The Compass Of Irony:

The Compass of Irony Douglas Colin Muecke, 1969 *Reader's Guide to Literature in English* Mark Hawkins-Dady, 2012-12-06 Reader's Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study *Robert Louis Stevenson and the Appearance of Modernism* A. Sandison, 1996-05-21 Despite attracting the admiration of Modernists like Nabokov and Borges Stevenson remains for many an apologist for the lost world of the romance This is not only to misread and simplify his fiction it is greatly to undervalue his lively forward looking literary essays Strenuously resisting the authority of the literary fathers though haunted by the complexities of paternity Stevenson reveals strong affinities with emergent Modernism It is from this perspective that Alan Sandison's latest book the first to appear for nearly thirty years conducts a lively and readable re examination of this often underrated writer [The Pastoral in Charles Griffes's Music](#) Taylor A. Greer, 2024-06-18 At the turn of the century visionary composer Charles Tomlinson Griffes synthesized highly diverse elements from other musical traditions into his distinct artistic voice As American as he was far ranging in his interests Griffes was an aesthetic polyglot combining elements of literature visual arts global folk melodies and contemporary European art music into a new musical language The breadth of his sources of inspiration are breathtaking including the sensual harmonies of fin de siècle French music the British Aesthetic Movement folk music drawn from the Middle East and Java and a wide range of poets including William Blake Samuel Taylor Coleridge and William Sharp The Pastoral in Charles Griffes's Music explores both his music and the rich historical context from which it grew to enrich our understanding of the composer's artistic contribution and reveal new intersections and contradictions in European and American culture during the early twentieth century Taylor A Greer also critiques the philosophical foundation of topic theory and its relationship to the pastoral in Griffes's music to reflect on the end of the nineteenth century and clarify our understanding of his artistic influences With Griffes's conception of the pastoral he transformed the siciliana based tradition he inherited from the eighteenth century into a new and vibrant genre that preserved the usual associations of simplicity and tranquility and introduced new elements of tension into the pastoral ideal including global voices paradox and occasional conflict [Encyclopedia of Rhetoric and Composition](#) Theresa Enos, 2013-10-08 First Published in 1996 Routledge is an imprint of Taylor Francis an informa company **Satirizing Modernism** Emmett Stinson, 2017-06-01 Satirizing Modernism examines 20th century novels that satirize avant garde artists and authors while also using experimental techniques associated with literary modernism These novels such as Wyndham Lewis's *The Apes of God* William Gaddis's *The Recognitions* and Gilbert Sorrentino's *Imaginative Qualities of Actual Things* were under recognized and received poor reviews at the time of publication but have increasingly been acknowledged as both groundbreaking and deeply influential

Satirizing Modernism analyzes these novels in order to present an alternative account of literary modernism which should be viewed neither as a radical break with the past nor an outmoded set of aesthetics overtaken by a later postmodernism In self reflexively critiquing their own aesthetics these works express an unconventional modernism that both revises literary history and continues to be felt today

Words for the Theatre David Cole, 2019-05-29 In Words for the Theatre playwright David Cole pursues a course of dramaturgical self questioning on the part of a playwright centred on the act of playwriting The book's four essays each offer a dramaturgical perspective on a different aspect of the playwright's practice How does the playwright juggle the transcriptive and prescriptive aspects of their activity Does the ultimate performance of a playtext in fact represent something to which all writing aspires Does the playwright's process of withdrawing to create their text echo a similar process in the theatre more widely Finally how can the playwright counter theatre's pervasive leaning towards the mistake of realism Suited to playwrights teachers and higher level students this volume of essays offers reflections on the questions that confront every playwright from an author well versed in supplying words for the theatre

Redefining Ancient Borders Aaron M. Gale, 2005-07-26 Matthew's community contrary to what many scholars believe was a cosmopolitan wealthy Jewish Christian community located in Galilee Gale concludes that Matthew's community was a conservative Christian community located in Galilee that still believed the laws of the Torah were valid and required strict adherence Gale's argument contrasts with many scholars who argue that the Matthean church was in the process of or had already abolished the Torah Gale uses material evidence to indicate that Matthew's community was cosmopolitan and wealthy and he argues that the community was also highly learned comprised of many scribes Gale concludes that the Matthean church was located near Sepphoris and was a wealthy urban and learned community

Discrepant Parallels Gillian Roberts, 2015-05-01 The 49th parallel has long held a symbolic importance to Canadian cultural nationalists as a strong though permeable border But in contemporary Canadian culture the border has multiple meanings and imbalances of cultural power occur both across the Canada US border as well as within Canada Discrepant Parallels examines divergent relationships to and investments in the Canada US border in a variety of media such as travel writing fiction poetry drama and television Tracing cultural production in Canada since the 1980s through the periods of FTA and NAFTA negotiations and into the current post 9 11 context Gillian Roberts grapples with the border's changing relevance to Canadian nationalist Indigenous African Canadian and Latin American perspectives Drawing on Kant and Derrida she theorizes the 49th parallel to account for the imbalance of cultural political

Ironic Life Richard J. Bernstein, 2018-03-15 Just as philosophy begins with doubt so also a life that may be called human begins with irony so wrote Kierkegaard While we commonly think of irony as a figure of speech where someone says one thing and means the opposite the concept of irony has long played a more fundamental role in the tradition of philosophy a role that goes back to Socrates the originator and exemplar of the urbane ironic life But what precisely is Socratic irony and what relevance if any does it have for us today Bernstein begins his inquiry with a critical examination of the work of two contemporary philosophers for whom irony is vital Jonathan Lear and Richard Rorty Despite their sharp differences Bernstein argues that they complement one other each exploring different aspects of ironic life In the background of Lear's and Rorty's accounts stand the two great ironists Socrates and Kierkegaard Focusing on the competing interpretations of Socratic irony by Gregory Vlastos and Alexander Nehamas Bernstein shows how they further develop our understanding of irony as a form of life and as an art of living Bernstein also develops a distinctive interpretation of Kierkegaard's famous claim that a life that may be called human begins with irony Bernstein weaves together the insights of these thinkers to show how each contributes to a richer understanding of ironic life He also argues that the emphasis on irony helps to restore the balance between two different philosophical traditions philosophy as a theoretical discipline concerned with getting things right and philosophy as a practical discipline that shapes how we ought to live our lives

Divine Madness Lars Elleström, 2002 This book provides a theory that enables the concept of irony to be transferred from the literary to the visual and aural domains Topics include the historical roots of the concept of irony as modes of oral and literary expression and how irony relates to spatiality

Re-presenting the Johannine Community Yak-hwee Tan, 2008 Re Presenting the Johannine Community A Postcolonial Perspective explores the characterization of the Johannine community in the Farewell Discourse of the Fourth Gospel from a postcolonial perspective The community is scrutinized with the lens of an integrated literary rhetorical and ideological postcolonial approach The disciples emerge as both the Self insofar as they resist an imperial reality represented by the world and the Other with respect to Jesus and the Father As such far from immutable and bland the Johannine community is portrayed as chameleonic and engaged in an emerging strategy of resistance

The Strange Gospel James L. Resseguie, 2021-10-18 In this literary analysis of the Gospel of John Resseguie examines rhetoric setting character and plot to uncover the Gospel's unique point of view He shows the usefulness of the concepts of defamiliarization and point of view for understanding how the narrator makes the

familiar seem strange A material familiar point of view that is voiced by the dominant culture is compared with a defamiliarized strange point of view that is expressed by Jesus and the disenfranchised Through close readings of narrative texts the author develops and elaborates the theological perspective of John which emerges in the clash of differing points of view The introduction defines objective and subjective point of view and shows the value of the works of Boris Uspensky and Susan Sniader Lanser for understanding the Gospel of John In chapter one irony misunderstandings and double entendres are shown to be important rhetorical tools in the Gospel s attempt to make the familiar seem strange Chapter two discusses point of view as it is expressed in architectural settings sheepfold garden courtyard praetorium well temple and tomb and in topographical settings sea mountain Chapter three highlights the distinct points of view of Jesus Nicodemus religious authorities the world the royal official the man at the pool the man born blind Mary Magdalene Simon Peter the beloved disciple and Judas Chapter four discusses the point of view that emerges from an analysis of the plot The final chapter is a summary of the narrative s singular point of view This work is a suitable introduction to a literary analysis of the Gospel of John It makes an important contribution to narrative criticism on the Fourth Gospel in particular and to our understanding of defamiliarization and point of view in general The book confronts head on habitualized and familiar ways of thinking in the ancient world and today

The Ironic Temper and the Comic Imagination Morton Gurewitsch, 1994 The Ironic Temper and the Comic Imagination examines and illuminates the role which the ironic temper plays in the creation of complex literary comedy The book focuses on ironic comedy though not of the kind that is characterized by the surprises and shocks the incongruities and reversals of circumstantial irony Circumstantial or situational irony cannot stand alone it serves for example the aggressive functions of satire or the irrational impulses of farce or the benevolent whimsical or pain defeating energies of humor

Folktales of the Jews, Volume 2 Dan Ben-Amos, Dov Noy, 2006 Folktales from Eastern Europe presents 71 tales from Ashkenasic culture in the most important collection of Jewish folktales ever published It is the second volume in Folktales of the Jews the five volume series to be released over the next several years in the tradition of Louis Ginzberg s classic Legends of the Jews The tales here and the others in this series have been selected from the Israel Folktale Archives at The University of Haifa Israel IFA a treasure house of Jewish lore that has remained largely unavailable to the entire world until now Since the creation of the State of Israel the IFA has collected more than 20 000 tales from newly arrived immigrants long lost stories shared by their families from around the world The tales come from the major ethno linguistic communities of the Jewish world and are representative of a wide variety of subjects and motifs especially rich in Jewish content and context Each of the tales is accompanied by in depth commentary that explains the tale s cultural historical and literary background and its similarity to other tales in the IFA collection and extensive scholarly notes There is also an introduction that describes the Ashkenasic culture and its folk narrative tradition a world map of the areas covered illustrations biographies of the collectors and narrators tale type and motif indexes a subject index and a comprehensive

bibliography Until the establishment of the IFA we had had only limited access to the wide range of Jewish folk narratives Even in Israel the gathering place of the most wide ranging cross section of world Jewry these folktales have remained largely unknown Many of the communities no longer exist as cohesive societies in their representative lands the Holocaust migration and changes in living styles have made the continuation of these tales impossible This volume and the others to come will be monuments to a rich but vanishing oral tradition **The Oxford Handbook of British Poetry, 1660-1800**

Jack Lynch, 2016-11-24 In the most comprehensive and up to date overview of the poetry published in Britain between the Restoration and the end of the eighteenth century forty four authorities from six countries survey the poetry of the age in all its richness and diversity serious and satirical public and private by men and women nobles and peasants whether published in deluxe editions or sung on the streets The contributors discuss poems in social contexts poetic identities poetic subjects poetic form poetic genres poetic devices and criticism Even experts in eighteenth century poetry will see familiar poems from new angles and all readers will encounter poems they ve never read before The book is not a chronologically organized literary history nor an encyclopaedia nor a collection of thematically related essays rather it is an attempt to provide a systematic overview of these poetic works and to restore it to a position of centrality in modern criticism
