## **The Contemporary Writer Interviews With Sixteen Novelists And Poets:**

The Contemporary Writer Lawrence Sanford Dembo, 1972-01-01      *Interviews with Contemporary Writers*, 1972

**Authors on Writing** B. Tomlinson, 2005-03-01 Drawing on some 3 000 published interviews with contemporary authors *Authors on Writing* Metaphors and Intellectual Labor reveals new ways of conceiving of writing as intellectual labor Authors metaphorical stories about composing highlight not interior worlds but socially situated cultures of composing and apparatuses of authorship Through an original method of interpreting metaphorical stories Tomlinson argues that writing is both an individual activity and a collective practice a solitary activity that depends upon rich sustained and complex social networks institutions and beliefs This new book draws upon interviews with writers including Seamus Heaney Roald Dahl Samuel Beckett Bret Easton Ellis John Fowles Allen Ginsburg Alice Walker and Gore Vidal      **Speaking with George Oppen** Richard Swigg, 2014-01-10 Seventeen interviews with George and Mary Oppen conducted between 1968 and 1987 are here brought together for the first time Two are fresh discoveries while re audited recordings of other interviews have given a new authoritative accuracy to the text These conversations provide a unique account of a major American poet s evolution through the Depression war exile and a return to poetry after two decades of silence They span Oppen s early years as an Objectivist his assessments of such as Ezra Pound and William Carlos Williams and his views on the merits of his later contemporaries Allen Ginsberg Jerome Rothenburg and others Above all it is Oppen s detailed commentary on his own writing and his explanations of how individual poems unfold which gives special importance to these new collected interviews

*John Barth (Routledge Revivals)* Heide Ziegler, 2014-10-10 John Barth represents most completely what has been termed postmodernism not because his work comprises more postmodernist features than other contemporary writers but because for Barth life and art are two sides of the same coin In this brief study first published in 1987 Heide Ziegler examines all Barth s novels She argues that each pair of novels first exhausts and then replenishes those literary genres that hinge on a particular world view the existentialist novel the Bildungsroman the Kunsterroman or the realistic novel Through the division of labour between character and author Barth manages to develop a new mode of literary parody which projects itself beyond the mocked literary model and even self parody into the realm of future fiction This book is ideal for students of literature and postmodern studies      A Companion to T. S. Eliot David E. Chinitz, 2014-02-03 Reflecting the surge of critical interest in Eliot renewed in recent years *A Companion to T S Eliot* introduces the new Eliot to readers and educators by examining the full body of his works and career Leading scholars in the field provide a fresh and fully comprehensive collection of contextual and critical essays on his life and achievement It compiles the most comprehensive and up to date treatment available of Eliot s work and career It explores the powerful forces that shaped Eliot as a writer and thinker analyzing his body of work and assessing his oeuvre in a variety of contexts historical cultural social and philosophical It charts the surge in critical interest in T S Eliot since the early 1990s It provides an illuminating insight into a poet writer and

critic who continues to define the literary landscape of the last century **The Existential Coordinates of the Human Condition: Poetic — Epic — Tragic** Anna-Teresa Tymieniecka, 2013-06-29 **Literature and Philosophy** Herbert Grabes, 1997 **The Music of Thought in the Poetry of George Oppen and William Bronk** Henry Weinfield, 2009-03 George Oppen 1908 1984 born into a prosperous German Jewish family began his career as a protégé of Ezra Pound and a member of the Objectivist circle of poets he eventually broke with Pound and became a member of the Communist party before returning to poetry more than twenty five years later William Bronk 1918 1999 by contrast a descendant of the first European families in New York was influenced by the works of Shakespeare the King James Bible and the work of the New England writers of the American Renaissance Despite differences in background and orientation the two men formed a deep friendship and shared a similar existential outlook As Henry Weinfield demonstrates in this searching and original study Oppen and Bronk are extraordinary thinkers in poetry who struggled with central questions of meaning and value and whose thought acquires the resonance of music in their work These major writers created poetry of enduring value that has exerted an increasing influence on younger generations of poets From his careful readings of Oppen's and Bronk's poetry to his fascinating examination of the letters they exchanged Weinfield provides important aesthetic epistemological and historical insights into their poetry and poetic careers In bringing together for the first time the work of two of the most important poets of the postwar generation *The Music of Thought* not only illuminates their poetry but also raises important questions about American literary history and the categories in terms of which it has generally been interpreted **Susan Sontag** Leland Poague, Kathy A. Parsons, 2003-09-02 Susan Sontag An Annotated Bibliography catalogues the works of one of America's most prolific and important 20th century authors Known for her philosophical writings on American culture topics left untouched by Sontag's writings are few and far between This volume is an exhaustive collection that includes her novels essays reviews films and interviews Each entry is accompanied by an annotated bibliography **The Humour of Vladimir Nabokov** Paul Benedict Grant, 2024-09-30 The first in depth study of Vladimir Nabokov's humour investigating its physical aspects such as farce slapstick sexual and scatological humour Offers the first in depth study of Nabokov's humour Presents a revisionist reading of Nabokov Examines the metaphysical aspects of Nabokov's humour Examines the sexual and scatological aspects of Nabokov's humour Applies humour theory e.g. those of Hobbes Bergson Freud to Nabokov's texts Compares Nabokov's humour to that of his Russian predecessors e.g. Pushkin Gogol Chekhov and to literary humourists such as Rabelais Swift Joyce Many critics classify Vladimir Nabokov as a highbrow humourist a refined wordsmith overly fond of playful puzzles and private in jokes whose art appeals primarily to an intellectually sophisticated readership This study presents a more balanced portrait placing equal emphasis on the broader earthier humour that is such a marked feature of Nabokov's writing which draws on the human body and all things physical for its laughs sex and scatology farce and slapstick Moving between the metaphysical and the physical the cosmic and the comic mind and matter it presents Nabokov as a

writer at home in both high and low forms of humour a comedian who is capable of producing as many belly laughs as  
 brainteasers and of appealing to a much wider readership than is commonly supposed      **History, Memory, and the  
 Literary Left** John Lowney, 2006-10 In this nuanced revisionist history of modern American poetry John Lowney investigates  
 the Depression era's impact on late modernist American poetry from the socioeconomic crisis of the 1930s through the  
 emergence of the new social movements of the 1960s Informed by an ongoing scholarly reconsideration of 1930s American  
 culture and concentrating on Left writers whose historical consciousness was profoundly shaped by the Depression World  
 War II and the Cold War Lowney articulates the Left's challenges to national collective memory and redefines the importance  
 of late modernism in American literary history The late modernist writers Lowney studies most closely Muriel Rukeyser  
 Elizabeth Bishop Langston Hughes Gwendolyn Brooks Thomas McGrath and George Oppen are not all customarily associated  
 with the 1930s nor are they commonly seen as literary peers By examining these late modernist writers comparatively  
 Lowney foregrounds differences of gender and sexuality race and ethnicity and social class and region while emphasizing  
 how each writer developed poetic forms that responded to the cultural politics and socioaesthetic debates of the 1930s In so  
 doing he calls into question the boundaries that have limited the scholarly dialogue about modern poetry No other study of  
 American poetry has considered the particular gathering of careers that Lowney considers As poets whose collective  
 historical consciousness was profoundly shaped by the turmoil of the Depression and war years and the Cold War's  
 repression or rewriting of history their diverse talents represent a distinct generational impact on U S and international  
 literary history      **Sixteen Modern American Authors** Jackson R. Bryer, 1989 Praise for the earlier edition Students of  
 modern American literature have for some years turned to *Fifteen Modern American Authors* 1969 as an indispensable guide  
 to significant scholarship and criticism about twentieth century American writers In its new form *Sixteenth Modern American

 essays collected in this volume deal with theoretical issues that dominate the international debate on Postmodernism issues  
 such as the shifting nature of the concept the problem of periodization and the problem of historicity Other essays offer

readings of Postmodernist texts and relate practical criticism to a theoretical framework Hans Bertens Utrecht sketches the historical development of the concept Postmodernism in American criticism distinguishing between the various definitions that have been proposed over the last twenty five years in an attempt to bring some order to the field and to facilitate future discussion Brian McHale Tel Aviv and Douwe Fokkema Utrecht offer models for the description of Postmodernist texts Richard Todd Amsterdam argues convincingly that Postmodernism is much more of a presence in contemporary British fiction than has so far been assumed and Herta Schmid Munich presents a similar argument with respect to Russian avant garde theater Elrud Ibsch Amsterdam presents a contrastive analysis of Thomas Bernhard and Robert Musil Ulla Musarra Nijmegen writes on Italo Calvino The relation between Existentialism and Postmodernism is examined by Gerhard Hoffman W rzburg Theo D haen Utrecht finds important parallels between Postmodernism in literature and in the visual arts Matei Calinescu Bloomington Ind relates literary Postmodernism to a far more general cultural shift rejecting however Foucault's notion of an epistemic break and arguing for both continuity and discontinuity Finally Helmut Lethen Utrecht and Susan Suleiman Harvard sharply question the concept of Postmodernism Suleiman argues that the supposed Postmodernist reaction against Modernism may well be a critical myth or if it isn't a reaction limited to the American literary situation

*From Modernism to Postmodernism* Gerhard Hoffmann, 2016-08-01 This systemic study discusses in its historical cultural and aesthetic context the postmodern American novel between the years of 1960 and 1980 A general overview of the various definitions of postmodernism in philosophy cultural theory and aesthetics provides the framework for the inquiry into more specific problems such as the broadening of aesthetics the relationship between aesthetics and ethics the transformation of the artistic tradition the interdependence between modernism and postmodernism and the change in the aesthetics of fiction Other topics addressed here include situationalism montage the ordinary and the fantastic the subject and the character the imagination comic modes and the future of the postmodern strategies The authors whose fiction is treated in some detail under the various aspects thematized are John Barth Donald Barthelme Richard Brautigan Robert Coover Stanley Elkin Raymond Federman William Gaddis John Hawkes Jerzy Kosinski Thomas Pynchon Ishmael Reed Ronald Sukenick and Kurt Vonnegut

**Literature and the Nation** Brook Thomas, 1998 *Literacy* David Wray, 2004 This four volume collection reprints key debates about exactly what it means to be literate and how literacy can best be taught Rather than centering on the emotional reaction of mass media debates this set focuses on research findings into processes and pedagogy The themes covered include Literacy its nature and its teaching Reading processes and teaching Writing processes and teaching and New Literacies the impact of technologies
