuant to a statutory scheme that was investigating a labour dispute and making recommendations for its resolution. The book is simultaneously a history of law, aspects of the state, trade unions, and labouring people and their interaction within the broad and shifting terrain of political economy. The authors are attentive to regional differences and sectoral divergences and they attempt to address the fragmentation of class experience.

Becoming an Ally Anne Bishop, 2023-04-14. Already I have found myself quoting Anne Bishop's wisdom; her simple advice is compelling. Right now in Australia, she has the power to lead us as we struggle with questions of guilt, responsibility, and patterns of oppression which are larger than ourselves. Rev. Tim Costello, President, Baptist Union of Australia. *Becoming an Ally* is a must-read for anyone concerned with understanding and challenging the dynamics, forms, and sources of oppression, whether it is their own oppression, that of others, or both. Bob Mullaly is Head of Social Work at Victoria University, Melbourne. Where does oppression come from? Has it always been with us, just human nature? What can we do to change it? What does individual healing have to do with the struggles for social justice? What does social justice have to do with individual healing? Why do members of the same oppressed group fight each other, sometimes more viciously than their oppressor? Why do some who experience oppression develop a life-long commitment to fighting oppression while others turn around and oppress others? Anne Bishop draws on her many years' experience in community work to write this feisty and bestselling guide for activists, community workers, and welfare workers.

Becoming an Ally, 3rd Edition Anne Bishop, 2020-05-27T00:00:00Z. *Becoming an Ally* is a book for men who want to end sexism, white people who want to end racism, straight people who want to end heterosexism, able-bodied people who want to end ableism, for all people who recognize their privilege and want to move toward a more just world by learning to act as allies. Has oppression always been with us, just part of human nature? What does individual healing have to do with social justice? What does social justice have to do with individual healing? Why do members of the same oppressed group fight one another, sometimes more viciously than

they fight their oppressors Why do some who experience oppression develop a life long commitment to fighting oppression while others turn around and oppress those with less power In this accessible and enlightening book now in its third edition Anne Bishop examines history economic and political structures and individual psychology in a search for the origins of racism sexism heterosexism ableism ageism and all the other forms of oppression that divide us Becoming an Ally looks for paths to justice and lays out guidelines for becoming allies of oppressed peoples when we are in the privileged role A new chapter in this third edition offers a greatly expanded discussion of effective approaches to educating allies which is meant for teachers of adults particularly those who teach about diversity equity and anti oppression In this chapter Bishop examines the ways in which Western culture prevents us from recognizing our roles as members of privileged groups and explores how to challenge this with participatory exercises and group discussion
